

Regional Challenge Grant Information Sessions

Help Shape the Regional Challenge Grant (June 16)

WSAC shared progress updates on the Regional Challenge Grant including highlights from the May council meeting. Participants had an opportunity to provide feedback to inform the grant design process. [View the recording here.](#)

Regional Challenge Grant Networking Session (July 26)

WSAC hosted a virtual networking session open to connect those who are currently engaged in or exploring postsecondary enrollment and career pathways initiatives. This session was designed to both connect groups to others doing the work within and across sectors to maximize the opportunity to meet future thought partners or collaborators in advance of the grant application. Since this session focused on small group conversations, it was not recorded. A networking spreadsheet is available for use: <https://docs.google.com/spreadsheets/d/15B4rhjXFccDf1CpD2ZCgJKcPHvhQUxdQMdEfVmkv7Ks/edit?usp=sharing>.

Leaders Collaborating for Community Change (August 26)

In preparation for the upcoming Regional Challenge Grant, an opportunity for Washington to invest in place-based partnerships to increase postsecondary enrollment, WSAC partnered with College Promise, to host a virtual community of practice with organizational leaders from across the country. During this event, panelists shared their key learnings of successful community partnerships and the power of collective impact. Key topics included: building cross, sector equitable partnerships, the power of shared goals and objectives, data sharing, program sustainability, funding models and more. The power of shared goals and objectives. [View the recording here.](#)
