Washington's Ten-Year Plan

The Roadmap sets a clear course to increase educational attainment for Washingtonians, leading to better prepared high school graduates and more adults who earn postsecondary credentials—all primary contributors to a robust and prosperous Washington.

The Goals

Washington's Roadmap establishes two goals for 2023:

- All adults in Washington, ages 25–44, will have a high school diploma or equivalent.
- At least 70 percent of Washington adults, ages 25–44, will have a postsecondary credential.

Currently, 89 percent of adults, ages 25–44, in Washington have a high school diploma or equivalent. Less than 50 percent of adults, ages 25–44, have a postsecondary credential.
