The Washington Scholars Program

The 1981 Legislature enacted the Washington Scholars program to honor the accomplishments of three high school seniors from each of the state's 49 legislative districts. The Washington Student Achievement Council administers the program, in cooperation with the Washington Association of Secondary School Principals.

The Washington Scholars award represents the highest academic honor conferred to high school students graduating in the state of Washington. Recognition as a Washington Scholar includes no monetary scholarship benefit at this time.

High school principals nominate the top one percent of their graduating senior classes for Washington Scholars consideration on the basis of academic achievement, leadership, and community service. A 36-member selection committee, comprised of representatives from public and private high schools, state educational agencies, and public and private four-year colleges and universities, then winnows the list.

The three highest-scoring candidates in each legislative district are recognized as Washington Scholars and the fourth-ranked candidate is designated the Washington Scholar Alternate.

The Washington Scholars program provides important recognition for some of our state's most exemplary high school students even when budgetary constraints preclude financial awards. We are honored to extend congratulations to the Washington Scholars of 2013 on behalf of the leaders of this state.

This directory lists the 147 Washington Scholars and 49 Washington Scholar Alternates of 2013-14, including their hometowns, high schools, intended fields of study, and legislative districts.
