

2020 Reconciled Sign-Up Rate

2020 Initial Sign-Up Rate

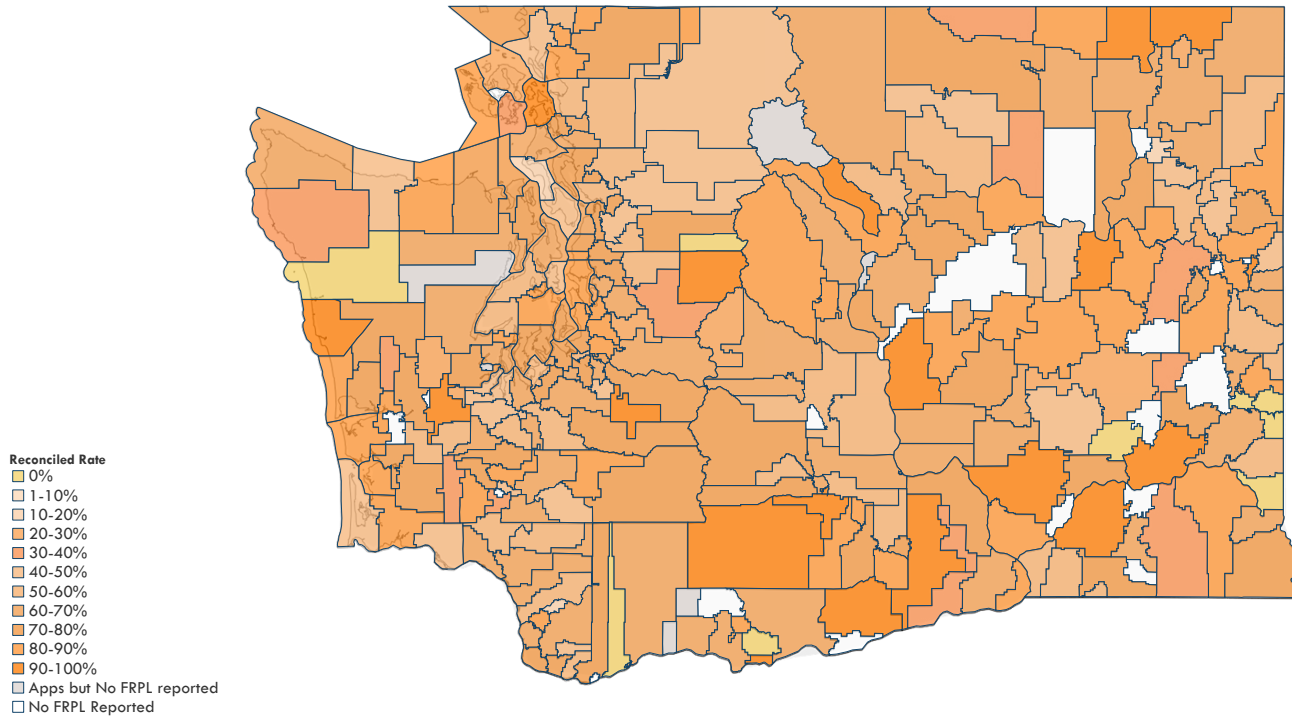

The **Initial sign-up rate** is a **preliminary benchmark** to track sign-up progress and used a cohort's snapshot of Free and Reduced Price Lunch (FRPL) eligible students from October of their 7th grade year, and is often **higher than the Reconciled sign-up rate** which includes FRPL eligible students in both the 7th and 8th grades.

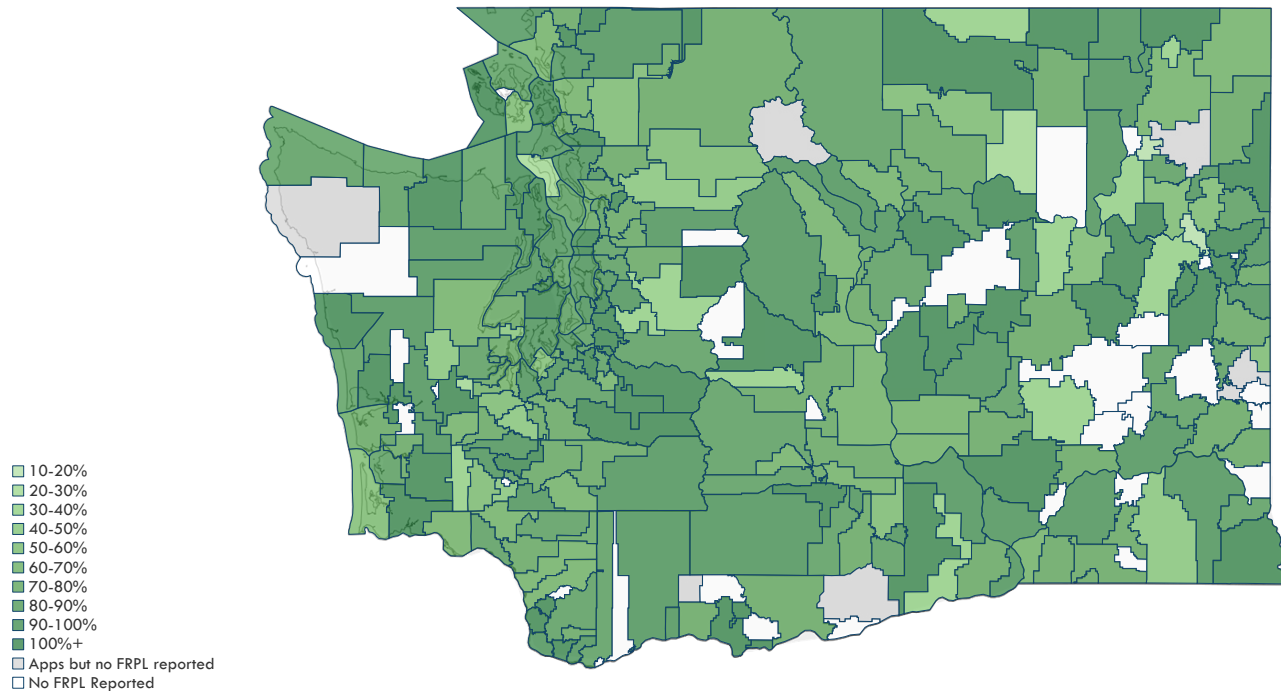

Complete CBS Applications: The number of **applications completed** based on initial school of record when application was submitted. **Initial Eligible:** The number of **FRPL eligible students** based on data schools submit to OSPI in the fall of the **cohort's 7th grade year**, the first year students are eligible to apply for the College Bound Scholarship. **Initial Rate:** Calculated using the **number of complete applications divided by the number of initial eligible students**. In cases where the **rate exceeds 100%**, more eligible students (i.e. foster youth, students not signed up for FRPL, etc.) applied for the scholarship than those reported to OSPI.

Class of 2020 Gold Star Schools and Districts

Gold Star Districts (Shaded) and Schools (Stars) exceeded the 2020 state-wide average College Bound Scholarship sign-up rate of 71%.

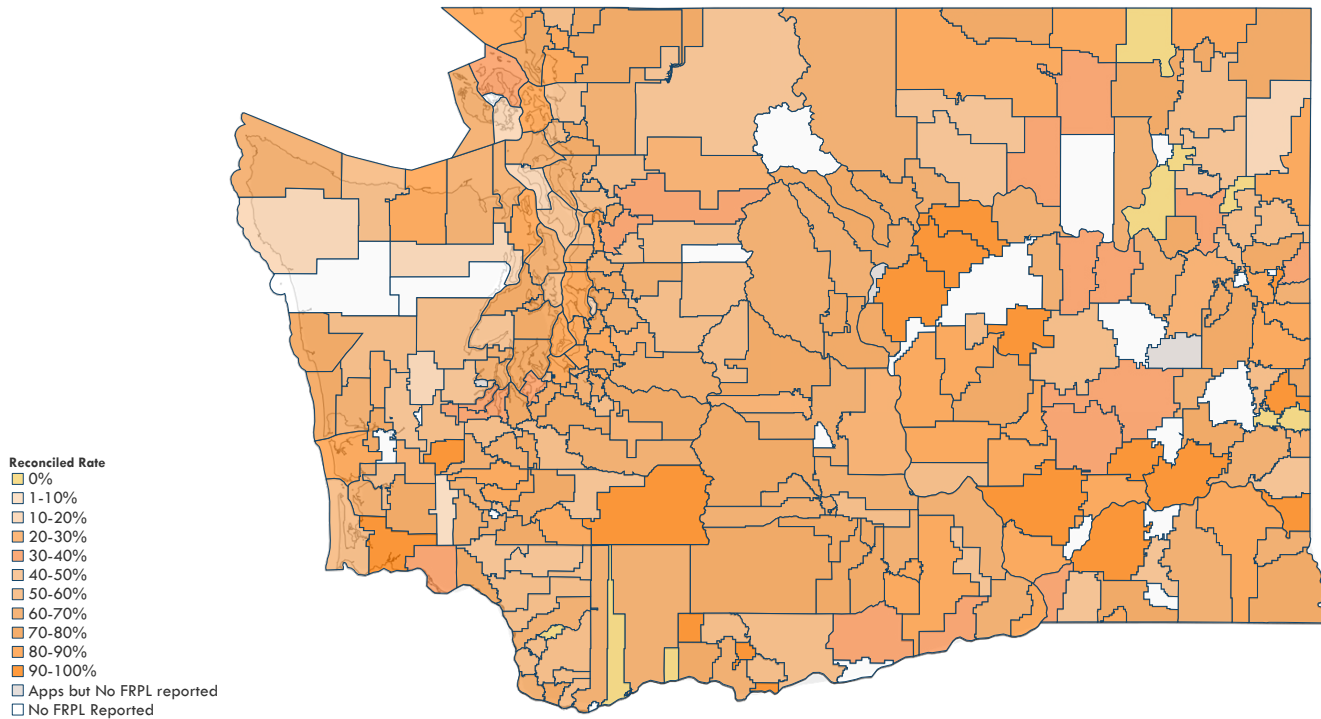

The reconciled sign-up rate is a retrospective measure calculated after the start of the cohort's 9th grade year. It is often less than the initial sign-up rate whose denominator is based on 7th grade FRPL enrollment.

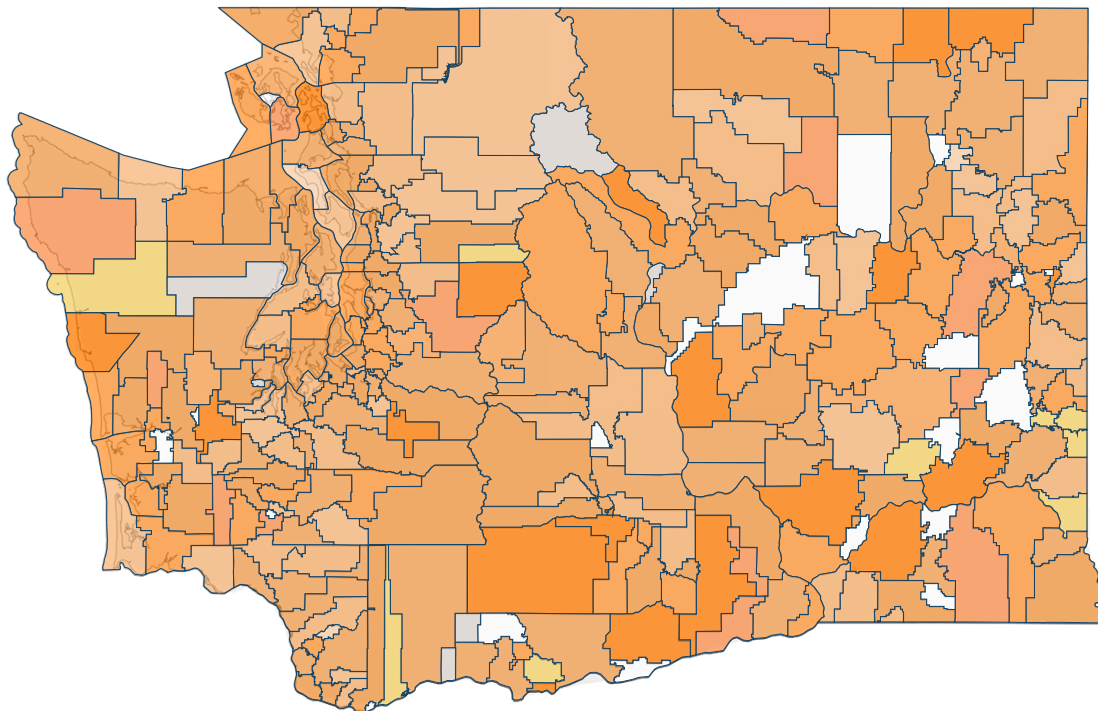

Complete CBS Applications: The number of **applications completed** based on initial school of record when application was submitted. **Initial Eligible:** The number of **FRPL eligible students** based on data schools submit to OSPI in the fall of the **cohort's 7th grade year**, the first year students are eligible to apply for the College Bound Scholarship. **Initial Rate:** Calculated using the **number of complete applications divided by the number of initial eligible students**. In cases where the **rate exceeds 100%**, more eligible students (i.e. foster youth, students not signed up for FRPL, etc.) applied for the scholarship than those reported to OSPI.

2020 Reconciled Sign-Up Rate

2019 Reconciled Sign-Up Rate

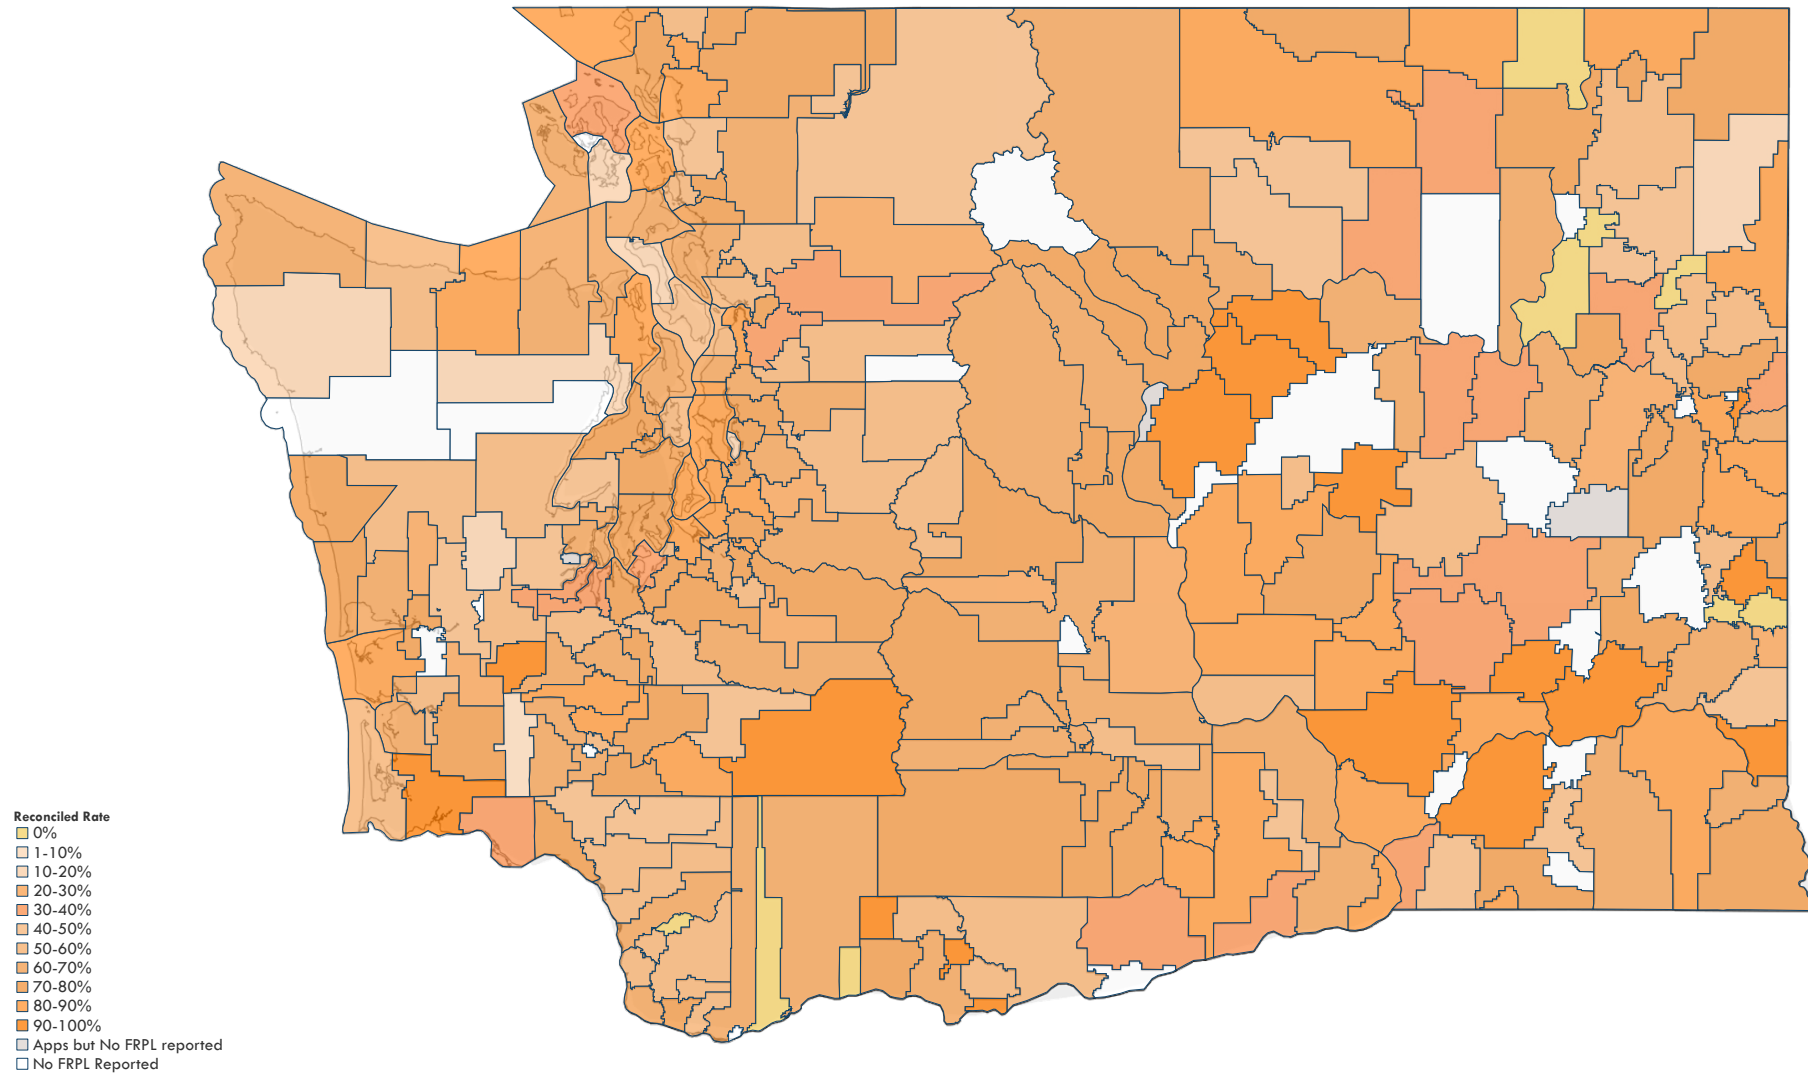

The reconciled sign-up rate is a retrospective measure calculated after the start of the cohort's 9th grade year. It is often less than the initial sign-up rate whose denominator is based on 7th grade FRPL enrollment.

Reconciled Complete: The number of students with complete applications who were attending a specific school at the end of their 8th grade year. This school may be different from the one that they were attending when they originally applied for the College Bound Scholarship. **Reconciled Eligible:** Number of students who became eligible for Free and Reduced Price Lunch anytime during the 7th or 8th grade. **Reconciled Rate:** Calculated using the number of reconciled complete applications divided by the number of reconciled eligible students. **Note:** In cases where either the initial or reconciled rate exceeds 100%, more eligible students (i.e. foster youth, students not signed up for Free and Reduced Price Lunch, etc.) than those reported to OSPI applied for the scholarship.
