# October ED Update

Gene Sharratt, Ph.D. | Washington Student Achievement Council

# Two-Month Review

The Executive Director update will highlight the agency’s efforts related to our statutory mission and program administration.

The two-month summary chart provides a synopsis of agency efforts since the last Council meeting.

**WASHINGTON STUDENT

# ELT Goals and Norms

## Washington Student Achievement Council Executive Leadership Team Norms

1. **Respect people**
2. **Come prepared**
3. **Assume positive intent**
4. **Seek first to understand**
5. **Demonstrate professional courtesy**
6. **Recognize and celebrate success**
7. **Honor diverse opinions**
8. **Commit to solutions**
9. **Maintain confidentiality**
10. **Stay focused on tasks and agenda items**

## Washington Student Achievement Council Executive Leadership Team Goals

1. Continue to enhance the **internal strategic plan (STEP UP)** as a vehicle for ongoing professional development.
2. Maintain **current All Staff meeting calendar** with specific focus on alignment with STEP UP goals.
3. Continue to promote **WSAC U**, by scheduling and encouraging staff to teach/share and attend events of interest, both personally and professionally.
4. Maintain agency support for **increased educational attainment**.
5. Continue the **culture of recognition and honoring colleagues**.
6. Maintain and, where appropriate, **expand current internal communication** with staff.
7. Continue to **recruit, train and retain quality staff**.
8. Continue **strong relationship-building outreach activities**.
9. Utilize **continuous improvements and Lean processes** to increase efficiencies and performance.
10. Continue to promote a **culture of one agency**.

# SFA PARTNER

Quarterly Update

October 2015

## From the Director

Hello SFA Partners --

We at WSAC are fortunate to work with many SFA partners and friends at the 68 Washington institutions that provide federal, state, and private financial aid to more than 184,000 students in need of assistance each year. We value this partnership with you very much, and hope that you will feel free to provide suggestions and feedback to us.

We are implementing the **SFA Partner** as a quarterly communication tool from us to you. This first issue includes topics of general interest, along with some topics we feel deserve special attention on your part.

Please also know that our best intention was to have all program manuals for 2015-16 available by fall; however, we are still working on the final details of combining SNG and CBS into one manual. Because we are still a couple of weeks out from releasing this new manual, we are including additional guidance on making 2015-16 awards to CBS, SNG and Passport to College students. If you have any awarding questions, please do not hesitate to contact our SFA program staff.

We hope you will share this issue of the **SFA Partner** with other colleagues at your institution, and encourage them to [subscribe](#) to the **SFA Partner**, so that they can receive future editions in a timely manner.

Wishing everyone a wonderful fall season!

Becky Thompson  
Director of Student Financial Assistance

## SNG, CBS, and Passport to College Awarding Information for 2015-16

- **Until the 2015-16 program manuals are available, please use:**
  - 2014-15 program manuals <http://www.wsac.wa.gov/FAA-resources>
- **July 2, 2015 “Additional 2015-16 State Aid Program Guidance” email which includes:**
  - Requirement for 100% coordination of SNG and CBS awards
  - 2015-16 Maximum State Need Grant Award Amounts
  - 2015-16 Maximum College Bound Scholarship Award Amounts
  - 2015-16 Median Family Income (MFI) Chart

For the full version, click [here](#).

- **Passport to College Scholarship awards are at the same level as for the 2014-15 year. Therefore please refer to the 2014-15 Passport to College Program Manual for program details.**
- **Required changes to Self-Help Requirements for State Need Grant/College Bound Scholarship/Passport to College Programs:**
  - State Need Grant self-help requirement is not to be used for College Bound Scholarship students.
  - Apply self-help rules only to SNG and/or Passport students without CBS awards. In addition:
    - “At Home” students may have a 12% of Cost of Attendance requirement (your option).
    - SBCTC Opportunity Grants and Education & Training Vouchers (ETV) are now considered forms of self-help.
    - Institutions with COA budgets of 25% less than WFAA approved budgets may be considered to have met the self-help requirement for SNG (if this applies, contact WSAC for final approval).
- **State Financial Aid for DREAMers with DACA Status**
  - As of July 31, 2015, State Need Grant and the College Bound Scholarship are available to students who have Deferred Action for Childhood Arrival (DACA) [status](#).
  - Students with DACA status must:
    - Meet the same residency requirements as U.S. citizen (typically parents living in the state for one year prior to college).
    - Provide DACA documentation (I-797 form) to either the financial aid office or the residency officer.
  - Eligibility for College Bound Scholarship still restricted to those who successfully applied in 7th or 8th grade. Beginning next week, the Cruncher will include WASFA data. Please watch for an email from Carissa that will include more details.

[Return to top ^](#)

## Upcoming Important Dates to Remember:

- **Pave the Way Conference in Tacoma, October 5 & 6**  
For more details about the conference see: [www.wsac.wa.gov/2015pavetheway](http://www.wsac.wa.gov/2015pavetheway)
- **2014-15 Unit Record Report submission due October 9**
- **WSAC Update at fall WFAA conference in Tacoma, October 16**
- **Fall Interim Reports for SNG and CBS due November 6**

## **WASFA filers and the 2014-15 Unit Record Report (URR):**

Students who submitted the Washington Application for State Financial Aid (WASFA) forms in 2014-15 and received any need-based financial aid must be reported in the 2014-15 URR. Where required FAFSA data is not available, WASFA data must be provided in lieu of FAFSA for these students. This applies mainly to DREAMers who may be receiving State Need Grants.

[Return to top ^](#)

## **CBS Eligible Students Receiving Additional State Funding such as Opportunity Scholarships or Passport to College Scholarships:**

Eligible CBS students must first be awarded all other state grants or scholarships for which they are eligible. This includes the following programs:

- State Need Grants (all CBS students must receive in 2015-16 and beyond)
- Washington State Opportunity Scholarships (administered by the College Success Foundation)
- Passport to College Promise Scholarships (for current and former foster youth)
- SBCTC Opportunity Grant (administered by WA State Board for Community and Technical Colleges)
- American Indian Endowed Scholarship (administered by WSAC)

For an eligible CBS student who receives such state aid in addition to a State Need Grant, that combination of aid will almost always exceed the maximum amount that a CBS student would receive if there was actual CBS funding in the student's award package. In situations like this, it is to the student's benefit to receive State Need Grant funding and the other state aid without College Bound Scholarship funding.

[Return to top ^](#)

## **Elimination of State Need Grant (SNG) Transfer Fund:**

Transfer funds will no longer be held aside for separate consideration. Transfer funds will be distributed using the SNG "fair-share" distribution model beginning in 2015-16.

[Return to top ^](#)

## **Change to Current Year SNG Receivables:**

All repayment funds that are collected by WSAC during the 2015-16 year will go back to the SNG general allocation and will not be returned to the institution's allocation. Funds collected by the institution for current year receivables still must be redistributed to students.

[Return to top ^](#)

## **New CSAW to be released in December 2015**

WSAC staff continue work on an improved version of CSAW in the WSAC Portal, with an anticipated release in December 2015. Improvements include the ability to include Passport to College Scholarship awards in the upload file, a more intuitive payment request screen, and a revamped summary of account status. Until that time all Passport awards must be handled in the same way described in the 2014-15 Passport to College Scholarship Program Manual.

[Return to top ^](#)

## State Work Study (SWS) Information

- **Program Manuals:**

The 2015-16 SWS program manual now is electronic only, allowing for real-time updates during the year, significant savings in print and mail costs, and waste reduction. You will find the manual in PDF format by clicking this [link](#).

To quickly and easily search for a topic, press the “**Ctrl**” and “**F**” keys simultaneously on your keyboard (“**Ctrl+F**”). A search box will open in the upper left corner of your screen. Type in the word or term you are looking for, and you’ll be directed to all occurrences located within the manual.

- **Allocations:**

A final 2015-17 biennial budget, which maintains current SWS funding levels and policies, has been passed and is now law. The 2015-16 SWS appropriation remains at \$7.8 million. Allocations are based on the institution’s calculated percentage of available program resources as adjusted by historical utilization performance.

Initial allocation notices for 2015-16 were emailed to institutions earlier this summer. Initial allocations represented approximately 75% of an estimated final allocation amount for 2015-16. Allocations were finalized once 2014-15 SWS activity was fully complete, and final allocations were emailed to institutions in mid-August.

Please note that significant opportunities to redistribute SWS funds throughout 2015-16 are not anticipated.

- **Employer Match Rates:**

Employer types, associated maximum reimbursement, and minimum match rates for 2015-16 will remain at 2014-15 levels. Institutions must apply appropriate minimum matching rates/maximum employer reimbursement rates per employer type as described below:

- **For-Profit Employers** equal 40% maximum SWS program reimbursement/60% minimum employer match contribution.
- **Public/Private Institutions/Governmental Agencies: City, County, State, Federal** equal 60% maximum SWS program reimbursement/40% minimum employer match contribution.
- **Non-Profit Community Service Providers/School Districts/STEM (businesses whose primary business activity is in the fields of science, technology, engineering, and/or mathematics)** equal 70% maximum SWS program reimbursement/30% minimum employer match contribution.

Beginning in May 2015, SWS contract renewal instructions were mailed to all employers with active 2014-15 contracts in the portal. All employers must have approved and active 2015-16 SWS contracts and job descriptions prior to students earning SWS dollars between July 1, 2015 and June 30, 2016.

- **Seattle Minimum Wage:**

SWS comparability rules require that SWS student employees are paid comparably to what a non-student would earn in the same position. When local laws require a higher minimum wage, the minimum wage for SWS students must be aligned with the local minimum in order to maintain comparability.

Effective April 1, 2015, a City of Seattle ordinance set the minimum wage for Seattle-based employees at \$11 per hour. As a result, all Seattle-based, on- and off-campus SWS-funded positions must be paid at a minimum of \$11 per hour for hours worked on or after April 1, 2015.

The ordinance also requires annual increases to the Seattle minimum wage through the year 2021, raising the city minimum to \$15 an hour by that point in time. Effective January 1, 2016, the minimum wage for Seattle-based employers will again increase:

- For employers with less than 500 employees, the minimum will increase to \$12 per hour.
- For employers with 500 employees or more, the minimum will increase to \$13 per hour.

WSAC expects all Seattle-based employers to ensure comparability of SWS wages and to align minimum SWS pay rates with any new minimums as required by the ordinance for non-student employees.

WSAC encourages all participating institutions to work directly with their Seattle-based employers to revise affected job descriptions to ensure compliance with SWS wage comparability rules. To assist institutions with this requirement, WSAC communicated this guidance to Seattle-based employers with contracts as of March 2015.

Please note:

- For private institutions participating in SWS, WSAC will not process Seattle-based employer reimbursements if the hourly wage is less than the proscribed minimum for the employer in question.
- For public institutions participating in SWS, SWS pay rates are subject to audit.

- **Washington Application for State Financial Aid (WASFA):**

Students completing the WASFA may be eligible for SWS. If the student can work legally in the United States as a result of participation in the Deferred Action for Childhood Arrivals (DACA) program, can demonstrate residency and need via the WASFA, and meets all other SWS eligibility criteria, the student would be eligible for SWS.

- **Other Policy Reminders:**

- Non-resident students remain ineligible for SWS in 2015-16.
- SWS earnings do not meet the federal definition of the type of income that can be excluded from income benefit calculations for federally-funded assistance programs, due to the loss of Federal Title IV funding formerly incorporated into the SWS program.

[Return to top ^](#)

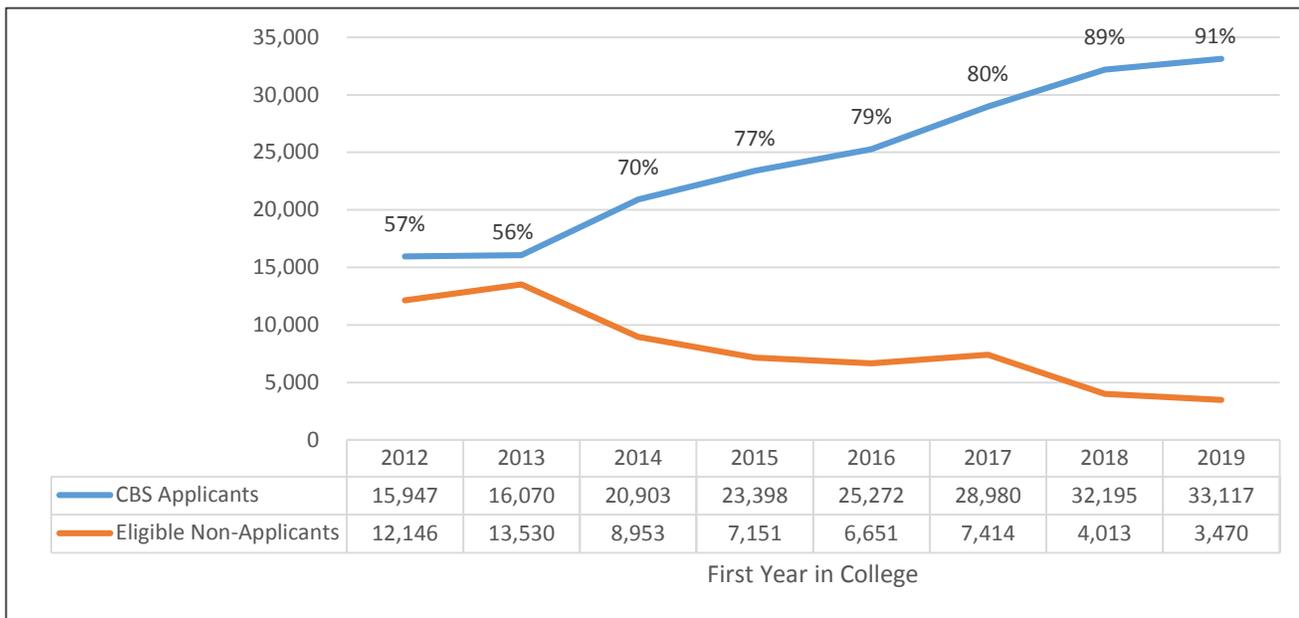

**College Bound Scholarship – Middle School Sign-Up Success Story:**

It is often said by those who work in the middle schools that the process of signing up eligible students is a simple one, but not an easy one. To be considered complete, the College Bound application must have two signatures (parent and student) and the income qualification box must be checked. Simple, right? Yes, but not easy. It takes creativity and determination on the counselor’s part to track down the students and their parents, which makes the number of students who have signed up impressive.

In the academic year 2014-15, 91 percent (about 33,000 students) of the eligible 8th graders, submitted complete applications. In recognition of the hard work that it took to accomplish this, Governor Inslee recognized the district superintendents that surpassed the state average with a Gold Star Award and a letter from him congratulating them on their achievement. More than 100 districts (there are 295 school districts in Washington) earned this award, and, of those, nearly half signed up 100 percent of their eligible students.

In addition to recognizing the districts and superintendents, Washington Student Achievement Council Executive Director Gene Sharratt, and Superintendent of Public Instruction, Randy Dorn, sent College Bound Champion certificates to those who were nominated by their peers for working to sign up students. To date, over 214,000 students have applied since the program began in 2007—a feat that was not easy!

## Feedback:

We are interested in receiving your feedback, comments, and suggestions so that we constantly improve future issues of the SFA Partner to better meet your needs and the needs of the students we both serve. Please email us at [finaid@wsac.wa.gov](mailto:finaid@wsac.wa.gov) and let us know what you think!

## To Subscribe or Unsubscribe – that is the Question:

Follow this link to Subscribe or Unsubscribe to the [WSAC SFA Partner](#).
