College Bound Scholarship Overview

The College Bound Scholarship (CBS) is an early commitment of state funding that intends to alleviate the financial barriers preventing low-income middle school students from considering higher education as a possibility.

The College Bound Scholarship was created in 2007. Since then, more than 174,000 students have applied, (as of April 2014). The first cohort of almost 16,000 students graduated in June 2012, and successive years have shown increasingly larger numbers of students.

In 7th or 8th grade, students and parents/guardians must file a complete CBS application with the Washington Student Achievement Council, which certifies the following:

- Family income falls within the standards set by the USDA for eligibility for participation in the Free and Reduced-Price Lunch (FRPL) program;
- The student participates in FRPL;
- The family receives Temporary Assistance for Needy Families (TANF) benefits; or
- The student is a foster youth. *Foster youth in grades 7-12 are automatically enrolled for CBS via a data exchange with Department of Social and Health Services as required by legislation effective July 1, 2012.*

The Council verifies the application is complete and sends the student a certificate.

The College Bound student pledges to graduate from high school with a 2.0 cumulative GPA; have no felony convictions; and file a FAFSA to determine income eligibility in their senior year. If the student does not meet these requirements, their application will not be valid.

The scholarship coordinates with State Need Grant (SNG) and other state financial aid to cover tuition and fees (at public institution rates) and a small book allowance for income-eligible students.

Students must attend campuses that are participating in the State Need Grant program and meet SNG requirements.

College Bound Scholarship eligibility mirrors SNG in many ways. This manual is considered an addendum to the State Need Grant manual and outlines the areas where College Bound eligibility and processing differ from SNG.

Matching College Bound Valid Applications to FAFSA Filers

The Council's College Bound valid applicant database is matched to incoming FAFSA applications daily. As soon as this match is made, the student's data is uploaded to the Cruncher.

Using the **CBS Cruncher**, campuses will compare their student data against the database. Campuses are presented with a list of students eligible for awarding consideration.

Please note that the College Bound Cruncher does not determine all CBS eligibility criteria. The CBS Cruncher checks for:

- Complete and valid CBS application on file with the Council
- High school graduation with a 2.0 GPA
- Enrolled within one year of high school graduation
- Within 5-year eligibility window
- Within 12 quarter usage limit
- Outstanding repayments
- Associate degrees

The campus determines all other eligibility criteria.

The CBS Cruncher is located in the Portal. From the main menu, select Program, then College Bound. Step-by-step instructions for using the CBS Cruncher are found in Chapter 4.

Similar to the SNG Archive Report, campuses will need to use the CBS Cruncher at the time of awarding and again prior to disbursement.

High school seniors who file the FAFSA are notified by the Council that their application was successfully matched to the FAFSA. See an example of this email communication at the end of this manual.

Understanding the CBS Cruncher Codes

OK to Award

Students marked “Yes” in the “OK to Award” field are valid CBS applicants that the Council has matched with FAFSA filers to identify those who are likely to meet high school requirements or have met them and who have met other criteria. These students are OK to package for CBS.

The Council encourages campuses to package College Bound students marked “Yes” in the “OK to Award” field with their initial award. Campuses electing to delay awarding of CBS until “OK to Pay” has been confirmed should consider the following factors:

- Students will be expecting to see CBS on their award offer—creating financial aid office workload responding to inquiries. The Council’s communications with students and partners have indicated the lack of CBS on an award letter may be due to:
 - No room in the student’s financial need.
 - Student’s family income above 65 MFI.
 - State aid met the maximum award amount.
 - Campus was unable to identify the student.
- Awarding up-front and pulling back a few students determined to have not met high school requirements is anticipated to be less work than re-packaging all students.
 - GPA data reflect the large majority of FAFSA-filing seniors are on-track with a 2.0
 - The Council and OSPI will exchange data beginning in July to capture graduation information in a timely manner and the CBS Cruncher will be updated immediately.
 - Four-year campuses could confer with admissions offices to verify high school requirements.
- It is advantageous to a campus to include CBS on awards, as students compare award letters.
- A number of campuses have recruited CBS students and some offered early admission and special visit programs—a delay of award could be counterproductive.

Students marked “No” have OSPI data indicating they are not likely to or did not meet the high school graduation/2.0 GPA requirement, and/or the enrollment timeframe has expired, and/or the student owes a repayment. These students should not be packaged for CBS.

Students marked “Verify” did not have data available or were not on track for high school graduation requirements.

If the Cruncher does not reflect that the high school requirements have been met, the campus may ask the student to submit their final transcript to confirm that the student did graduate with a minimum 2.0 GPA or direct the student to contact the College Bound staff.

Either the campus (with file documentation) or the College Bound staff may update the “HS Req Met field” Cruncher upon confirmation. High School transcripts can be faxed to the Council at 360-704-6218.

Ok to Pay

“OK to Pay” is similar to the SNG Archive process in that campuses verify eligibility at the time of initial awarding and again prior to disbursement. Depending on the awarding cycle, this may be the field to review in lieu of “OK to Award.”

The Council will notify campuses beginning in June, and thereafter when OSPI data reflecting graduation has been loaded and campuses can confirm students are “OK to Pay.” OSPI data matches will occur frequently throughout the summer and early fall as school districts finish reporting.

The CBS Cruncher Watch List

The Portal can keep track of which SSNs you’ve crunched in the CBS Cruncher and adds those SSNs to your Watch List. You will receive a weekly email notifying you if the OK to Award or OK to Pay field has been updated for students you have crunched, including a link to a list of those students.

In the CBS Cruncher you will see a new tab labeled “Watch List.” On this tab, you can change the frequency of your notification emails using the ‘settings’ button, clear your list, or search for changes to statuses as of a certain date.

Please be aware that only students YOU crunch under your own Portal login will be added to your Watch List – the Watch List does not compile a campus-wide list.

The CBS Cruncher Layout and Codes

CBS Application Status

A valid application has been reviewed by CBS staff and determined to be complete and timely. Students who want to appeal their CBS application eligibility should be directed to the Council’s CBS outreach staff.

High School Graduation Year

The anticipated year of high school graduation is noted for reference. Campuses do not need to review the “HS Requirements Met” field for continuing students previously determined eligible. However, the Cruncher will still need to be reviewed for the purpose of the scholarship timeframe criteria, quarters of eligibility remaining, repayments, etc.

Students who are verified to have graduated early may be awarded the College Bound Scholarship and the four-year award must be used within five years of their actual graduation year.

High School Requirements Met

College Bound Scholarship recipients must graduate from a Washington high school (public or approved private schools) with at least a 2.0 cumulative GPA or receive home-based instruction under 28A.200 RCW. The GED is not allowable.

Students below a 2.0 are flagged as “unlikely” in the “HS Requirements Met” field. Students who were not enrolled in a public school are flagged as “unknown” in the “HS Requirements Met” field. Students may submit a copy of their final high school transcript to the WSAC or campus staff.

Campuses are able to change the response to the “HS Requirements” field. The system will note which campus changed the response and all campuses will be able to view and accept the data as valid. Campuses are not required to verify high school requirements but may under these circumstances:

- The student inquires and is able to provide a final transcript verifying they met the requirements.
- To expedite the process: Four-year campuses are encouraged to review their admissions information to determine if students met the high school requirements. This may be more expedient to verify graduation and GPA than the WSAC data match with OSPI.
- The applicant was home schooled: Campuses are asked to verify that the high school graduation requirement has been met for home schooled students in alignment with their admissions and financial aid policies.

Campuses who verify high school graduation must change the “HS Requirements Met” field or an edit will be triggered when requesting reimbursement or processing interim reports.

Enrollment Deadline

College Bound students must enroll no later than the fall term (as defined by the institution) one academic year following high school graduation. Adult Basic Education (ABE) and Running Start courses count towards meeting the college enrollment deadline.

College Bound students who did not enroll within a year of high school graduation will not be OK to Award.

For example: A student who graduated high school in the spring of 2013 would need to enroll by the fall term of 2014.

The record would have to be reviewed by the campus when a student inquired to determine if the student is continuing and was not previously income eligible or perhaps enrolled out-of-state.

Five Year Eligibility

Students must use the scholarship within five years of August of the high school graduation year.

For example: Students who graduate from high school in 2013-14 must begin their college enrollment by fall 2015, and have through the spring term of 2019, to receive scholarship funding. When five years has expired, the Cruncher field will no longer show Ok to Award or Pay.

CBS Terms Used/Remaining

The scholarship may be received for a maximum of four academic years (equivalent to 8 semesters or 12 quarters) and must be pro-rated for part-time enrollment. These fields will alert the aid administrator to the usage and remaining terms of eligibility.

Students Who Do Not Appear in the Cruncher

Students who inform the institution that they submitted the College Bound Scholarship application and received a College Bound certificate in middle school but are not in the Cruncher should be referred to the Council Outreach staff. College Bound staff will determine whether the student had a valid application on file.

Campus Systems Preparation Instructions

Campuses can take the following steps to prepare to identify and award College Bound students:

1. Prepare a file to upload SSNs into the CBS Cruncher in the Council portal. This is necessary to identify the potential CBS applicants prior to awarding.

Campuses can select one of three ways to communicate with the Council portal. *For questions regarding the REST web service or SFTP approach, please contact the Council.*

- **Manually upload a file** via the Council’s Portal web site: Any user with access may log into the CBS Cruncher and upload a text file containing SSNs (1 per row) to get the output on the page or via a CSV download file.
 - **HTTP REST Interface:** Systems capable of consuming web services may issue a HTTP POST request with a list of SSNs as the post data. This is expected to be authenticated using Basic Authentication through an SSL tunnel. The Council would create an API user account with permissions and a hard password without an expiration date for this purpose.
 - **SFTP:** The Council can also set-up an automated file transfer system. The campus would upload a file of SSNs and the Council would return a CSV data file.
2. Determine how to identify/flag potential CBS Awards in your system prior to awarding. The output can be viewed in the portal or downloaded as an Excel file.
 3. Review previously awarded students for a change in eligibility status (either by a separate SSN file upload or evaluating the output accordingly).
 4. Review the eligibility criteria in Chapter 2 to automate eligibility criteria where possible (such as 65% MFI and “gap fill” after other state aid).

Chapter 2 - Calculating the Award

- CBS and SNG Awarding Policies**
- CBS Awarding Criteria and Amounts**

College Bound Scholarship and State Need Grant Awarding Policies

The College Bound Scholarship program design and funding assumed eligible students would receive SNG to cover a large portion of the scholarship. However, in recent years increasing numbers of eligible students have enrolled but did not receive SNG due to increased demand for funds.

SNG awarding policies cannot be altered in order to serve more students with CBS in an effort to stretch SNG dollars further. The Council encourages students to file the FAFSA by a February 1st priority date to maximize their access to SNG.

College Bound statute requires students who apply and respond in a timely manner to other institutional requests (verification, campus applications, enrollment, etc.), will receive SNG within the campus allocation.

If your campus packages a student at a time when SNG is still being awarded, the CBS student should receive an SNG award amount as allowed within your packaging policies.

CBS Awarding Criteria and Amounts

College Bound Scholarship Requirements that Mirror State Need Grant

The College Bound Scholarship will follow State Need Grant regulations in many areas. Please refer to the State Need Grant 2014-15 program manual for these requirements which are consistent between both programs, including:

- Satisfactory academic progress
- Repayment calculations and referrals
- 125% cap on program length
- Undergraduate
- State residency (excluding undocumented students)
- Citizenship/eligible non-citizen
- Eligible program of study
- Second Associate Degree
- Theology prohibition
- Fraudulent information

Adjustment for More than One Family Member in College

The aid administrator shall increase the family size by one for every family member in college beyond the first, excluding parents, when establishing the MFI cutoff. For example, a family of five with two in college is treated as a family of six on the income cutoff chart; a family of five with three in college is treated as a family of seven.

Part-time Enrollment

The scholarship will be pro-rated for part-time enrollment and students can enroll continuously. Part-time awards will be reduced in the same manner as SNG (75% for 9-11 quarter credit hours or equivalent, 50% for 6-8 quarter credit hours or equivalent, and 25% for 3-5 quarter credit hours or equivalent). Less-than-halftime eligibility will mirror SNG policy at this time.

Like SNG, a small CBS award will count against a student's terms of eligibility. In addition, the term will apply to the five calendar years from high school graduation. However, if eligible, CBS must be awarded.

The initial eligibility areas are outlined in Chapter I and are monitored in the CBS Cruncher.

College Bound Scholarship Requirements that Differ from State Need Grant

Quick Glance – CBS eligibility criteria that differ from SNG:

Pre-HS Graduation	College Eligibility Monitoring
Meet Free and Reduced Priced lunch income standards	Enroll in college within one year of HS graduation (typically the fall term a year after a June HS graduation)
Complete a valid CBS application in 7th or 8th Grade	Income within 65% MFI
Graduate High School with a minimum cumulative 2.0 GPA	12 qtr/8 semester lifetime maximum
No felony convictions before graduation	5 year usage window from High School graduation
Auto-enrollment for foster youth	Residency – Undocumented students not eligible for funding

65% MFI Requirement

CBS students are required to file a FAFSA. The CBS student's family income must fall within 65% of the state's median family income (MFI). Student eligibility is verified annually including the 65% MFI standard. Students who are not income eligible in one academic year may gain income eligibility in future years within the five-year window from high school graduation.

The SNG policy that permits awarding to continuing recipients whose MFI changed by 3% or less is NOT applicable to CBS as the 65% MFI standard is statutorily required.

MFI Chart College Bound Scholarship 2014-15	
Family Size	65% MFI (Rounded to nearest \$500)

Years of CBS Eligibility/Summer Terms

Students may receive the College Bound Scholarship for no more than the equivalent of four academic years within a five-year period (12 quarters, 8 semesters or equivalent, prorated for part-time enrollment within the five-year period).

The four-year scholarship may be used during any terms within the five-year period, even if enrollment is not continuous. The Council’s CBS Cruncher and College Bound State Need Grant Award Warehouse (CSAW) system will track the individual student’s eligibility.

SNG, and therefore CBS policy, requires students be matriculated. Therefore, students home on break from out of state colleges are not eligible to receive CBS for summer term.

If a student is eligible to receive 4 quarters/3 semesters of CBS, the annual award amount can be exceeded.

Self-Help/Gift-Equity

CBS is viewed as a contractual obligation and as such cannot be reduced by a self-help requirement. CBS may not be limited by gift-equity packaging policies either.

CBS is considered self-help for the purposes of SNG. The SNG self-help expectation of 25% of the cost of attendance (or the alternative work calculation) will continue to be applied to **SNG**. **CBS** is included in the number of methods which can be used to meet the self-help requirement for SNG.

Conditions of Award

Prior to disbursement, the institution must inform the CBS recipient of his or her responsibilities to the program through a "Conditions of Award" statement. See sample statement below.

The statement must be presented annually or delivered to the student through paper or electronic means. The Conditions of Award statement does not need to be signed by the student as long as the school can provide assurances to the Council that the terms of the CBS award were presented to the student. It is the school's responsibility to maintain documentation that the conditions were presented to the student.

Washington State Financial Aid Programs Conditions of Award

The state of Washington is offering you financial assistance to help support your education expenses. Please visit www.opportunitypathways.wa.gov to receive more information about financial aid, scholarships, work study, and student loans.

In order to receive this financial assistance you will need to comply with the following conditions. If you have questions or find that you cannot comply with these conditions, please contact the financial aid office.

1. You do not owe a repayment to any federal or state grant nor are you in default on a state or federal student loan.
2. You must meet the minimum eligibility requirements for the program.
3. If you do not attend or if you withdraw from your classes, you may owe a repayment of all or part of the award amount.
4. The offer of this financial assistance is subject to, and conditioned upon, the availability of funds. The Washington Student Achievement Council and the institution through which the grant is awarded reserve the right to withdraw, reduce, or modify the awards due to funding limitations or due to changes in circumstances which affect your eligibility for the program.
5. You must maintain academic progress standards following your institutions policies for state aid programs. You must not pursue a degree in theology or hold a bachelor's degree.

You may choose to voluntarily make financial contributions to the Washington Student Achievement Council in recognition of the assistance that you received. All voluntary contributions will be used to provide financial assistance to other students. Please contact financialaid@wsac.wa.gov for more information.

Award Amounts

There is no minimum CBS award. The value of the maximum CBS award shall be determined by the Council based on the amount of tuition and service and activity fees at public colleges and universities (as used for SNG purposes) plus five hundred dollars.

The maximum award is determined by tuition increases approved in the operating budget and student and activity fees at 15 credits plus the \$500 allowance for books. Institutions that exceed budgeted tuition levels are assumed to meet the resulting gap from state aid to the raised tuition level as outlined in HB 1795 authorized in 2011.

The actual value of the individual student award shall be the difference between the maximum award less the value of any state funded grants or scholarships (gift assistance) the student receives, and further reduced if total need-based aid is in excess of need or the student attends part-time.

For private institutions, the maximum CBS award is based upon the average tuition and fees at budgeted levels for the research institutions. For proprietary institutions campuses, the maximum CBS award will be tied to CTC tuition and fees.

**Based on 15 credit tuition limited to budgeted tuition increases, service & activity fees & prorated book allowance. If student is eligible for 4 Quarters/3 Semesters, maximums listed above can be exceeded.*

The award amounts represent the maximum award amount which would only be awarded in scenarios where the student receives no other form of state gift aid. These maximums are applicable to all eligible MFI ranges up to 65% MFI.

State Need Grant Dependent Care Allowance can be issued in addition to the maximum award when applicable.

Subtraction of State Financial Aid

Any other state funded grants or scholarships (gift assistance) must be subtracted from the maximum award. Currently active programs include:

- **State Need Grant** (the most likely state grant aid that CBS students will receive).
- **Passport to College Promise Scholarship** – a state scholarship program for current and former foster youth (students who receive Passport funds will likely have their maximum award met with a combination of State Need Grant and Passport scholarship funds).
- **Opportunity Scholarship** – A new private/public program administered by the College Success Foundation to help low- and middle-income Washington residents earn bachelor’s degrees in science, technology, engineering, mathematics and health care.
- **SBCTC Opportunity Grant** – The Opportunity Grant helps low-income adults train for high-wage, high-demand careers. It is administered by the Washington State Board for Community & Technical Colleges.
- **American Indian Endowed Scholarship** – A scholarship for financially needy students with close social and cultural ties to an in-state American Indian community to pursue undergraduate and graduate studies.

Please note: **State Work Study** is not considered “other state gift aid” for this purpose.

Other Awarding Considerations

Awarding CBS Students Maximum Grants and Scholarships

Institutions shall first award the student all need-based and merit-based financial aid for which the student is eligible. If there is remaining eligibility, the CBS award should be made before work-study and loans are considered. CBS is intended to replace unmet need, loans, and at the student's option, work-study award before any other grants or scholarships are reduced. CBS eligibility may not be replaced with loans or work-study (unless the request for work-study instead of CBS is made in writing and documented in the student's file).

There are situations that will affect the amount of the award a student receives. For example, students attending lower cost institutions and living at home may have a reduced SNG and no room for CBS. Other reasons the CBS maximum award can be reduced include:

- The student does not have sufficient room within "need."
- The student enrolls part-time.
- The maximum award has been met with other state funded grants or scholarships (gift assistance.)

Retroactive Payments

For a CBS student to be eligible for retroactive payments for previous terms within the 2014-15 year, the student must currently be:

- Enrolled at the institution
- Maintaining satisfactory academic progress

If the student meets both conditions, the college is required to revise the award package for the entire 2014-2015 year and award CBS for any previous terms that the student might not have been awarded CBS. For example, for a student who started college in the fall term but was not awarded CBS until the winter or spring term. In determining the amount of the retroactive CBS award, each term's CBS award is to be calculated based on the number of credits the student successfully completed at the end of the previous term(s).

Student Directive – Private Institutions

Private institutions must use the Council’s Student Directive Form to record a student’s decision on where to apply their financial aid payment. The student’s financial aid payment can be deposited directly into a student’s account or disbursed in the form of a check based on their choice on the directive. See sample directive below.

- Institutions must not coerce or influence the student’s choice on where to apply their financial aid payment.
- The directive remains in effect for the duration of the student’s continuous enrollment at the institution, excluding approved leaves of absence and summer terms. A new directive is required if the student is not continuously enrolled.
- Institutions must allow students to change their minds at any time, prior to disbursement, and follow their current directives at all times.
- Institutions must remind students once a year that their current directive is still in place and that they may change it.

Washington Student Achievement Council
STUDENT DIRECTIVE FOR DISBURSEMENT OF STATE STUDENT AID

Return this form to the **Name of Institution** Financial Aid Office as soon as possible

Student Name (please print): _____ ID# _____

You have been awarded student financial aid from the State of Washington. Your designation and signature on this form will document your choice for funds to be applied directly into your student account or to be given directly to you in the form of a check. A state grant recipient has the following two choices:

- Choosing to have the funds deposited to your student account permits the aid to be automatically credited toward expenses you may owe to the school. This option allows faster processing of any refunds of financial aid proceeds that may be due you.
- Choosing to have state financial aid funds given directly to you means that state student aid will not be automatically available to pay for tuition and fees. You are responsible for using the funds to pay for educational expenses including any expense you owe to the school.

Please choose one of these options:

_____ I choose to have state student aid funds applied directly to my student account and automatically credited toward expenses I owe **Name of Institution**.

OR

_____ I wish to have state student aid funds given directly to me (not credited to my student account). I understand that I am responsible for all outstanding balances on my student account at **Name of Institution**.

Your choice will stay in effect as long as you are enrolled at this school. However, you may change your directive for a future term by informing your Financial Aid Office in writing.

Student Signature Date

Make sure you check one of the options above and return this form to:

Chapter 3 – Institution Payments and Reporting

Verification of Students for Payment

All schools must verify that packaged students still qualify before disbursing CBS by uploading student data to the CBS Cruncher and referencing the “OKtoPay” value.

The Council will send email notifications to campuses weekly regarding changes to student eligibility for students that have been previously checked in the Cruncher.

If students are “OKtoPay” and the data are later changed, the institution will not be liable for the disbursed funds paid up until that point. Once an awarded student has been determined ineligible, any future awards must be cancelled.

However, if the campus does not verify eligibility again before disbursement and the student’s status has changed, the student must be removed as a CBS recipient and the campus will be liable for covering the funds for the ineligible student.

Allocations

Unlike SNG, WSAC does not provide an initial allocation for CBS. Instead, campuses will first request the amount of CBS needed to fund eligible CBS students, and that amount will be added to their CBS allocation accordingly. The campus CBS allocation will increase in response to each request for funds.

Funds Requests

Institutions will request funds via CSAW.

SAP and Repayments

Campuses must apply their Satisfactory Academic Progress policy to CBS recipients.

In addition, the State Aid Repayment policy applies to CBS. The calculation and referral of College Bound Scholarship repayment accounts will align with the State Need Grant repayment processes.

CBS and SNG each have discreet fund codes. Repayment referrals for CBS should be reported simultaneously but separately along with SNG referrals. Please refer repayments following the procedures outlined in the SNG manual for **SNG and CBS simultaneously**.

Reporting Requirements

The CSAW file format combines CBS and SNG interim reporting data. This allows campuses to report data for both programs simultaneously. The record layouts and due dates are outlined in the SNG manual. Instructions for completing Interim Reports can be found in the Portal.

Payments, awards, and reporting functions will run through the College Bound/State Need Grant Award Warehouse (CSAW). The payment request process is similar to State Need Grant. CSAW allows for both the CBS and SNG payments to be managed from the same screen.

Interpreting the Search Results

The Council depends on graduation and GPA data from the Office of the Superintendent of Public Instruction (OSPI), high school registrars or transcripts provided by students to determine if College Bound applicants met the program’s eligibility requirements. The OSPI data includes students who attend public school and have given permission to share their information with the Council.

Those matched records are then matched with FAFSA data to provide colleges with eligibility information for students who have both applied for College Bound AND filed a FAFSA.

All OSPI data on graduating seniors is preliminary until late summer since graduation and GPA data cannot be compiled from the high schools and confirmed until that time. Therefore, the Council provides information to colleges on those students “likely” to meet the requirements during the packaging period and designate them “OK to award.” This preliminary data from OSPI includes the students GPA as of the end of their junior year.

Students who are later confirmed to have met the requirements will then be listed by the Council as “OK to Pay.” This confirmation occurs via data matches occurring between June and November 15.

Students who have valid applications but are not included in the OSPI match will be asked to submit their final transcript to the Council for determination. Either the institution or the Council can change the HS Req Met field after verifying the students GPA and graduation.

The AA degree fields will display as indicated:

AADegreeEligible	Yes No

NextAAEligibleTerm	Summer 1 Fall Winter Spring Summer 1 n/a

Email Communication to CBS students after FAFSA matches CBS application

Your FAFSA application has been successfully matched with the College Bound Scholarship (CBS) application you submitted in middle school to the Washington Student Achievement Council (the Council).

Find out what happens next and what you must do.

1. **Review Your Student Aid Report (SAR)** sent to you by the Department of Education after you submit your FAFSA.

- It summarizes the information you provided on the FAFSA and indicates whether your FAFSA is complete *or* that you need to provide more information.

What You Must Do

- Read all the information on the SAR. Is it correct and complete - did you list all the colleges you are considering?
- If your SAR has errors, login to your FAFSA at www.fafsa.gov and make corrections. Common errors include missing signatures, incorrect Social Security Number, Date of Birth, etc.
- After your parents file their taxes, log back on to your FAFSA and make the adjustments.

2. **Complete College Forms**

- In addition to filing your FAFSA, you must apply for admission to each college you hope to attend, and you must complete the colleges' individual financial aid forms.
- You must be admitted to a college before that school will send you a financial aid award.

What You Must Do

- Complete all the forms required by the prospective colleges, including Admissions and Financial Aid forms.
- If the college requests additional information from you, DON'T DELAY! Not responding could cost you admission or valuable financial aid dollars.
- If you need help keeping track of deadlines, use our application timeline at <http://www.readysetgrad.org/#12th-grade/ready/timeline>

3. **Fulfill the College Bound Scholarship Requirements**

- Graduate from high school or complete a home school program. GED recipients do not qualify.
- Graduate with a cumulative high school grade point average of 2.0 or higher on a 4.0 scale.
- Have no felony conviction.

- Be a U.S. citizen or eligible non-citizen based on the standards for federal student financial aid and have a Social Security number or other documentation when completing the FAFSA. For a complete definition of eligible non-citizen go to <http://studentaid.ed.gov/eligibility/non-us-citizens#i-am-a-non-u.s.>

Note: In order to receive the College Bound Scholarship, students must file the FAFSA which requires that they be U. S. citizens or eligible non-citizens with proper documentation.

Recent legislation (SB 6523) permits students ineligible for federal financial aid due to immigration status to apply for the State Need Grant. Please visit www.readysetgrad.org/wasfa for application details.

- Be accepted to an eligible college and register for classes in a timely manner.
 - ~ For a list: <http://www.wsac.wa.gov/sites/default/files/2013-14.SNG.EligibleInstitutions.pdf>
 - ~ Enroll in college no later than the fall term (as defined by the college) one academic year following high school graduation. For example, if you graduate by August 2014 you have until fall 2015 to begin using the Scholarship.
- Meet the income eligibility requirement. See the income chart at <http://readysetgrad.org/college/college-bound-median-family-income>

What You Must Do

- Confirm with your high school counselor that you are on-track to graduate and that your cumulative grade point average (the average GPA for all your high school classes) is a 2.0 or higher.
- Apply to several eligible colleges that offer the program(s) you are considering. If there is an application fee, ask the Admissions office if you are eligible for a waiver.

Reminders

1. Get organized.
 - ~ Choose one email address for college correspondence and check it often.
 - ~ Create a financial aid file. Include copies of all the documents you receive and submit. Start with this email.
2. Share information with your parents/guardians/mentor so they can help.
3. College Bound is not a ‘full ride.’
 - ~ To pay for the other costs – housing and food, transportation, and personal expenses, you may have federal grants, loans, scholarships, and work study. Find out about these programs at studentaid.ed.gov/types
 - ~ Learn common financial aid terms at studentaid.ed.gov/glossary
4. Search for scholarships at the counselor’s office and online at www.thewashboard.org.
5. While you are in college:
 - ~ Complete a FAFSA every year by the priority filing date of February 1.
 - ~ Meet your college’s Satisfactory Academic Progress (SAP) requirements.
 - ~ Plan to finish your degree while you have financial aid available. You may receive your College Bound Scholarship for no more than four academic years within a five-year period.
6. Stay informed. Join the College Bound Listserv for current information about your Scholarship:

Intent — Finding.

The legislature intends to inspire and encourage all Washington students to dream big by creating a guaranteed four-year tuition scholarship program for students from low-income families. The legislature finds that, too often, financial barriers prevent many of the brightest students from considering college as a future possibility. Often the cost of tuition coupled with the complexity of finding and applying for financial aid is enough to prevent a student from even applying to college. Many students become disconnected from the education system early on and may give up or drop out before graduation. It is the intent of the legislature to alert students early in their educational career to the options and opportunities available beyond high school.

[2007 c 405 § 1.]

28B.118.010

Program design.

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the state need grant program in chapter [28B.92](#) RCW unless otherwise provided in this section.

(1) "Eligible students" are those students who:

(a) Qualify for free or reduced-price lunches. If a student qualifies in the seventh grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter; or

(b) Are dependent pursuant to chapter [13.34](#) RCW and:

(i) In grade seven through twelve; or

(ii) Are between the ages of eighteen and twenty-one and have not graduated from high school.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3)(a) To be eligible for a Washington college bound scholarship, a student eligible under subsection (1)(a) of this section must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a C average and with no felony convictions. The pledge must be witnessed by a parent or guardian and forwarded to the office of student financial assistance by mail or electronically, as indicated on the pledge form.

(b) A student eligible under subsection (1)(b) of this section shall be automatically enrolled, with no action necessary by the student or the student's family, and the enrollment form must be forwarded by the department of social and health services to the *higher education coordinating board or its successor by mail or electronically, as indicated on the form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter [28A.195](#) RCW, or who received home-based instruction under chapter [28A.200](#) RCW.

(b) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter [28A.195](#) RCW in Washington or have received home-based instruction under chapter [28A.200](#) RCW, must have no felony convictions, and must be a resident student as defined in RCW [28B.15.012\(2\)](#) (a) through (d).

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW [28B.10.016](#), the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter [28B.95](#) RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

Notes:

- (d) Student is a foster youth.

To determine eligibility in unusual circumstances, or for assistance in defining household size, foster youth status, and other criteria, the board will refer students and families to the district or school staff who oversee FRPL, and will refer to the USDA FRPL guidelines.

(3) Eligible applications are considered complete when the signed pledge has been received by the board.

 - (i) Graduate from high school with at least a C average.
 - (ii) No felony convictions.
- (b) The section of the application that indicates eligibility must be completed.
- (c) The pledge must be signed by a parent or legal guardian to attest the information is true and accurate.

Program promotion to eligible students.

The role of the board, OSPI and school districts related to notification to students, families, and school personnel about the college bound scholarship is defined under chapter [28B.118](#) RCW.

(1) The board shall develop and distribute to all schools with students enrolled in seventh or eighth grade, an application pledge form that can be completed and returned electronically or by mail by the student or the school to the board.

The board will provide K-12 partners, professional associations, and college access programs with program information annually.

(2) The role of OSPI is to notify elementary, middle, and junior high schools about the college bound scholarship program using methods in place for communicating with schools and school districts. OSPI will encourage schools and districts to target communications to eligible students to the greatest extent possible. Methods may include, but are not limited to, personalized letters, integrating the application into student conferences, or holding sign-up events.

(3) The role of each school district is to notify students, parents, teachers, counselors, and principals about the Washington college bound scholarship program through existing channels. Notification methods may include, but are not limited to, regular school district and building communications, online scholarship bulletins and announcements, notices posted on school walls and bulletin boards, information available in each counselor's office, and school or district scholarship information sessions.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-040, filed 8/16/10, effective 9/16/10.]

250-84-050

Tracking of scholars.

The statute requires the board and OSPI to develop tracking procedures to ensure continued eligibility and to determine compliance for awarding of college bound scholarships (RCW [28B.118.020](#) and 28B.118.040).

(1) The board shall:

- (a) Develop and implement a student application, selection, and notification process for scholarships.
- (b) Collect authorization to release information from the student and parent(s)/legal guardian(s).
- (c) Develop a web-based application tool and paper application annually.
- (d) Notify applicants of missing information in a timely manner.
- (e) Notify applicants of their status of complete application in a timely manner.
- (f) Treat applications confidentially and hold in a secure environment.
- (g) Provide complete applicants information regarding disbursement of the scholarship and contact information for the board.
- (h) Require applicants to update their address and other contact information with the board.

(2) OSPI will work with the board to develop student tracking procedures.

The board and OSPI will share data regarding the progress of college bound scholarship students such as current school, grade level, grade point average, and expected graduation date on at least an annual basis through high school graduation, following agency protocols for data exchange and security.

(3) The board will track complete applicants and monitor progress toward graduation to determine compliance for awarding of scholarships.

(4) The board will share data and authorized student information from the application for program sign-up efforts and to provide support services to scholars who have already applied.

- (a) The board will share information with schools and approved college access providers who will provide services to college bound scholarship students to support their academic success, if the proper release of information has been provided by the student and parent(s)/legal guardian(s).
- (b) Aggregate data will be provided periodically and as requested to schools, districts, and partners to improve sign-up efforts.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-050, filed 8/16/10, effective 9/16/10.]

250-84-060

Eligibility for receipt of college bound scholarships.

To be eligible to receive the annual scholarship disbursement, college bound scholarship students who have met the requirements outlined in WAC [250-84-030](#), must:

- (1) Graduate from a Washington high school with at least a C average or receive home-based instruction under chapter [28A.200](#) RCW.
- (2) File a FAFSA (see priority consideration under WAC [250-84-070\(1\)](#)).
- (3) Be accepted to an institution participating in the state need grant program within the state of Washington (requirements outlined in WAC [250-20-013](#)).
- (4) Enroll no later than the fall term (as defined by the institution) one academic year following high school graduation.

For example, students graduating by August 2012 have until fall 2013 to begin using the scholarship.

- (a) Students who graduate early will be assumed to follow the time frame of their senior year cohort. However, if they enroll early, the four-year scholarship will need to be used within five years of their initial enrollment date.
 - (b) Scholarships will not be disbursed prior to fall 2012.
 - (c) Students will be considered to have enrolled upon earning credit(s) for the term or receiving the first scholarship disbursement, whichever comes first.
- (5) Have an annual family income at or below sixty-five percent of the state's median family income as determined by the income reported on the FAFSA and verified by the institution the student is attending. See subsection (6)(d) of this section.
- (6) Receive the college bound scholarship for no more than four academic years within a five-year period.
- (a) The four-year scholarship may be used during any terms within the five-year period, even if enrollment is not continuous.
 - (b) The scholarship must be used within five academic years of August of the high school graduation year.
For example, students who graduate from high school in 2011-12 must begin college enrollment by fall 2013, and have through spring of 2017 to receive the scholarship.
 - (c) The total college bound award is limited to twelve quarters, eight semesters or equivalent, prorated for part-time enrollment within the five-year period.
 - (d) If students do not meet the income requirement in subsection (5) of this section in any year within the five-year period, they may still receive the scholarship for any year(s) they do meet the income requirement. Receipt of the four-year scholarship does not have to be continuous.
- (7) Comply with the other eligibility criteria to receive the college bound scholarship as outlined for the state need grant program in WAC [250-20-011](#) including, but not limited to, requirements related to residency, undergraduate student status, academic program eligibility including the theology prohibition, enrollment level, satisfactory academic progress, and repayments.

The requirements for state need grant that do NOT apply to college bound scholarships are the equivalent of five-year limitation for state need grant under WAC [250-20-011\(6\)](#) since the college bound scholarship is a four-year award.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-060, filed 8/16/10, effective 9/16/10.]

250-84-070

Scholarship award.

(1) The college bound scholarship is intended to combine with the state need grant program to ensure eligible students have the opportunity to receive sufficient state financial aid to meet the cost of full tuition, plus five hundred dollars for books each year. The award is intended to replace unmet need, loans, and at the student's discretion, work-study.

(2) The value of each college bound scholarship shall be determined by the board annually based on the amount of tuition and fees at public colleges and universities (as used for state need grant purposes) plus five hundred dollars, less the amount of state need grant the student qualifies for based on the student's MFI, and less any other state aid awarded.

(a) In order to receive the maximum state need grant for which the student qualifies, the student must meet the financial aid priority consideration deadline for the institution the student plans to attend.

(b) College bound scholarship awards will be prorated for part-time attendance as outlined in WAC [250-20-041](#) (4)(b).

Sector college bound scholarship award amounts (such as public research, regional and two-year, and private career and private four-year) shall follow base award amounts determined for the state need grant program.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-070, filed 8/16/10, effective 9/16/10.]

250-84-080

Appeals regarding application eligibility under WAC [250-84-030](#) should be directed to the board. Appeals regarding scholarship eligibility and awards under WAC [250-84-060](#) and [250-84-070](#) shall follow the process outlined under WAC [250-20-071](#) for state need grant purposes.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-080, filed 8/16/10, effective 9/16/10.]

250-84-090

(2) A student-by-student reconciliation will be completed each term and filed with the board at the end of each academic year.

(3) Recalculations as a result of awards in excess of tuition charges shall follow the tolerance outlined in state need grant rules or guidance.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-090, filed 8/16/10, effective 9/16/10.]

Any student who has obtained a college bound scholarship through means of willfully false statement or failure to reveal any material fact affecting eligibility will be subject to applicable civil or criminal penalties and repayment.

[Statutory Authority: RCW [28B.76.670](#). WSR 10-17-080, § 250-84-100, filed 8/16/10, effective 9/16/10.]
