# Unit Record Report Manual Overview and Updates

# **Overview**

The Unit Record Report (URR) is a student-specific report of financial aid awarded to resident and nonresident students attending the Washington institutions that participate in the State Need Grant program. It provides comprehensive information on federal, state, private, and institutional financial aid distributed to need-based financial aid recipients. The report also includes information about federal borrowing for non-need based loan recipients.

# **Unit Record Report History**

The Unit Record Report (URR) was developed in response to 1969 legislation, which created the State Need Grant program, and called for ongoing analysis of student financial aid (RCW 28B.92.050). The first URR was collected in 1972. Every institution that participates in the State Need Grant program is required to complete the URR at the conclusion of each fiscal year.

Washington Student Achievement Council's "office" of student financial assistance has authority to collect the URR according to the following statutes:

- RCW 28B.92.040. "... (1) The office shall be research oriented, not only at its inception, but continually through its existence. ... (3) The office shall take the initiative and responsibility ... to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs..."
- RCW 28B.92.050. "The office shall have the following powers and duties:

   Conduct a full analysis of student financial aid . . . Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid . . . (2) Design a state program of student financial aid based on the data of the study referred to in this section. The state programs will supplement available federal and local aid programs."

# Compliance with the Family Educational Rights and Privacy Act (FERPA)

Federal regulations (34 CFR 99.31(a)(3)(iv)) authorize institutions to disclose personally identifiable information on the URR without the student's consent. This authority is based on Washington Student Achievement Council's statutory charge, as cited above, and the need for student-specific information to carry out the administrative and research responsibilities of Washington Student Achievement Council (WSAC).

As required by 34 CFR 99.35(a)(1), WSAC ensures that use of the URR data will not permit identification of students to individuals other than authorized representatives of WSAC.

# **Unit Record Report Uses**

Student-level data with term-by-term program-specific financial aid information is needed by WSAC to conduct research; design state financial aid programs that complement other existing federal, state, and institutional programs; describe recipient populations; and administer and evaluate state financial aid programs as required by state law.

The URR is the primary data source used by WSAC to comply with these statutory requirements.

Data from the URR are used to:

- Provide financial aid data to the Education Research and Data Center (ERDC). These data, in combination with academic and workforce records, may be used by WSAC staff and other researchers to conduct longitudinal research on the educational and occupational achievements of financial aid recipients.
- Analyze the adequacy of financial aid resources available to financially needy Washington students.
- Describe funding trends and the characteristics of students receiving various types of financial assistance.
- Estimate funding needs and support budget requests for state-funded financial aid programs.
- Estimate the impact of new financial aid programs, changes in program policies, and altered funding levels.
- Contribute to student financial aid policy analysis and program evaluation.
- Respond to legislative requests for information about student financial aid programs available to Washington students.

The URR significantly reduces the number of ad hoc data requests of institutions.

#### **Use of Unit Record Report for Research Purposes**

WSAC has expanded the scope of data uses for the URR. Data-sharing requirements were established with House Bill 2261 (Chapter 548, Laws of 2009), which added new sections to RCW 43.41.400, to answer "critical questions" from various stakeholders and policymakers and non-critical questions developed by the general public.

This action requires the ERDC at Office of Financial Management (OFM) to gather P-20 data for public colleges and universities in order to conduct longitudinal data analysis.

Data-sharing agreements have been developed to permit sharing of URR data to the P-20W warehouse at OFM on behalf of the public institutions. URR data for private institutions will not be disclosed to OFM without their consent.

# Changes or Emphasis in 2015-16 Unit Record Report

Changes in field or record requirements are listed below. For additional guidance and instructions for these fields, see Chapter 2: Data Definitions; and Appendix B: Record Layout.

- **SNG Unserved:** The URR will be compared to the institution's Final Interim Report (FIR). A list of the Unserved records reported in FIR but not in URR will be generated. Institutions must add a record if the student received other need-based aid, or send data to WSAC verifying or correcting the FIR. Any FIR corrections may be used to adjust the institution's allocation for that year or the next year. This list will appear as a new tab within the SNG/CBS/PTC Difference Reports.
- **Enrollment status consistent with term aid receipt:** The URR now checks to ensure that a positive enrollment status (any status except for '0' or 'Not enrolled') is reported for each term that aid was reported on a student record, excepting certain work programs (Example: State and Federal Work Study, which allows for payment during a non-enrolled term, such as Summer). This edit is overrideable.
- Change in **valid input range** before edits are produced:
  - <u>Federal Pell Grant</u> Valid input range is 0 to 5775
- **Passport to College**: New non-overrideable edit verifying PTC student is a state resident.
- **Opportunity Scholarship**: New non-overrideable edit verifying Opportunity Scholarship student is a state resident. The Opportunity Scholarship is administered by the College Scholarship Foundation (CSF).
- **Reminder**: Institutions may test their upload file in the Portal training environment prior to uploading to the live URR Portal. The data uploaded or manually entered into the training site is temporary and clears if left overnight.

By using the training environment, institutions may find data edits and make corrections before attempting to make a final URR Portal submission. The training website is located:

https://fortress.wa.gov/wsac/portaltraining

# **CHAPTER 1 – GENERAL INSTRUCTIONS**

## **Students to be Included**

#### **Need-Based Recipients**

One record must be submitted for each student at your institution who received any need-based financial aid, regardless of source. This includes Washington residents and nonresidents. All aid, including non-need based aid sources, must be reported for any student who received at least one form of need-based aid. All data for need-based recipients will go through a series of edits to help ensure accuracy of reported data.

Appendix A identifies the financial programs and aid types WSAC considers as need-based for the URR. They are further differentiated by whether 2015-16 Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (WASFA) data are required to be submitted:

- Need-Based Recipients (FAFSA or WASFA required): All 2015-16 FAFSA or WASFA data must be reported for all students receiving any aid shown in Appendix A as "Need-Based (FAFSA or WASFA data required)."
- Need-Based Recipients (FAFSA or WASFA optional): If available, all 2015-16 FAFSA or WASFA data must be reported for all students receiving any aid shown in Appendix A as "Need-Based (FAFSA or WASFA data optional)."

Requirements for FAFSA or WASFA data submission are further described in Chapter 2.

#### Non-Need Based Federal Loan Recipients

One record must also be submitted for each student at your institution who received non-need based federal loans from these programs: Federal Direct Unsubsidized Loans, Federal Parent PLUS Loans, and Federal Grad PLUS Loans.

# **Reporting Period**

Report financial aid disbursed during the 2015-16 academic year. For need-based recipients this will include all academic and summer terms for which 2015-16 FAFSA or WASFA data were used. Aid reported may include summer 2015 funding and/or summer 2016 funding. Specific information on which summer aid terms should be reported is included in Chapter 2.

# **Report Current Information**

Unless instructed otherwise, report the most current information on file. If adjustments were made in the needs analysis, or if a change in the student's status occurred during the year, report the latest information available from your system.

# **Reporting Application**

Data will be collected through the WSAC Secure Portal. This program allows each institution to enter and edit data before submitting the final report to WSAC.

The application is available at <u>https://fortress.wa.gov/wsac/portal</u>. Chapter 3 contains detailed instructions for using the URR application.

Entering and editing data are an institutional responsibility. WSAC staff will provide technical assistance as needed to any institution experiencing problems with the application.

Every attempt is made by WSAC staff to ensure the accuracy of URR data. WSAC staff should be notified if an institution anticipates or identifies any errors after the report has been submitted. Data can be corrected if necessary.

# **General File and Data Formats**

Data files must be in CSV format. A sample CSV file with required header labels is available on the WSAC website at: <u>www.wsac.wa.gov/unit-record</u>.

All financial aid fields are to be reported as integers. Round decimals to the nearest whole number. It is recommended to round down for decimals from .1 - .49999, and to round up for decimals from .5 - .99999.

Refer to Chapter 2 and Appendix B for valid values for each field.

For need-based aid recipients, negative numbers are allowed in the Family Income field only. All other numbers provided must be zero '0' or positive numbers.

# **Uploading the CSV File**

When uploading your CSV file, spaces are not allowed in the header row descriptions (e.g., Last Name will need to appear in the header row as LastName).

If a CSV file is not correctly formatted and/or does not contain all expected data elements, the upload will fail. In this case, information will be provided by the system to assist in fixing any errors or omission in the upload process.

Refer to Appendix C for a list of system edits that prevent file upload and import.

Once a file uploads correctly, all records will be edited for valid values.

#### **Testing the Upload File**

Institutions may test their upload file in the Portal training environment prior to uploading to the live URR Portal.

The data uploaded or manually entered into the training site is temporary and clears if left overnight. By using the training environment, institutions may find data edits and make corrections before attempting to make a final URR Portal submission. The training website is located at:

#### https://fortress.wa.gov/wsac/portaltraining

## **Profile Reports**

After data from each institution have been reviewed and finalized by WSAC staff, 2015-16 profile reports will be made available to each institution via the URR application. Profile reports provide descriptive and summary statistics by state, sector, and institution for students who received need-based aid.

# **CHAPTER 2 – DATA DEFINITIONS**

## **Before You Begin**

Please review the contents of this chapter and Appendix B (File Format) to minimize errors during the submission process. Field names in this chapter are hyperlinked to the corresponding field names in Appendix B.

The order of presentation in this chapter generally follows the order of the File Format. The File Format also specifies which fields are required for each type of aid recipient. The following list shows items required for all recipients reported:

#### **Required Fields for All Recipients:**

- SSN (Social Security Number)
- Last Name
- First Name
- Gender
- Is State Resident
- Year In School
- Enrollment Status (for all five terms)
- Financial Aid Received (for all five terms for all programs)

## **General and Demographic Information**

#### <u>SSN</u>

The student's nine-digit Social Security Number. Do not use spaces. Hyphens may be used. Duplicate Social Security Numbers are not allowed.

- **Students Reported in the Interim Report** This should be the same "SSN" as reported in the SNG and CBS final Interim Report. The order of preference is as follows:
  - Social Security Number
  - Nine-digit tax identification number
  - WASFA applicant identification number (from Need Access; begins with '980')

Institutions will receive an error edit at upload for those SSNs whose data do not match previously reported Final Interim Report data. SSNs that are reported in the institution's Final Interim Report but do not appear in the Unit Record Report will be shown as differences in the SNG/CBS/Passport Difference Report.

• **Students Not Reported in the Interim Report** – When reporting data for a student who does not appear in the SNG and CBS final Interim Report, populate the SSN field by entering the nine-digit number used in your institutional reporting.

#### **Institution Student ID**

**Public baccalaureate institutions:** Use the nine-character PCHEES Student ID (element number PCH-E0310) as the first nine characters. If the number is fewer than nine characters, use leading zeroes. You may add additional characters up to 50 characters. This field is required for public institutions but is overrideable.

*Community and Technical Colleges (CTCs):* Use the nine-character, college-assigned student identification number (SID) as the first nine characters (include leading zeroes). You may add additional characters up to 50 characters. This field is required for public institutions but is overrideable.

*Private institutions:* You may use the identification number assigned to the student by the institution. The field is optional and may be left blank.

#### Last Name

Student's last name. If a student only has a first name, report that name as first name and last name.

#### **First Name**

Student's first name. If a student only has a first name, report that name as first name and last name.

#### Middle Name

Student's middle name or initial.

#### **Date of Birth**

Report date of birth using standard numerical U.S. date format - mm/dd/yyyy. The date should be in the range of 01/01/1941 to 12/31/2001. Note: 01/01/1980 (leading zeroes for month and day) and 1/1/1980 (no leading zeroes for month and day) are both acceptable formats. This is a required field when reporting FAFSA-based (and WASFA) aid types.

#### **Gender**

Report one of the following codes:

'1' or 'Male' '2' or 'Female' '3' or 'Unknown' (not permissible for FAFSA filers)

#### Is State Resident

**Public Institutions:** A "Washington resident" is defined as any student classified by the institution as a Washington resident for fee-paying purposes (RCW 28B.15.011-013).

**Private Institutions:** A "Washington resident" is defined as a student who meets the residency requirements for the purposes of the State Need Grant program. If the determination of residency has not been made for state-funded financial aid programs, the student's permanent mailing address may be used for determining residency on the URR.

Report one of the following codes:

Washington Resident: 'y' or 'true' Nonresident: 'n' or 'false'

# Year In School

Report the student's status as of the beginning of the term for which the last financial aid was disbursed for the 2015-16 URR year. This is from the institution's official records. Do not use FAFSA or WASFA to populate this field.

**Example 1:** Student was classified as a sophomore in the fall term and received a disbursement. After the fall term, the student's classification changed to that of a junior. The student was classified as a junior at the final disbursement. This student should be reported as a '3' or 'junior/3rd year'.

**Example 2:** Student was classified as a freshman at the beginning of the last term for which a 2015-16 disbursement was made. After this term was completed, the student had earned enough credits to enroll as a sophomore for the next term. This student should be reported as a '1' or 'freshman/1st year'.

Report one of the following codes:

**'1' or 'Freshman/1st Year'** – Matriculated students with 0-44 quarter or 0-29 semester credit hours enrolled in two-year or four-year degree programs; or first-year students at vocational-technical or proprietary institutions. Do not include below 100-level remedial courses in determining credit hours.

**'2' or 'Sophomore/2nd Year'** – Matriculated students with 45-89 quarter or 30-59 semester credit hours enrolled in four-year degree programs; or 45 or more quarter hours for students at CTCs enrolled in two-year degree programs; or second-year students at vocational-technical or proprietary institutions.

**'3' or 'Junior/3rd Year'** – Matriculated students with 90-134 quarter or 60-89 semester credit hours enrolled in four-year degree programs. Include students who are in the first year of an applied bachelor's program if they have completed an associate degree program.

**4' or 'Senior/4th Year'** – Matriculated students with 135 or more quarter or 90 or more semester hours enrolled in four-year degree programs. Include students who have not completed their degree program after the fourth year of a four-year program. Also include students in the fifth year of a five-year bachelor's program. Include students who are in the second year of an applied bachelor's program if they have completed an associate degree program.

**'5' or 'Unclassified/5th Year'** – Students who hold a bachelor's degree and were not enrolled in a program leading to a graduate degree (master's or doctoral) or a graduate-level certificate. Include students who are working on a second bachelor's degree. Also include students with a bachelor's degree who are getting an associate degree. Use code '8' to count non-matriculated students without a bachelor's degree.

**'6' or 'Graduate'** – Students who hold a bachelor's degree and are enrolled in a program leading to a graduate degree (master's or doctoral).

**'7' or 'Professional'** – A student enrolled in any of the following degree programs: Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B. or J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), or Veterinary Medicine (D.V.M.).

**'8' or 'Other'** – Non-degree, non-matriculated, high school completion, or other students who cannot be classified as any of the above. This category includes Running Start and other students for whom need-based aid is reported but who have not yet graduated from high school.

# **Race/Ethnicity**

The race and ethnicity categories in the URR reflect the U.S. Census Bureau data format adopted by the state's Office of Financial Management (OFM).

Hispanic origin is the only ethnicity category to be reported in the URR. The race categories in URR include: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Pacific Islander, White, and Other. Two or more races may be reported.

Report data if available. Leave blank only if race or ethnicity information is not available or unknown.

#### Is of Hispanic Origin

A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

#### Is Race American Indian or Alaska Native

A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

#### Is Race Asian

A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

#### Is Race Black or African American

A person having origins in any of the black racial groups of Africa. Report one of the following codes:

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

#### Is Race Native Hawaiian or Pacific Islander

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

#### Is Race White

A person having origins in any of the original peoples of Europe, the Middle East, or North Africa. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

#### Is Race Other

Report students in this category only if students have explicitly identified with a **race** not listed above. Do not report Hispanic **ethnicity** in this category. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

# FAFSA, WASFA, and Need-Related Fields

The following additional fields are required for need-based aid recipients with a 2015-16 FAFSA or WASFA on file.

- Marital Status
- Is Dependent
- Family Size
- Number in College
- Family Income
- Expected Family Contribution (EFC)
- Cost of Attendance (COA)
- Need Duration
- Need Amount

If the financial aid administrator made any adjustments (e.g., due to verification, updates from the student, or professional judgment decisions), the revised information should be reported.

**Example 1:** The student filed the FAFSA or WASFA as a dependent student. The financial aid administrator later documented a professional judgment decision that changed the student's dependency status to independent. In this case, the student should be reported as "independent."

**Example 2:** The student's family income for 2014 reported on the FAFSA or WASFA was \$82,000. The student and parents petitioned to the financial aid office that the family income would be \$55,000 for 2015 due to a lengthy period of unemployment. The adjusted income was approved and used to determine eligibility. In this case \$55,000 would be reported as the family income.

These data are optional for non-need based federal loan recipients who did not receive need-based financial aid. After the URR is finalized, unnecessary FAFSA or WASFA non-aid related data will be deleted from all non-need based loan recipient records.

#### Marital Status

Report one of the following codes:

'1' or 'Unmarried' (including single, divorced, or widowed)

'2' or 'Married'

'3' or 'Separated'

#### Is Dependent

Report one the following codes:

Dependent: 'y' or 'true' Independent: 'n' or 'false'

#### Family Size

The number of members in the student's household, including the student, as the Family Size.

*For Dependent Student:* Include the student, parents, siblings, and other dependents used in the needs analysis calculation. This number must be at least 2.

*For Independent Student:* Include the student, the student's spouse if applicable, dependent children, and any other persons used in the needs analysis calculation. This number must be at least 1.

#### Number In College

The number of family members, including the student, expected to be enrolled in an institution at least half-time between July 1, 2015, and June 30, 2016, in programs of study leading to college degrees or certificates. For dependent student filers, this should not include the student's parents unless a professional judgment decision was made to count them. This number must be at least 1.

#### Family Income

The family income used in computing the student's financial need. For most students, the family income will be for the 2014 calendar year as reported on the 2015-16 FAFSA or WASFA. This is a required field if reporting any of the following other items for a student: Expected Family Contribution, Need Amount, or Need Duration.

Only include integers (e.g., no decimals) and do not include dollar (\$) signs. For any negative amounts, include a negative sign (-). For example, a negative family income of \$9,875 would be reported as: '-9875'.

Report the family income levels from your system even if they are higher or lower than the system edit amounts. We prefer that you report the actual amounts and, if an edit occurs, indicate something like "actual income reported on FAFSA (or WASFA)." Reporting of actual income allows for more accurate reporting of average family income levels.

*For Dependent Student:* Parent(s)'s taxable and non-taxable income. Do not include the student's income.

For Independent Student: Sum of student's and spouse's taxable and non-taxable income.

# **Reporting Items in the Need Equation**

Information reported in the four fields that follow may be reported based on the information available at the time of the recipient's first financial aid disbursement during the 2015-16 year.

- Cost of Attendance
- Expected Family Contribution
- Need Duration
- Need Amount

Many students will receive financial aid throughout the year with no changes made to the institution's record for these fields. However, if changes are made in an institution's data record, it is important for the data to be consistent. The following examples may be of assistance:

*Example 1:* Student is expected to enroll for a nine-month academic year. All four fields should be reported on this basis.

*Example 2:* Student was originally expected to enroll for a nine-month academic year. The student, however, did not return to school after the fall term. In this case, the institution may decide either to:

- A. Not make any changes to these four fields. However, enrollment status and financial aid disbursement amounts must be reported accurately for all terms. or
- B. Adjust all four fields in order to align with the actual term-by-term enrollment status.

## Cost of Attendance

The estimated student budget upon which the Need Amount was calculated. Include tuition, fees, books and supplies, living, personal, and transportation expenses. The Cost of Attendance should be consistent with the number of months reported in the Need Duration.

#### **Expected Family Contribution**

This will usually be the Federal Methodology calculation produced by the U.S. Department of Education based on the 2015-16 FAFSA or WASFA. If a financial aid administrator has made a professional judgment decision to adjust the EFC, the adjusted EFC amount should be reported. This should be consistent with the number of months reported in the Need Duration. This is a required field if reporting any of the following other items for a student: Family Income, Need Amount, or Need Duration.

*For Dependent Students:* The expected family contribution is based on the information reported by the student and the student's parent(s) on the FAFSA or WASFA.

*For Independent Students:* The expected family contribution is based on the information reported by the student, and the student's spouse if applicable, on the FAFSA or WASFA.

#### Need Duration

The number of months for which the Need Amount was calculated and the Cost of Attendance was determined. For example, if a student's need amount and cost of attendance were based on nine months, the figure '9' would be reported. This is a required field if reporting any of the following other items for a student: Family Income, Expected Family Contribution, or Need Amount.

The Need Duration should be reported as integers from 1-12.

#### Need Amount

The amount of need used to determine the student's eligibility. This should equal the Cost of Attendance minus the Expected Family Contribution (EFC). This is a required field if reporting any of the following other items for a student: Family Income, Expected Family Contribution, or Need Duration.

Cost of Attendance <u>– Expected Family Contribution</u> = Need Amount

If the above calculation results in a negative number, report the Need Amount as zero ('0'). Should a Need Amount be reported as a negative number, WSAC will adjust the URR to reflect a zero ('0').

# **Reporting Term Enrollment and Financial Aid for Five Terms**

Enrollment and financial aid received must be reported on a term-by-term basis. When preparing the CSV file, follow the sample file format which replaces the word 'Term' with 'Summer 1,' 'Fall,' etc. for all fields for all five terms.

- Summer 1
- Fall
- Winter
- Spring
- Summer 2

Term enrollment and financial aid should be reported for all terms or time periods for which students received aid based upon the 2015-16 FAFSA or WASFA. For some institutions, this may cover the time period of July 2015–June 2016. For others, it may more closely represent the dates of August 2015–July 2016. It will not, in most cases, exceed 12 months. If you are reporting assistance for students who did not submit a FAFSA or WASFA, use the same time period for these students as you use for FAFSA or WASFA filers.

**NOTE**: The URR now checks to ensure that a positive enrollment status (any status except for '0' or 'Not enrolled') is reported for each term that aid was reported on a student record, excepting certain work programs (Example: State and Federal Work Study, which allows for payment during a non-enrolled term, such as Summer). This edit is overrideable.

#### **Quarter and Semester Term Institutions**

*Quarter institutions* will use fall, winter, spring, and appropriate summer terms for the reporting of financial aid recipients.

*Semester institutions* will normally use fall, spring, and appropriate summer terms for the reporting of financial aid recipients. If there was specific grant, scholarship, or loan assistance disbursed to the student for the short period between the fall and spring semester, report as fall, winter, or spring term financial aid based on institution reporting preferences. If there was specific Federal Work Study, State Work Study, or Institutional Employment awarded for the time between fall and spring terms, you may report it as winter term.

Each institution with a **summer enrollment** period (typically between May and August) should report summer aid disbursements as a "leader" institution or as a "trailer" institution based on federal program rules. Institutions should report financial aid disbursed under "leader" rules as 'Summer 1' assistance. Institutions should report financial aid disbursed under "trailer" rules as 'Summer 2' assistance. If an institution has more than one summer term during the same summer, financial aid and term enrollment status should be combined and reported as a single summer term.

**Example 1:** A student at a "trailer" institution received financial aid for two short summer sessions in 2016, based on the 2015-16 FAFSA or WASFA. The student received financial aid for 6 credits the first summer session (mid-May to late June) and received financial aid for another 6 credits the second summer session (early July to mid-August). Report all aid as 'Summer 2' with the student's enrollment status as full-time. 'Summer 1' enrollment and all financial aid fields will be '0'.

**Example 2:** A student at a "leader" institution received financial aid for the summer 2015 term based on the 2015-16 FAFSA or WASFA. When this URR was being submitted, the student also received financial aid for the summer 2016 term (based on a 2016-17 FAFSA or WASFA). Report aid received during the summer of 2015 as 'Summer 1'. Report 'Summer 2' enrollment status and corresponding financial aid fields as 'O'. (Note, in this case the 2016 summer enrollment and aid received will be reported on the 2016-17 URR.)

*Combination of leader and trailer awards:* If your institution awarded some programs under leader rules and other programs under trailer rules, leader awards should be reported in Summer 1 and trailer awards should be reported in Summer 2.

#### **Continuous Enrollment Credit Hour Institutions and Clock-Hour Institutions**

Some clock-hour institutions do not divide their school year into academic terms. These institutions should report each student's enrollment status and financial aid received in each of the five time periods. Each term should represent approximately 10 weeks. The reporting periods should be based on when the majority of enrollment occurred.

The terms and dates reported should be consistent with the information reported for State Need Grant in the CSAW portal application on the final interim report for the 2015-16 year.

#### **Term Date Ranges for Clock-Hour Institutions**

Term	From	То
Summer 1	July 1, 2015	September 11, 2015
Fall	September 12, 2015	November 22, 2015
Winter	November 23, 2015	February 5, 2016
Spring	February 6, 2016	April 18, 2016
Summer 2	April 19, 2016	June 30, 2016

These reflect the same date ranges that appeared in the 2015-16 SNG manual.

#### **Term Enrollment Status**

Enrollment should be reported based upon the student's status or scheduled clock hours at the time financial aid was disbursed or a fixed date such as the tenth day of enrollment.

**Undergraduate Enrollment Status:** Use the following codes for reporting enrollment status by number of undergraduate credits or scheduled clock hours per term.

Undergraduate Enrollment Status	Credits	Scheduled Clock Hours	URR Codes
Not Enrolled	n/a	n/a	'0' or 'Not enrolled'
Full-Time	12 or more	300 or more	'1' or 'Full time'
Half-Time	6 - 8	150 – 224	'2' or 'Half time'
Three-Quarter	9 - 11	225 – 299	'3' or '3/4 time'
Less Than Half-Time	Less than 6	Less than 150	'5' or '< Half time'

*Graduate Student Enrollment Status:* Use the following table for reporting enrollment status based on the institution's definition of enrollment status for graduate students.

Graduate Enrollment Status	URR Codes
Not Enrolled	'0' or 'Not enrolled'
Full-Time	'1' or 'Full time'
Half-Time	'2' or 'Half time'
Three-Quarter	'3' or '3/4 time'
Less Than Half-Time	'5' or '< Half time'

# **Reporting of Financial Aid Received**

Use whole dollar amounts (no decimals and no dollar signs (\$)) when reporting financial aid disbursements or funds received.

Do not report aid from one program in multiple URR fields. If there are two or more possible fields to report in, choose one or contact <u>unitrecord@wsac.wa.gov</u> for assistance.

For each aid program that follows, five terms are to be reported. Indicate '0' for all terms that a student did not receive specified aid or was not enrolled. Do not leave any fields blank.

**Consistency with other WSAC Reporting**: Information provided in the URR for programs such as SNG, CBS, and Passport to College will be compared on a recipient basis with information submitted in the Final Interim Report and other WSAC reports.

Generally, the total funds reported for each recipient should be the same for all of the reports. For any difference of greater than \$10 per student, institutions will need to either reconcile the reports or provide an edit override explanation.

## **Federal Aid Programs**

#### **Federal Pell Grant**

The amount of Federal Pell Grant funds received by the student.

#### **Federal SEOG**

The total amount of Federal SEOG funds received by the student. Include federal and institutional match awards.

#### Federal TEACH Grant

The amount of Federal TEACH Grant funds received by the student.

#### **Federal Nursing Scholarships**

The amount of federal scholarships and grants received by the student for nursing and other health professional training.

#### Federal Work Study

The student's gross Federal Work Study compensation. Include federal, employer, and institutional shares and include all employers, both on- and off–campus earnings.

For institutions reporting fall and spring semesters, normally include any earnings received between the terms with either the fall or spring terms.

Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

There are two options for reporting work study earnings:

**Actual Term Earnings:** Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester institution may report all earnings from September–December as fall term aid, and earnings from January–May as spring term aid (with '0' reported for winter aid). Quarter institutions may report September–December earnings for fall term, January–March earnings for winter term, and April–June earnings for spring term.

**Average Term Earnings:** Institutions may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half-time or higher. For example, if a student received \$3,261 in earnings at a semester institution over the course of an academic year, it could be reported as \$1,631 fall term earnings and \$1,630 spring term earnings.

#### Federal Perkins Loan

The amount of Federal Perkins Loan funds received by the student.

#### **Federal Nursing Health Loans**

The amount of any Federal Nursing Student Loan or federal health professions student loan funds received by the student.

#### Federal Direct Subsidized Loans

The total gross amount borrowed by the student, including fees, from the Federal Direct Subsidized Loan program. Note this amount may not be the amount requested on the application form. This program may also be called the Federal Stafford Subsidized Loan.

#### Federal Direct Unsubsidized Loans

The total gross amount borrowed by the student, including fees, from the Federal Direct Unsubsidized Loan program. Note this amount may not be the amount requested on the application form. This program may also be called the Federal Stafford Unsubsidized Loan.

#### **Federal Parent PLUS Loans**

The total gross amount borrowed by the student's parent(s), including fees, from the Federal Parent PLUS Loan program. Note this amount may not be the amount requested on the application form.

#### **Federal Grad PLUS Loans**

The total gross amount borrowed by the student, including fees, from the Federal Grad PLUS Loan program. Note this amount may not be the amount requested on the application form.

# **State Aid Programs**

#### **State Need Grant (SNG)**

The amount of State Need Grant funds received by the student. The amount reported should normally be the same amount reported on the Final Interim Report.

#### **<u>College Bound Scholarship</u> (CBS)**

The amount of College Bound Scholarship funds received by the student. The amount reported should normally be the same amount reported on the Final Interim Report.

#### Passport to College Scholarship

The amount of Passport to College Scholarship funds received by the student. In the unusual circumstance that an incentive grant is used to enhance a student's financial aid award, the incentive grant must be reported as financial aid received by the student in the URR.

For example, if the student received a \$4,500 Passport to College Scholarship and a \$500 incentive grant payment, the institution should report that the student received a \$5,000 Passport to College Scholarship on the URR. The amount reported should normally be the same amount reported on the PTC Final Interim Report.

#### **GET Ready for Math & Science**

The amount of GET Ready for Math & Science scholarship funds received by the student.

#### **Opportunity Scholarship**

The amount of Opportunity Scholarship funds received by the student. This program may also be called the Washington State Opportunity Scholarship administered by the College Success Foundation.

#### **SBCTC Opportunity Grant**

The amount of State Board for Community and Technical College (SBCTC) Opportunity Grant funds received by the student. Note this grant is only available to students attending community, technical, and select private career institutions.

#### **Other State Funded Gift Assistance**

The amount of other state scholarships and grants received by the student (e.g., Global Opportunity Grants [applies to UW only], Early Achievers Opportunity Grants, GEAR UP, Washington Scholars, WAVE, and/or the American Indian Endowed Scholarship), that are not included in another state aid category.

Note that family-purchased Guaranteed Education Tuition (GET) fund distributions are not to be reported in the Unit Record Report. However, GET funds received by the student as a GEAR UP program distribution must be reported as Other State Funded Gift Assistance.

#### **On-Campus State Work Study**

The student's gross on-campus State Work Study compensation. Include state and institutional share.

For institutions reporting fall and spring semesters, normally include any earnings received between the terms with either the fall or spring terms. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

There are two options for reporting work study earnings:

Actual Term Earnings: Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester institution may report all earnings from September–December as fall term aid, and earnings from January–May as spring term aid (with '0' reported for winter aid). Quarter institutions may report September–December earnings for fall term, January–March earnings for winter term, and April–June earnings for spring term.

**Average Term Earnings:** Institutions may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half-time or higher. For example, if a student received \$3,261 in earning at a semester institution over the course of an academic year, that could be reported as \$1,631 fall term earnings and \$1,630 spring term earnings.

#### **Off-Campus State Work Study**

The student's gross off-campus State Work Study compensation. Include state and offcampus employer share.

For institutions reporting fall and spring semesters, normally include any earnings received between the terms with either the fall or spring terms. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

Note: The same two options for reporting earnings (see above section) are available.

If the institution acts as the employer of record and the student works off campus, it is preferable for earnings to be reported as off-campus State Work Study. If accounting constraints do not permit earnings to be recorded as off-campus, the earnings may be reported as on-campus State Work Study.

#### **WorkForce Training Funds**

The amount of Worker Retraining Program funds received by the student. Also include Work-Based Learning Tuition Assistance Funds and Basic Food Employment & Training (BFE&T) dollars in this category.

# **Institutional Aid Programs**

#### **Need-Based Institutional Gift Aid**

The amount of all institutional grants, scholarships, and/or waivers awarded solely or partially on the basis of need.

Institutional scholarships, grants, and waivers awarded only on the basis of merit or other non-need based criteria should be reported as Non-Need Based Institutional Gift Aid.

#### Non-Need Based Institutional Gift Aid

The amount of institutional scholarships, grants, and/or waivers received by the student not based on a review of the 2015-16 FAFSA, WASFA, or other need determination.

Institutional grants, scholarships and waivers awarded solely or partially on the basis of need should be reported as Need-Based Institutional Gift Aid.

#### **Institutional Employment**

The student's gross non-work study institutional employment earnings (on- or off-campus) if the employment was included as part of the student's financial aid package.

Also include WorkFirst work study funds and any amounts from the institutional aid fund distributed as institutional employment.

Do not include earnings reported as Federal Work Study or State Work Study.

For institutions reporting fall and spring semesters, normally include any earnings between the terms with either the fall or spring terms. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

#### **Institutional Loans**

The amount of all institutional loans disbursed to the students. Do not include "short term" or "emergency" loans generally repaid within a few months.

# **Other Financial Aid Programs**

If there are any additional conditional, private, or other loans that have not been reported elsewhere, report the loan amount received by the student in one of the next three categories. Choose the category that fits best.

#### **Conditional Loans**

The amount of scholarships, grants, and loans received by the student and not reported elsewhere that have the potential for loan repayment if required conditions are not met. Examples include state-funded conditional scholarship programs and other conditional scholarship/loans such as Alternative Routes to Teaching Certification and Future Teachers Conditional Scholarships.

#### **Private Loans**

The amount of PREP loans, community foundation loans, and all other private loans received by the student and not reported elsewhere.

#### **Other Loans**

The amount of Canadian, Micronesian, Alaska Student Loans, and other agency or government loans received by the student and not reported elsewhere, such as the Aerospace Loan Program (ALP).

#### **Outside Scholarships**

The amount of known outside or private scholarships funds received by the student.

Include National Merit, employer-funded tuition assistance, company, service club, and any other private scholarships or grants not reported elsewhere.

Scholarships funded by the institution's foundation or endowment should be reported as either Need-Based Institutional Gift Aid or Non-Need Based Institutional Gift Aid.

#### **Other Agency Assistance**

The amount of scholarships and grants received by the student from other agencies or government sources not reported elsewhere.

Include Department of Labor and Industries, Services for the Blind, Workforce Investment Act, Vocational Rehabilitation, AmeriCorps Education Award, Bureau of Indian Affairs (BIA), Reserve Officers' Training Corps (ROTC), Chapter 31 and 33 Veterans Benefits or other Veterans Benefits, federal scholarships for TRIO students, federal Education and Training Vouchers (ETV), and other agency assistance.

# Uploading Data from a File

From the "Welcome" screen, click on the "Next: Proceed to Upload" button.

Click the "browse" button to find the file you want to upload. Be sure to select a file saved in .CSV format, then click the "upload" button. **CAUTION:** If uploading a new file, all prior data and overridden errors will be deleted from the system.

The upload process may take a while, depending on file size. The "Processing" progress bar shows the ratio of records processed to the total records contained in the file download (shown below) and can be used to determine how much of the file has been processed.

If the file contains errors, you will see a message, like the one below, indicating that you need to correct your file and resubmit. From here, you can either click on the "discard file" button to return to the upload page or click on the "download errors to csv" button to see a complete list of errors in your file.

**NOTE: Missing SNG Unserved.** The SNG/CBS/PTC difference report now includes a tab called "Missing SNG Unserved Students." This tab includes a listing of the terms and enrollment statuses for any unserved SNG students reported by your institution in your 2015-16 Final Interim Report (FIR) for whom a corresponding 2015-16 URR record is missing. Review the list and then report one or more of the following items, as appropriate:

- 1. If ALL students reported on the list enrolled appropriately for all of the 2015-16 terms as shown and did not receive any need-based aid or federal loan assistance, send an email to <u>unitrecord@wsac.wa.gov</u> with a brief note verifying this.
- 2. For any students on the list who did receive need-based aid or federal loan assistance at your institution during the 2015-16 year, add URR record(s) to rectify the situation.
- 3. If any students were reported incorrectly on the 2015-16 FIR, send a file to WSAC through our **secure Portal email** indicating the Student Name(s), SSNs, and information that needs correction (e.g., Susan Sample, SSN, should not have been reported on the FIR as she was not enrolled for any of the terms indicated).
- 4. If only some of the students on your list were reported correctly, send a file to WSAC through our **secure Portal email** indicating their Student Name(s) and SSNs, along with a note indicating that the student(s) enrolled appropriately for all of the 2015-16 terms as shown and did not receive any need based aid or federal loan assistance.

You may download the "Missing SNG Unserved Students" list to confirm accuracy or report corrections by clicking the "Download unserveds to CSV" button; save the file to your PC, and then attach the notated CSV file to the **secure Portal email** returned to WSAC.

You have another opportunity here to review any differences between your URR data and Portal records for State Need Grant, College Bound Scholarship, and Passport to College. If you find additional differences here, you can edit the records by clicking "Return to the Edit List." If there are significant differences, you may be asked to explain the differences before your report is finalized by WSAC staff.

If the difference is related to an SSN mismatch that originates as an error in the SNG/CBS/PTC Final Interim Report, the difference cannot be corrected from the institution side of the Portal. To make WSAC staff aware of and correct this issue, click the "Send an Email" button to send a secure email to the Unit Record Report Team.

## **Reports Available After Submission**

We recommend that you make copies of your Program Totals Report and the Demographic Distribution Reports once you have submitted your final URR. You can also review previous year Profile reports at this time.

**PLEASE NOTE:** Prior to final closure of all URR submissions for the year, your Preliminary 2015-16 Institutional Totals Report column will include all non-need based aid reported at the time of your institution's submission. Non-essential, non-need-based data will be removed after all URRs have been finalized. Until the non-need based aid is removed from the 2015-16 column, the Program Totals Report will reflect a greater percentage change between the 2014-15 and 2015-16 columns, than will appear when the final reports for 2015-16 are released in January.

## **Updated Profile Reports Available in January 2017**

Updated Profile Reports that include 2015-16 comparison information of your institution's data to all institutions in your sector as well as to all institutions in the state will be available in January 2017. Institutions will receive an email announcement when the reports are available.

Prior to January 2017, Profile Reports are available with comparison information for the previous five years and they can be downloaded and printed in PDF at any time. To view these Profile Reports, click the drop down box and select the appropriate academic year as shown in the screenshot example:
