State Need Grant serves as a critical affordability tool

State Need Grant

- Provides opportunity for low-income students.
- Supports multiple career pathways.
- Serves recent high school graduates and returning adults.

State Need Grant leads to improved student outcomes

Receipt of State Need Grant is associated with higher re-enrollment and completion rates.

• A 25% change in the SNG award amount results in a 4 to 8 percentage point change in completion rates for the lowest income students.
  (WSIPP Study: Bania, N., Burley, M., & Pennucci, A., 2013)

State Need Grant leads to higher retention in the CTCs.

• 71% of SNG students who start in the fall remain enrolled compared to 59% of unserved students.
  (SBCTC, 2013)

Lack of State Need Grant leads to increased borrowing, changes in living circumstances, increased work hours, and adjustments to educational plans.

  (WSAC student survey, 2013)
SNG/Pell students graduate at rates slightly below all students.

- 63% compared to 68% for high school direct.

Transfer students who receive SNG/Pell have equal or improved outcomes.

- 90% continued Fall to Spring 2014-15 compared to 87% without SNG.
- Graduation rate same as non-SNG of 75%.

Course completion is at 92% compared to 93% for non-SNG students.

Washington Higher Education Financing

Approach to tuition and financial aid funding
Tuition and state funding are closely linked

Over time, students have become responsible for a greater share of costs.

WA has reinvested in recent years and enabled progress in affordability.

WA still ranks below the national average in per student funding.

WA recognized for commitment to financial aid.
Sustained commitment leads to results

Well-funded institutions
• Provide quality instruction and student support to improve graduation rates.

Stable state financial aid
• Helps low-income students afford college.

Predictable tuition
• Helps families plan for college costs.
• Enables institutions plan longer term.

Sustained commitment from the Legislature leads to positive results.
