WSAC Mission:

We advance educational opportunities and attainment in Washington. In pursuit of our mission, the Washington Student Achievement Council:

- Leads statewide strategic planning to improve educational coordination and transitions.
- Supports Washingtonians through the administration of financial aid, 529 college savings plans, and support services.

- Advocates for the economic, social, and civic benefits of postsecondary education.

*5. Based on your perspective as a leader within Washington's education system, what have been the most impactful, value-add WSAC initiatives since 2013?

Future focus areas – Page 3

WSAC works across all state agencies to address issues that impact credential attainment. We seek to be additive and not duplicative of other efforts in our state.

The next set of questions will ask you to think about strategic opportunities that WSAC is well-positioned to address given our assets (e.g. research, financial aid expertise, etc.). Question 6 will ask you to consider this from a broad, system-level view. Question 7 will ask more narrowly for your “needs” based on your specific role or interest in the education system.

*6. What are the most important strategic opportunities WSAC should focus on for 2019-2023? Please consider the needs of the entire system, not just as a representative of an organization. (Limit to 3 responses)
