Unit Record Report Manual

Overview and Updates

OVERVIEW

The Unit Record Report (URR) is a student-specific report of financial aid awarded to resident and nonresident students attending the Washington institutions that participate in the Washington College Grant (WCG, formerly known as the State Need Grant) program. It provides comprehensive information on federal, state, private, and institutional financial aid distributed to need-based financial aid recipients. The report also includes information about federal borrowing for non-need-based loan recipients.

Unit Record Report History

The Unit Record Report (URR) was developed in response to 1969 legislation, which created the State Need Grant program (now known as Washington College Grant, or WCG) and called for ongoing analysis of student financial aid. The first URR was collected in 1972. Every institution that participates in the WCG program is required to complete the URR at the conclusion of each fiscal year.

The office of student financial assistance within the Washington Student Achievement Council (WSAC) has authority to collect the URR according to the following statute:

RCW 28B.92.040. “. . . (1) The office shall be research oriented, not only at its inception, but continually through its existence. . . (3) The office shall take the initiative and responsibility...to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs...”

Compliance with the Family Educational Rights and Privacy Act (FERPA)

Federal regulations (34 CFR 99.31(a)(3)(iv)) authorize institutions to disclose personally identifiable information on the URR without the student’s consent. This authority is based on WSAC’s statutory charge, as cited above, and the need for student-specific information to carry out WSAC’s administrative and research responsibilities.

As required by 34 CFR 99.35(a)(1), WSAC ensures that use of the URR data will not permit identification of students to individuals other than authorized representatives of WSAC.

Unit Record Report Uses

Student-level data with term-by-term program-specific financial aid information is needed by WSAC to conduct research; design state financial aid programs that complement other existing federal, state, and institutional programs; describe recipient populations; and administer and evaluate state financial aid programs as required by state law.

The URR is the primary data source used by WSAC to comply with these statutory requirements.

Data from the URR are used to:

- Provide financial aid data to the Education Research and Data Center (ERDC). These data, in combination with academic and workforce records, may be used by WSAC staff and other researchers to conduct longitudinal research on the educational and occupational achievements of financial aid recipients.
- Analyze the adequacy of financial aid resources available to financially needy Washington students.
- Describe funding trends and the characteristics of students receiving various types of financial assistance.
- Estimate funding needs and support budget requests for state-funded financial aid programs.
- Estimate the impact of new financial aid programs, changes in program policies, and altered funding levels.
- Contribute to student financial aid policy analysis and program evaluation.
- Respond to legislative requests for information about student financial aid programs available to Washington students.

The URR significantly reduces the number of ad hoc data requests institutions receive.

Use of Unit Record Report for Research Purposes

WSAC has expanded the scope of data uses for the URR. Data-sharing requirements were established with House Bill 2261 (Chapter 548, Laws of 2009), which added new sections to RCW 43.41.400, to answer “critical questions” from various stakeholders and policymakers and non-critical questions developed by the general public.

This action requires the ERDC at Office of Financial Management (OFM) to gather P-20 data for public colleges and universities in order to conduct longitudinal data analysis.

Data-sharing agreements have been developed to permit sharing of URR data to the P-20W warehouse at OFM on behalf of the public institutions. URR data for private institutions will not be disclosed to OFM without consent.

CHANGES OR EMPHASIS IN 2024-2025 UNIT RECORD REPORT

The list below details the changes in field or record requirements in the 2024-2025 URR. For additional guidance and instructions for these fields, see Chapter 2: Data Definitions; and Appendix B: Record Layout, unless otherwise indicated. Also noted are selected new features of the URR Portal.

- **Field changes to the URR .csv header file.** Make note of the following changes to the .csv header and download the revised sample from WSAC's Unit Record Report web page before creating your institution's URR upload file. Programs report for the five academic term fields in which funds may be disbursed.
 - Revised Field Header lay-out:
 - [StudentAidIndex](#) replaces ExpectedFamilyContribution
 - Negative StudentAidIndex (SAI) are reported as negative integers, where appropriate; Positive SAI is reported as a positive integer.
 - When a negative SAI is reported, this creates a double negative in the Need Equation [COA - (-SAI) = Need Amount]. When this occurs, the negative SAI is treated as a zero to be subtracted from COA to determine the Need Amount. See example on pages 11-12, "Need Amount."
 - Subtracting SAI from COA must not result in a negative Need Amount; Negative Need Amounts are invalid and must be edited to show '0.'
 - Deleted Field Headers - data no longer collected:
 - MaritalStatus
 - IsDependent
 - FamilySize
 - NumberInCollege
 - FamilyIncome
 - [EnrollmentStatus](#) fields are reported as incremental enrollment intensity credits.
 - Valid field input examples are: 0, integers 1 – 30, and partial credits in increments of 0.25 above 3.00; for example, 3.25, 3.50, 3.75, etc.
 - May include the word 'credits;' for example: 0 credits, 1 credits, 3.25 credits, etc.
 - Invalid input examples are: Not Enrolled, Full time, Half time, ¾ time, < Half Time.
 - New WSAC programs added to Field Header:
 - [BehavioralHealthConditionalScholarship](#)
 - [SubstanceUseDisorderProfessionalGrant](#)
 - Change in **valid input range** before errors are produced:
 - [Washington College Grant \(WCG\)](#) – Valid input range is 0 to 17835 (formerly 0 to 19000)

- [College Bound Scholarship \(CBS\)](#) – Valid input range is 0 to 6180 (formerly 0 to 12000)
 - [Passport Scholarship \(PTC\)](#) – Valid input range is 0 to 4200 (formerly 0 to 7500)
 - [National Guard Grant \(NGG\)](#) – Valid input range is 0 to 7000 (formerly 0 to 6000)
 - [BehavioralHealthConditionalScholarship](#) – Valid input range is 0 (new program beginning in 2025-26)
 - [SubstanceUseDisorderProfessionalGrant](#) – Valid input range is 0 to 500 (new program beginning in 2024-25)
 - [SBCTC Opportunity Grant](#) – Valid input range is 0 to 10120 (formerly 0 to 9888)
- **Error Code Revisions:**
 - Error codes removed where associated with data no longer collected:
 - Dependent student, minimum Family Size must be at least 2
 - Family Income does not match CSAW Record
 - Family Income does not match ISIR/WASFA record
 - Family Income is required for FAFSA-based and WASFA aid types
 - Family Income outside expected range
 - Family Size does not match ISIR/WASFA record
 - Family Size is required for FAFSA-based and WASFA aid types
 - Family Size outside expected range (1-20)
 - Is Dependent is required for FAFSA-based and WASFA aid types
 - Marital Status is required for FAFSA-based and WASFA aid types
 - Married student, minimum Family Size must be at least 2
 - Number In College cannot be greater than Family Size
 - Number in College does not match ISIR/WASFA record
 - Number in College is required for FAFSA-based and WASFA aid types
 - Number In College outside expected range (1-20)
 - Passport recipient not independent
 - Sum of family size and number in college must match CSAW
 - Several error codes that formerly referenced Expected Family Contribution (EFC) now reference Student Aid Index (SAI). For example, “Expected Family Contribution outside expected range” now reads “[Student Aid Index outside expected range](#).” **See Appendix C for full Error list.**
 - “[Total Awarded Financial Aid exceeds the reported Need Amount](#)” replaces the error message previously shown as “Total Need-based aid exceeds the reported Need Amount.” The Error is generated if a student receives at least one dollar of need-based aid and the total of all aid the student received (reported in the Terms tab) exceeds the Need Amount (reported in the Details tab of the student record), resulting in an Overaward. This Error triggers when the formula “Cost minus SAI minus OFA*” exceeds the Need

Amount. This Error is related to WSAC's review of the COA/Need (All) category.

* Other Financial Assistance (OFA), as defined in federal regulations

- [Restore deleted URR student record](#) – Records deleted by Users that initially appeared in the Error list will continue to appear on the list but with the notation “(Unit Record Deleted).” The record can be restored by clicking the highlighted SSN to open the record and clicking the “Restore Deleted Unit Record” button. Deleted records that do not appear in the Error list may be located by using the Search function to confirm the deletion, or to restore a mistakenly deleted record. (See “Manually Deleting Student Records,” pages 56 -58.)
- [Substance Use Disorder Professional Grant \(SUDP\) Differences Report](#) – a new differences report has been created as part of the final review procedure before the URR may be submitted. See pages 66 – 70 of this manual.
- **Reminder:** Institutions are encouraged to test their upload file in the PortalTraining environment prior to upload to the live URR Portal. The data uploaded or manually entered to the training site is temporary and clears if left overnight.

By using the training environment, institutions may identify corrections that must be made to the data file before attempting to upload the file to the live URR Portal site. The training website is located at:

<https://portaltraining.wsac.wa.gov/>

EARLY ANNOUNCEMENT: CHANGES UNDER CONSIDERATION FOR 2025-2026 UNIT RECORD REPORT

Potential for addition of new state-funded aid programs as enacted by the Legislature for the reporting year. Specific details will be announced as soon as available.

UNIT RECORD REPORT 2024-2025 TIMELINE

July/August 2025:	Unit Record Report training webinars and online tutorial sessions. See the Unit Record Report page on the WSAC agency website for webinar details.
Late July 2025:	Portal Training secure website application available for test file upload and practice of URR features.
August 11, 2025:	Unit Record Report Application available for initial upload of data into WSAC's live URR Secure Portal.
October 20, 2025:	Unit Record Report submission final due date.
October/November 2025:	WSAC staff data review and editing.
December 2025:	Unit Record Report data finalized.
January 2026:	Unit Record Report 2024-2025 Institutional Profile reports available.

Institutions must submit complete and accurate data by the final submit due date to meet the reporting deadline. WSAC staff members are available for assistance if problems arise during the reporting process.

Institutions that do not meet this deadline, or that do not follow up promptly with necessary corrections, will be considered not to have met minimum administrative capability requirements. Those institutions may be placed in a probationary or terminated status for participation in state financial aid programs.

Due Date for Unit Record Report: October 20, 2025

CHAPTER 1 – GENERAL INSTRUCTIONS

Students to be Included

Need-Based Recipients

Submit one record for each student at your institution who received any need-based financial aid, regardless of source. This includes Washington residents and nonresidents. Report all aid, including non-need-based aid sources, for any student who received at least one dollar in the form of need-based aid. All data for need-based recipients will go through a series of edits to help ensure accuracy of reported data.

Appendix A identifies the financial aid programs and aid types WSAC considers as need-based for the URR. Further, the programs are differentiated by whether 2024-25 Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (WASFA) data are required to be submitted:

- **Need-Based Recipients (FAFSA or WASFA required):** All 2024-25 FAFSA or WASFA data must be reported for all students receiving any aid shown in Appendix A as “Need-Based (FAFSA or WASFA data required).”
- **Need-Based Recipients (FAFSA or WASFA optional):** If available, all 2024-25 FAFSA or WASFA data must be reported for all students receiving any aid shown in Appendix A as “Need-Based (FAFSA or WASFA data optional).”

FAFSA or WASFA data submission requirements are described in more detail in Chapter 2.

Non-Need Based Federal Loan Recipients

Also, submit one record for each student at your institution who received non-need based federal loans from these programs: Federal Direct Unsubsidized Loans, Federal Parent PLUS Loans, and Federal Grad PLUS Loans.

Reporting Period

Report financial aid disbursed during the 2024-25 academic year. For need-based recipients this will include all academic and summer terms for which 2024-25 FAFSA or WASFA data are used. Aid reported may include summer 2024 funding and/or summer 2025 funding. You will find included in Chapter 2 specific information regarding which summer aid term(s) to report.

Information To Be Reported

Please ensure you are reporting the data from the most recent ISIR or WASFA transaction used to base the student’s award. This may or may not be the newest FAFSA or WASFA on record.

Reporting Application

URR data collection takes place through the WSAC Secure Portal. This tool allows each institution to enter and edit data before submitting the final report to WSAC.

The Portal is available at <https://portal.wsac.wa.gov/>. Chapter 3 contains detailed instructions for using the URR application.

Entering and editing data are an institutional responsibility. WSAC staff will provide technical assistance as needed to any institution experiencing problems with the application.

WSAC staff make every effort to ensure the accuracy of URR data. Notify WSAC staff to initiate any necessary data correction if your institution anticipates or identifies any errors after submitting the final report.

General File and Data Formats

Data files must be in CSV format. A sample CSV file with required header labels is available on the WSAC website at: www.wsac.wa.gov/unit-record.

Report all financial aid fields as integers. Round decimals to the nearest whole number. Round down for decimals from .1–.49999 and round up for decimals from .5–.99999.

Refer to Chapter 2 and Appendix B for valid field values.

All numbers provided must be positive numbers or zero '0,' with the exception of the Student Aid Index (SAI) field only. Negative numbers are accepted in the SAI field, as necessary.

Uploading the CSV File

When uploading your CSV file, do not include spaces in the header row descriptions (e.g., Last Name will need to appear in the header row as LastName).

The upload will fail if the CSV file format is incorrect or does not contain all expected data elements. In that case, the system will provide information to assist in identifying any errors or omission for correction in the upload process.

Refer to Appendix C for a list of system errors that prevent file upload and import.

Once a file uploads correctly, the system will review all records for valid values.

Testing the Upload File

Institutions may test their upload file in the PortalTraining environment prior to upload to the live URR Portal.

The data uploaded or manually entered to the training site is temporary and clears if left overnight. By using the training environment, institutions may identify necessary data errors to make corrections to the data file before attempting to upload to the live, production URR Portal site. The training website is located here:

<https://portaltraining.wsac.wa.gov/>

Profile Reports

After the URR team has reviewed and finalized data from each institution, WSAC will release the 2024-25 profile reports to each institution via the URR application. Profile reports provide descriptive and summary statistics by state, sector, and institution for students who received need-based aid. Profile reports generally are made available in January.

CHAPTER 2 – DATA DEFINITIONS

Before You Begin

Please review the contents of this chapter and Appendix B (File Format) to minimize errors during the submission process. Field names in this chapter are hyperlinked to the corresponding field names in Appendix B.

The order of presentation in this chapter generally follows the order of the File Format. The File Format also specifies which fields are required for each type of aid recipient. The following list shows items required for all recipients reported:

Required Fields for All Recipients:

- SSN (Social Security Number) or see below for alternatives
- Last Name
- First Name
- Gender
- Is State Resident
- Year In School
- Rejected ISIR WASFA
- Enrollment Status (for all five terms)
- Financial Aid Received (for all five terms for all programs)

General and Demographic Information

IsDelete

The “IsDelete” field is used to delete one or more student records from the URR after an initial URR file upload has already taken place. Its purpose is to mark those records that are to be deleted from the URR during a subsequent supplemental (partial revision) file upload. For details regarding the supplemental file upload process, see Chapter 3, page 59. The default entry for the “IsDelete” field in the initial URR file upload is “N,” “No,” “False,” or left blank (not zero). Entry of “Y,” “Yes,” or “True” in this field will delete the student record from the URR, except in instances that a “missing” record has been auto-added to the URR.

SSN

The student’s nine-digit Social Security Number. Do not use spaces. Hyphens may be used. No duplicate Social Security Numbers allowed.

- **Students Reported in CSAW** – This should be the same SSN or identification number as reported in the WCG and CBS College Bound/WCG Award Warehouse (CSAW) record. The order of preference is as follows:
 - Social Security Number
 - Nine-digit tax identification number
 - WASFA applicant identification number (begins with ‘980’; check WASFA Portal page)

Institutions will receive an error at upload for those SSNs whose data do not match previously reported CSAW data. SSNs that are reported in CSAW but do not appear in the Unit Record Report will be shown as differences in the WCG/CBS/Passport Differences Report.

- **Students Not Reported in CSAW** – When reporting data for a student that does not appear in the WCG, CBS, and Passport CSAW record, populate the SSN field by entering the nine-digit number used in your institutional reporting.

Institution Student ID

Public baccalaureate institutions: Use the nine-character PCHEES Student ID (element number PCH-E0310) as the first nine characters. Use leading zeros if the number is fewer than nine characters. You may add additional characters up to 50 characters. This field is required for public institutions but is overrideable.

Community and Technical Colleges (CTCs): Use the nine-character, college-assigned student identification number (SID) as the first nine characters (include leading zeroes). You may add additional characters up to 50 characters. This field is required for public institutions but is overrideable.

Private institutions: You may use the identification number assigned to the student by the institution. The field is optional and may remain blank.

Last Name

Student's last name. If a student only has a first name, report that name as first name and last name.

First Name

Student's first name. If a student only has a last name, report that name as first name and last name.

Middle Name

Student's middle name or initial.

Date of Birth

Report date of birth using standard numerical U.S. date format: mm/dd/yyyy. The date should be in the range of 01/01/1950 to 12/31/2010. **NOTE:** 01/01/1982 (leading zeroes for month and day) and 1/1/1982 (no leading zeroes for month and day) are both acceptable formats. This is a required field when reporting FAFSA-based (and WASFA) aid types.

Gender

Report one of the following codes:

'1' or 'Male'

'3' or 'Unknown' (not permissible for FAFSA filers)

'2' or 'Female'

'4' or 'X/Non-binary'

Is State Resident

Public Institutions: A “Washington resident” is defined as any student classified by the institution as a Washington resident for fee-paying purposes ([RCW 28B.15.011-013](#) and [Chapter 250-18 WAC](#)).

Private Institutions: “Washington resident” is defined as a student who meets the residency requirements for the purposes of the WCG program. If residency has not been determined for state-funded financial aid programs, and the student is not receiving state financial aid, you may use the student’s permanent mailing address for reporting residency on the URR.

Report one of the following codes:

Washington Resident: ‘y’ or ‘true’ Nonresident: ‘n’ or ‘false’

Year in School ([Click here to return to Contents](#))

Report the student’s status as of the beginning of the term for which the last financial aid disbursement was made for the 2024-25 URR year. This is from the institution’s official records. Do not use FAFSA or WASFA to populate this field.

Example 1: Student was classified as a sophomore in the fall term and received a disbursement. After the fall term, the student’s classification changed to that of a junior. The student was classified as a junior at the final disbursement. Report this student as a ‘3’ or ‘junior/3rd year’.

Example 2: Student was classified as a freshman at the beginning of the last term for which a 2024-25 disbursement was made. After this term was completed, the student had earned enough credits to enroll as a sophomore for the next term. Report this student as a ‘1’ or ‘freshman/1st year’.

Report one of the following codes:

‘1’ or ‘Freshman/1st Year’ – Matriculated students with 0-44 quarter, or 0-29 semester, credit hours enrolled in two-year or four-year degree programs; or first-year students at vocational-technical or proprietary institutions. Do not include below 100-level remedial courses in determining credit hours.

‘2’ or ‘Sophomore/2nd Year’ – Matriculated students with 45-89 quarter, or 30-59 semester, credit hours enrolled in four-year degree programs; or 45 or more quarter hours for students at CTCs enrolled in two-year degree programs; or second-year students at vocational-technical or proprietary institutions.

‘3’ or ‘Junior/3rd Year’ – Matriculated students with 90-134 quarter, or 60-89 semester, credit hours enrolled in four-year degree programs. Include students who are in the first year of an applied bachelor’s program if they have completed an associate degree program.

‘4’ or ‘Senior/4th Year’ – Matriculated students with 135 or more quarter, or 90 or more semester, hours enrolled in four-year degree programs. Include students who have not completed their degree program after the fourth year of a four-year program. Also, include students in the fifth year of a five-year bachelor’s program.

Include students who are in the second year of an applied bachelor's program if they have completed an associate degree program.

'5' or 'Unclassified/5th Year' – Students who hold a bachelor's degree and were not enrolled in a program leading to a graduate degree (master's or doctoral) or a graduate-level certificate. Include students who are working on a second bachelor's degree. Also, include students with a bachelor's degree who are getting an associate degree. Use code '8' to count non-matriculated students without a bachelor's degree.

'6' or 'Graduate' – Students who hold a bachelor's degree and are enrolled in a program leading to a graduate degree (master's or doctoral).

'7' or 'Professional' – A student enrolled in any of the following degree programs: Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B. or J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), or Veterinary Medicine (D.V.M.).

'8' or 'Other' – Non-degree, non-matriculated, high school completion, or other students who cannot be classified as any of the above. This category includes Running Start and other students for whom need-based aid is reported but who have not yet graduated from high school.

Race/Ethnicity

The race and ethnicity categories in the URR reflect the U.S. Census Bureau data format adopted by the state's Office of Financial Management (OFM).

Hispanic origin is the only ethnicity category reported in the URR. The race categories in URR include: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Pacific Islander, White, and Other. You may report two or more races.

Report all race and ethnicity data, if available, to eliminate reporting gaps. Leave blank only if race or ethnicity information is not available or unknown. NOTE: The Portal will interpret any blank race or ethnicity fields as 'n' or 'false.'

Is of Hispanic Origin

A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

Is Race American Indian or Alaska Native

A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

Is Race Asian

A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

Is Race Black or African American

A person having origins in any of the black racial groups of Africa. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

Is Race Native Hawaiian or Pacific Islander

A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

Is Race White

A person having origins in any of the original peoples of Europe, the Middle East, or North Africa. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

Is Race Other

Report students in this category only if students have explicitly identified with a **race** not listed above. Do not report Hispanic **ethnicity** in this category. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

Leave blank only if race or ethnicity information is not available or unknown.

[FAFSA, WASFA, and Need-Related Fields](#)

The following additional fields are required for need-based aid recipients with a 2024-25 FAFSA or WASFA on file.

- ISIR or WASFA Transaction Number
- Rejected ISIR WASFA
- Student Aid Index (SAI)
- Cost of Attendance (COA)
- Need Duration
- Need Amount

If the financial aid administrator made any adjustments (e.g., due to verification, updates from the student, or professional judgment decisions), the revised information should be reported based on the corrected/reprocessed application.

After finalizing the URR, WSAC will delete unnecessary FAFSA or WASFA non-aid related data from all non-need-based loan recipient records.

[ISIR WASFA Transaction Number](#)

Report the most recent ISIR or WASFA records transaction number that was used to award aid to the student for the year. Generally, this data should match student data entered in CSAW. This field may be left blank only if the RejectedISIRWASFA field is 'y' or 'true' as defined in the descriptor for the RejectedISIRWASFA field, below, AND the student received no need-based aid.

[Rejected ISIR WASFA](#)

This is a required field for all student records reported in the URR. A blank in this field will prevent the URR file from upload.

Valid inputs are:

'y' or 'true' Rejected ISIR or WASFA only, or none on file

'n' or 'false' A valid ISIR or WASFA exists

'Y' or 'true' means that the individual does not have a valid ISIR or WASFA on file (rejected status), or that no FAFSA or WASFA was filed, **AND** the student was awarded only non-need-based aid during the academic year as a result.

- Records marked with a 'y' or 'true' in this field will trigger an error if the student received need-based aid.
- The Need Duration, COA, SAI, and Need Amount fields must be left blank (not '0') if the Rejected ISIR WASFA field is marked 'y' or 'true.'

An 'n' or 'false' entry means that the individual has a valid ISIR or WASFA on file, and the transaction number used to award aid is reported in the ISIRWASFATransNumber field.

Reporting Items in the Need Equation

Information reported in the four fields that follow may be reported based on the information available at the time of the recipient's first financial aid disbursement during the 2024-2025 year. This applies to full year awards made at the beginning of the academic year when students opt not to attend all terms.

- Cost of Attendance
- Student Aid Index (SAI)
- Need Duration
- Need Amount

Many students will receive financial aid throughout the year with no changes made to the institution's record for these fields. However, it is important for the data to be consistent if changes are made in an institution's data record. If an adjustment is made to one element, all should be adjusted to ensure alignment. The following examples may be of assistance:

Example 1: Student enrolled is expected to enroll for a nine-month academic year. Report all four fields on that basis.

Example 2: Student originally was expected to enroll for a nine-month academic year. The student, however, did not return to school after the fall term. In this case, the institution may decide either to:

- A. Not make any changes to these four fields. Report enrollment status and financial aid disbursement amounts accurately for all terms.
- or,
- B. Adjust all four fields to align with the actual term-by-term enrollment status. This option may trigger an Overaward situation if award values are not adjusted in recognition of budget changes due to dropped/withdrawn terms before final interim reporting and reconciliation at fiscal year-end. Please see WSAC official guidance dated July 15, regarding proration of COA and SAI for periods of enrollment other than nine months for state aid programs, under the 2024-25 Program Guidance caption at wsac.wa.gov/FAA-resources.

NOTE: If applying an adjustment to one student, the school must consistently apply the adjustment for all students.

Cost of Attendance

The estimated student budget upon which the Need Amount was calculated. Include tuition, fees, books and supplies, and living, personal, and transportation expenses. The Cost of Attendance should be consistent with the number of months reported in the Need Duration.

NOTE: Include the full-assessed tuition amount to calculate and report in the URR the true Cost of Attendance (COA) for recipients of WCG, CBS, and other need-based assistance. The

full-assessed tuition amount is what the student is, or would be, assessed before any tuition waiver(s) have been applied. This formula is required for the 2024-2025 URR. See the 2024-2025 Washington College Grant/College Bound Scholarship program manual, Chapter 2, page 36, Cost of Attendance (COA) and Tuition Waivers.

Student Aid Index (SAI)

The Student Aid Index (SAI) usually will be the Federal Methodology (FM) calculation produced by the U.S. Department of Education based on the 2024-25 FAFSA or a WASFA (uses a FAFSA-like computation but is not processed through the US Department of Education). If a financial aid administrator has made a professional judgment decision to adjust the FM SAI, they must submit those corrections through either the federal processor or through the WASFA and then report the adjusted SAI amount as calculated on the FAFSA or WASFA. This should be consistent with the number of months reported in the Need Duration. This is a required field if reporting any of the following other items for a student: Family Income, Need Amount, or Need Duration.

If the Student Aid Index (SAI) is a negative number, report the SAI in the URR as a negative integer. Negative SAI is treated as a zero in the Need formula calculation.

NOTE: If an institution also calculates an Institutional Methodology (IM) Student Aid Index (SAI) that differs from the FM SAI, report the FM rather than the IM amount as the SAI.

NOTE: The full FM SAI must be reported in the SAI field as required by federal regulations in the Need calculation. However, professional judgement decisions that prorate the COA and SAI for enrollment periods longer or shorter than 9 months to determine eligibility for state aid must be documented by including the IM calculation and the prorated COA/SAI figures in the Override comment for those awards. (See “2024-25 Official Guidance on Proration of COA and SAI” dated 07/15/2024 in FAA Resources, Program Guidance tab at <https://wsac.wa.gov/FAA-resources>.) If applying this adjustment to one student, it must be consistently applied to all students.

For Dependent Students: Base the Student Aid Index on the information reported by the student and the student’s parent(s) on the FAFSA or WASFA.

For Independent Students: Base the Student Aid Index on the information reported by the student and the student’s spouse, if applicable, on the FAFSA or WASFA.

Need Duration

The number of months for which the Need Amount was calculated and the Cost of Attendance was determined. For example, if a student’s need amount and cost of attendance were based on nine months, the figure ‘9’ would be reported. This is a required field if reporting any of the following other items for a student: Family Income, Student Aid Index (SAI), or Need Amount.

Report the Need Duration as an integer from 1-12.

Need Amount

The amount of need used to determine the student’s eligibility. This should equal the Cost of Attendance (COA) minus the Student Aid Index (SAI). This is a required field if reporting

any of the following other items for a student: Family Income, Student Aid Index (SAI), or Need Duration.

Cost of Attendance (COA) minus Student Aid Index (SAI) equals Need Amount

Report negative Student Aid Index (SAI) as a negative integer in the SAI field. Negative SAI is treated as a zero ('0') in the Need calculation shown above. [Example: 20000 COA - (- 1500 SAI = 0) = 20000 Need Amount]

If the Need calculation results in a negative Need Amount, report the Need Amount as zero ('0'). Negative Need Amounts are invalid and will trigger an Error that must be corrected. [Example: 20000 COA - 25000 SAI = 0 Need Amount]

Overaward Reminder: All aid counts toward Need if the student received at least one dollar of need-based aid. Limited exceptions (OFA) may count toward replacing the value of the Student Aid Index (SAI), such as Direct Unsubsidized and PLUS Loans. This is not true for all non-need-based aid. For example, Non-need-based gift aid does not replace SAI, and does count towards Need. [Example: Cost minus SAI minus OFA* exceeds Need Amount = Overaward].

* Other Financial Assistance (OFA), as defined in federal regulations

[Reporting Term Enrollment and Financial Aid for Five Terms](#)

Report enrollment and financial aid received on a term-by-term basis. When preparing the CSV file, follow the sample file format, which replaces the word 'Term' with 'Summer 1,' 'Fall,' etc. for all fields for all five terms.

- Summer 1
- Fall
- Winter
- Spring
- Summer 2

For students for whom data is required on the URR, report term enrollment statuses and financial aid received for all five terms. For any terms that students did not enroll, be sure to report the TermEnrollmentStatus as '**0** credits'. For any terms that students did not receive aid, be sure to report '0' for each aid program field.

For some institutions, the academic year may cover the July 2024–June 2025 timeframe. For others, it may more closely represent the dates of August 2024–July 2025. In most cases, it will not exceed 12 months. If you are reporting assistance for students who did not submit a FAFSA or WASFA, use the same timeframe for these students as you use for FAFSA or WASFA filers.

NOTE: The URR checks to ensure that a positive enrollment status (any status except for '0 credits') is reported for each term that aid was reported on a student record, excepting certain work programs (e.g., State and Federal Work Study, and work force training funds, which allow for payment during a non-enrolled term, such as Summer). This error is overrideable.

Quarter and Semester Term Institutions

Most institutions will use either the Summer 1 term or the Summer 2 term, but not both. For the term that is not used, '0' credits should be input for the term enrollment status.

Quarter institutions will use fall, winter, spring, and appropriate summer terms for the reporting of financial aid recipients.

Semester institutions normally will use fall, spring, and appropriate summer terms for the reporting of financial aid recipients. If the student received disbursement of specific grant, scholarship, or loan assistance for the short period between the fall and spring semester, report as fall, winter, or spring term financial aid based on institution reporting preferences. If there was specific Federal Work Study, State Work Study, or Institutional Employment awarded for the time between fall and spring terms, you may report it as winter term.

Each institution with a **summer enrollment** period (typically between May and August) should report summer aid disbursements as a "leader" institution or as a "trailer" institution based on federal program rules. Institutions should report financial aid disbursed under "leader" rules as 'Summer 1' assistance. Institutions should report financial aid disbursed under "trailer" rules as 'Summer 2' assistance. If an institution has more than one summer term during the same summer, combine and report the financial aid and term enrollment status as a single summer term.

Example 1: A student at a "trailer" institution received financial aid for two short summer sessions in 2025, based on the 2024-25 FAFSA or WASFA. The student received financial aid for 6.00 credits the first summer session (mid-May to late June) and received financial aid for another 6.00 credits the second summer session (early July to mid-August). Report all aid as 'Summer 2' with the student's enrollment status as '12' credits. 'Summer 1' enrollment and all financial aid fields will be '0' credits.

Example 2: A student at a "header" institution received financial aid for the summer 2024 term based on the 2024-25 FAFSA or WASFA. At the time of the URR submission, the student also received financial aid for the summer 2025 term (based on a 2025-26 FAFSA or WASFA). Report aid received during the summer of 2024 as 'Summer 1'. Report 'Summer 2' enrollment status and corresponding financial aid fields as '0' credits. (Note: In this case, report the 2025 summer enrollment and aid received on the 2025-26 URR.)

Combination of leader and trailer awards: If your institution awarded some programs under leader rules and other programs under trailer rules, report leader awards in Summer 1 and report trailer awards in Summer 2.

Continuous Enrollment Credit Hour Institutions and Clock-Hour Institutions

Some clock-hour institutions do not divide their school year into academic terms. These institutions should report each student's enrollment status and financial aid received in each of the five time periods. Each term should represent approximately 10 weeks. Base the reporting periods on when the majority of enrollment occurred.

The terms and dates reported should be consistent with the information reported for WCG in the CSAW portal application for the 2024-25 year.

Term Date Ranges for Clock-Hour Institutions

These reflect the same date ranges that appeared in the 2024-25 WCG/CBS manual.

Term	From	To
Summer 1	July 1, 2024	September 11, 2024
Fall	September 12, 2024	November 22, 2024
Winter	November 23, 2024	February 5, 2025
Spring	February 6, 2025	April 18, 2025
Summer 2	April 19, 2025	June 30, 2025

Term Enrollment Status

Report enrollment based upon the student’s status or scheduled clock hours at the time of financial aid disbursement or a fixed date such as the tenth day of enrollment.

Undergraduate Enrollment Status: Use the following codes for reporting enrollment intensity status by number of undergraduate credits or scheduled clock hours per term. Report 0 for Not Enrolled, integers for whole credits between 1 – 30 (may use decimals), and partial credit increases in increments of 0.25 above 3 credits. For example, 0, 1 (or 1.00), 2 (or 2.00), 3 (or 3.00), 3.25, 3.50, 3.75, 4 (or 4.00), and so on, up to 30.00 credits maximum. May include the word “credits,” but is not required.

Undergraduate Enrollment Status	Credits	Scheduled Clock Hours	URR Codes
Not Enrolled	n/a	n/a	0
Full-Time	12 or more	300 or more	12 – 30
Three-Quarter Time	9–11	225–299	9 - 11.75
Half-Time	6–8	150–224	6 - 8.75
Less Than Half-Time	Less than 6	Less than 150	1 - 5.75

Graduate Student Enrollment Status: Report graduate student enrollment using the actual number of graduate credits enrolled per term. Report 0 for Not Enrolled, integers for whole credits between 1 – 30 (may use decimals), and partial credit increases in increments of 0.25 above 3 credits. For example, 0, 1 (or 1.00), 2 (or 2.00), 3 (or 3.00), 3.25, 3.50, 3.75, 4 (or 4.00), and so on, up to 30.00 credits maximum. May include the word “credits,” but is not required.

Reporting of Financial Aid Received

Use whole dollar amounts—no decimals, no dollar signs (\$), and no commas—when reporting financial aid disbursements or funds received.

Do not report aid from one program in multiple URR fields. If there are two or more possible fields to report in, choose one or contact unitrecord@wsac.wa.gov for assistance.

For each aid program listed below, report for the five terms. Indicate '0' for all terms that a student did not receive specified aid. Do not leave any fields blank.

Consistency with other WSAC Reporting: WSAC will compare information provided in the URR for programs such as WCG, CBS, and Passport to College on a recipient basis with information submitted in CSAW and other WSAC reports.

Generally, the total funds reported for each recipient should be the same for all of the reports. For any difference of greater than \$10 per student, institutions will need to either reconcile the reports or provide an override explanation.

Federal Aid Programs

Federal Pell Grant

The amount of Federal Pell Grant funds received by the student.

Federal SEOG

The total amount of Federal SEOG funds received by the student. Include federal and institutional match awards.

Federal TEACH Grant

The amount of Federal TEACH Grant funds received by the student.

Federal Nursing Scholarships

The amount of federal scholarships and grants received by the student for nursing and other health professional training.

Federal Work Study

The student's gross Federal Work Study compensation. Include federal, employer, and institutional shares, and include all employers, both on- and off-campus earnings.

For institutions reporting fall and spring semesters, include any earnings received between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

There are two options for reporting work study earnings:

Actual Term Earnings: Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester institution may report all September–December earnings as fall term aid and

January–May earnings as spring term aid (with ‘0’ reported for winter aid). Quarter institutions may report September–December earnings for fall term, January–March earnings for winter term, and April–June earnings for spring term.

Average Term Earnings: Institutions may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half-time or higher. For example, if a student received \$3,261 in earnings at a semester institution over the course of an academic year, you may report \$1,631 as fall term earnings and \$1,630 as spring term earnings.

Federal Nursing Health Loans

The amount of any Federal Nursing Student Loan or federal health professions student loan funds received by the student.

Federal Direct Subsidized Loans

The total gross amount borrowed by the student, including fees, from the Federal Direct Subsidized Loan program. Note: This amount may not be the amount requested on the application form. Another name for this program is the Federal Stafford Subsidized Loan.

Federal Direct Unsubsidized Loans

The total gross amount borrowed by the student, including fees, from the Federal Direct Unsubsidized Loan program. Note: This amount may not be the amount requested on the application form. An alternate name for this program is the Federal Stafford Unsubsidized Loan.

Federal Parent PLUS Loans

The total gross amount borrowed by the student’s parent(s), including fees, from the Federal Parent PLUS Loan program. Note: This amount may not be the amount requested on the application form.

Federal Grad PLUS Loans

The total gross amount borrowed by the student, including fees, from the Federal Grad PLUS Loan program. Note: This amount may not be the amount requested on the application form.

State Aid Programs

WA College Grant (WCG)

The amount of WCG funds received by the student. The amount reported normally should be the same amount reported in CSAW.

WCG Apprenticeship

There should be no funds reported in this category for 2024-25.

WA Bridge

The amount of WA Bridge Grant funds received by the student. The amount reported normally should be the same amount reported in CSAW.

College Bound Scholarship (CBS)

The amount of College Bound Scholarship funds received by the student. The amount reported normally should be the same amount reported in CSAW.

Passport to College Scholarship

The amount of Passport to College Scholarship funds received by the student. In the unusual circumstance that an incentive grant was used to enhance a student's financial aid award, the incentive grant portion must be reported separately as financial aid received by the student in the Passport to College Incentive Grant field of the URR (see below).

For example, if the student received a \$4,200 Passport to College Scholarship and a \$500 incentive grant payment, the institution should report on the URR that the student received \$4,200 in the Passport to College Scholarship field and separately report \$500 in the Passport to College Incentive Grant field. Do not report these two award types as a combined program amount. The amount reported as Passport to College Scholarship normally should be the same amount reported in CSAW for PTC.

Passport to College Incentive Grant

The amount of Passport to College Incentive Grant funds disbursed to the institution that is received by the student as a direct financial aid.

For example, if the student received a \$4,200 Passport to College Scholarship and a \$500 incentive grant payment, the institution should report the \$500 incentive grant portion in the Passport to College Incentive Grant field.

National Guard Grant

The amount of National Guard Grant funds received by the student. The National Guard Grant awards are matched to the program payment system in the Portal.

WAVE (Washington Award for Vocational Excellence)

The amount of Washington Award for Vocational Excellence (WAVE) funds received by the student. The WAVE awards are matched to the program payment system in the Portal.

Alternative Routes for Teaching Certification

The amount of state funded Alternative Routes received by the student. There is a potential for loan repayment if required conditions are unmet. Formerly reported as TeacherConditionalScholarshipPrograms.

Paraeducator (also known as Pipeline for Paraeducators Conditional Scholarship)

The amount of state funds received by the student for the Pipeline for Paraeducators program. There is a potential for loan repayment if required conditions are unmet. Formerly reported as TeacherConditionalScholarshipPrograms.

Teacher Shortage Conditional Scholarship

The amount of Teacher Shortage Conditional Scholarship funds received by the student. There is a potential for loan repayment if required conditions are unmet. Formerly reported as TeacherConditionalScholarshipPrograms.

Teacher Grant Programs

The amount of state-funded teacher grants received by the student. Grants do not include terms of potential for repayment for receipt of funds. Examples include the Student Teaching Grant and the Teacher Endorsement and Certification Help program (Teacher Endorsement, or the state TEACH program; this is not the federal TEACH Grant).

Behavioral Health Conditional Scholarship

The amount of Behavioral Health Conditional Scholarship funds received by the student. Award disbursements under this program will begin fall 2025 of the 2025-26 academic year. There are no reportable awards for the 2024-25 academic year.

Substance Use Disorder Professional Grant

The amount of Substance Use Disorder Professional Grant funds received by the student.

WSOS BA Scholarship (formerly Opportunity Scholarship)

The amount of WSOS BA Scholarship funds received by the student. This program originally was known as the Washington State Opportunity Scholarship.

WSOS Career Technical Scholarship

The amount of WSOS Career and Technical Scholarship funds received by the student, including awards for the Rural Jobs Initiative (RJI), a subprogram within the Career and Technical Scholarship program.

WSOS Graduate Scholarship

The amount of WSOS Graduate Scholarship funds received by the student.

SBCTC Opportunity Grant

The amount of State Board for Community and Technical Colleges (SBCTC) Opportunity Grant funds received by the student. Note: This grant is available only to students attending community and technical colleges and select private career institutions.

Other State Funded Gift Assistance

The amount of other state scholarships and grants received by the student (e.g., Global Opportunity Grants [applies to UW only], Early Achievers Opportunity Grants, Washington

Scholars, and the American Indian Endowed Scholarship), that are not included in another state aid category.

Do not report family-purchased [Guaranteed Education Tuition](#) (GET) fund distributions in the Unit Record Report.

On-Campus State Work Study

The student's gross on-campus State Work Study compensation. Include state and institutional share.

For institutions reporting fall and spring semesters, include any earnings received between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

There are two options for reporting work study earnings:

Actual Term Earnings: Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester institution may report all September–December earnings as fall term aid and January–May earnings as spring term aid (with '0' reported for winter aid). Quarter institutions may report September–December earnings for fall term, January–March earnings for winter term, and April–June earnings for spring term.

Average Term Earnings: Institutions may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half-time or higher. For example, if a student received \$3,261 in earnings at a semester institution over the course of an academic year, that could be reported as \$1,631 fall term earnings and \$1,630 spring term earnings.

Off-Campus State Work Study

The student's gross off-campus State Work Study compensation. Include state and off-campus employer share.

For institutions reporting fall and spring semesters, include any earnings received between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

NOTE: The same two options for reporting earnings are available (see On-Campus section above).

If the institution acts as the employer of record and the student works off campus, it is preferable to report earnings as off-campus State Work Study. If accounting constraints do not permit recording of earnings as off-campus, report the earnings as on-campus State Work Study.

WorkForce Training Funds

The amount of Worker Retraining Program funds received by the student. Also include Work-Based Learning Tuition Assistance Funds and Basic Food Employment & Training (BFE&T) dollars in this category.

Institutional Aid Programs

Need-Based Institutional Gift Aid

The amount of all institutional grants, scholarships, and/or waivers awarded solely or partially based on need.

Report institutional scholarships, grants, and waivers awarded only based on merit or other non-need-based criteria as Non-Need Based Institutional Gift Aid.

- For WCG and CBS recipients, report all need-based tuition waivers in this category of the URR. The institution must ensure that student COAs reported include the true cost of tuition (that is, the full assessed tuition amount before the waiver is applied). This data is required for the 2024-25 URR.
- For recipients of other need-based aid who did not receive WCG or CBS, report any need-based tuition waiver(s) in this category of the URR and, whenever possible, the full-assessed tuition amount is to be included in the COA.

Non-Need Based Institutional Gift Aid

The amount of institutional scholarships, grants, and/or waivers received by the student not based on a review of the 2024-25 FAFSA, WASFA, or other need determination.

Report institutional grants, scholarships, and waivers awarded solely or partially based on need as Need-Based Institutional Gift Aid.

- For WCG and CBS recipients, report all non-need-based tuition waivers in this category of the URR. The institution must ensure that the student's reported COA includes the true cost of tuition (that is, the full assessed tuition amount before the waiver is applied). This data is required for the 2024-25 URR.
- For recipients of other need-based aid who did not receive WCG or CBS, report any non-need-based tuition waiver(s) in this category and, whenever possible, the full-assessed tuition amount is to be included in the COA.
- Do not report in the URR a student who received non-need-based tuition waiver(s) but did not receive any need-based financial assistance.

Institutional Employment

The student's gross non-work study institutional employment earnings (on- or off-campus) if the employment was included as part of the financial aid package.

Also, include WorkFirst work study funds and any amounts from the institutional aid fund distributed as institutional employment.

Do not include earnings reported as Federal Work Study or State Work Study.

For institutions reporting fall and spring semesters, include any earnings between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

Institutional Loans

The amount of all institutional loans disbursed to the student. Do not include “short term” or “emergency” loans generally repaid within a few months. Report only those students who have also received other need-based assistance.

Other Financial Aid Programs

For any additional conditional, private, or other loans not reported elsewhere, report the loan amount received by the student in one of the next three categories. Choose the category that fits best.

Conditional Loans

The amount of scholarships, grants, and loans received by the student and not reported elsewhere that have the potential for loan repayment if required conditions are unmet.

Private Loans

The amount of PREP loans, community foundation loans, and all other private loans received by the student and not reported elsewhere.

Other Loans

The amount of Canadian, Micronesian, Alaska Student Loans, and other agency or government loans received by the student and not reported elsewhere, such as the Aerospace Loan Program (ALP).

Outside Scholarships

The amount of known outside or private scholarship funds received by the student.

Include National Merit, employer-funded tuition assistance, company, service club, and any other private scholarships or grants not reported elsewhere.

Scholarships funded by the institution’s foundation or endowment should be reported as either Need-Based Institutional Gift Aid or Non-Need Based Institutional Gift Aid.

VA Benefit

Report in this field the amount of Veterans waivers or benefit programs received by the student that reduce cost of attendance (COA). Veterans programs that do not affect the need calculation (i.e., [Chapter 31 and 33](#)) are not reportable.

[Other Agency Assistance](#)

The amount of scholarships and grants received by the student from other agencies or government sources not reported elsewhere.

Include Department of Labor and Industries, Services for the Blind, Workforce Investment Act, Vocational Rehabilitation, AmeriCorps Education Award, Bureau of Indian Affairs (BIA), Reserve Officers' Training Corps (ROTC), federal scholarships for TRIO students, federal Education and Training Vouchers (ETV), federal Child Care Access Means Parents In School (CCAMPIS) funds awarded to student, and other agency assistance.

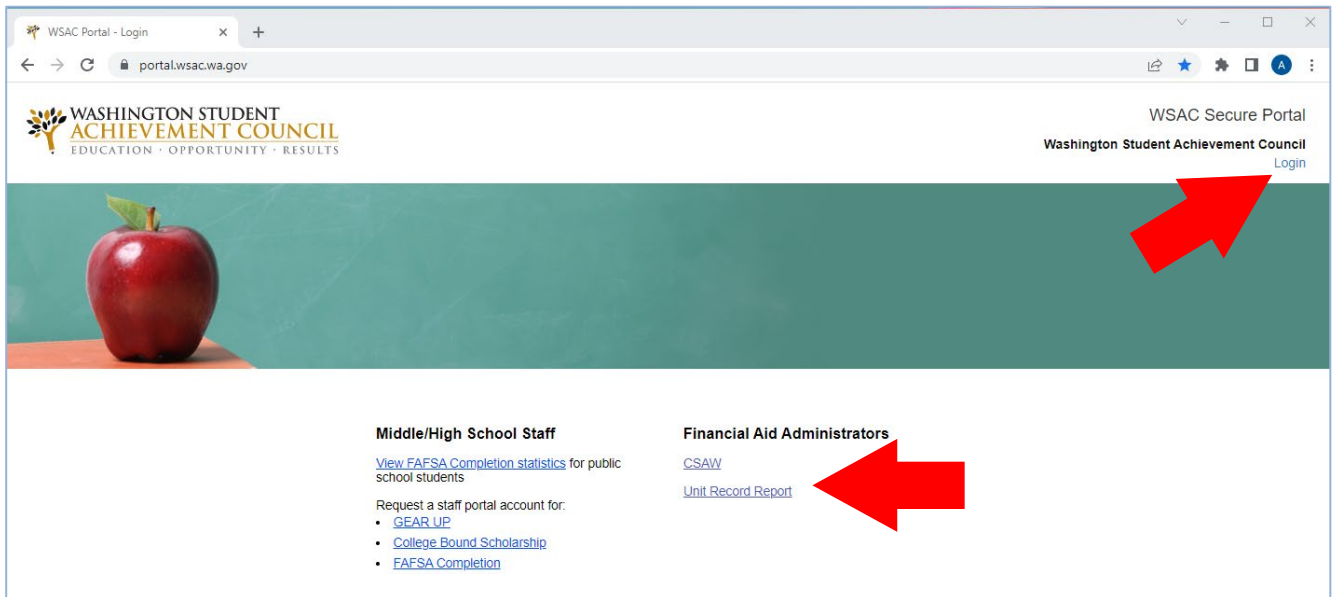

[CHAPTER 3 – REPORTING APPLICATION USER’S GUIDE](#)

This section provides instructions for the Portal-based URR 3.0 application used to create and submit your institution’s URR to WSAC.

[Portal Log-In and Two-Factor Authentication](#)

The URR application is located on WSAC’s Portal website: <https://portal.wsac.wa.gov>.

Click “Login” or click “Unit Record Report” under the Financial Aid Administrators heading. If you do not have access to the Portal, contact WSAC staff at unitrecord@wsac.wa.gov.

The Login screen will pop-up. Enter your Username and Password and click “Login.”

The screenshot shows the Washington Student Achievement Council logo at the top, which features a stylized tree with leaves and a pencil for a trunk. Below the logo is the text "Portal Login". There are two input fields: "Email" and "Password". Below the password field is a link that says "Forgot your password?". At the bottom of the form is a blue "Login" button and a link that says "Need help?".

Users will encounter the secondary screen, below, which asks for an authentication code. WSAC uses two-factor authentication as a security feature before Users can log into the system.

The screenshot shows a secondary login screen titled "Please log in to continue". It asks the user to "Please enter the 6-digit access code sent to [redacted]". There is an input field for the "Authentication Code". Below this is a checkbox labeled "Remember this browser". A blue "Verify code" button is positioned below the checkbox. Underneath, it says "If your code did not arrive, resend code using one of the following:" and lists four options: "voice call to [redacted]", "send text to [redacted]", "send email to annv@*****.wa.gov", and "I have an access code".

The authentication code is sent to the User's authorized email address (more later about changing this). Retrieve the code from your email box, enter the authentication code in the field provided, click "Remember this browser," and then "Verify code." If the email containing the code doesn't appear in your mailbox, check your "Junk" or "Spam" folder.

Clicking the “Remember this browser” box permits the Portal to retain the User’s authentication for 36 hours. That allows the User to log in and out without the need to reauthenticate during that 36-hour time period.

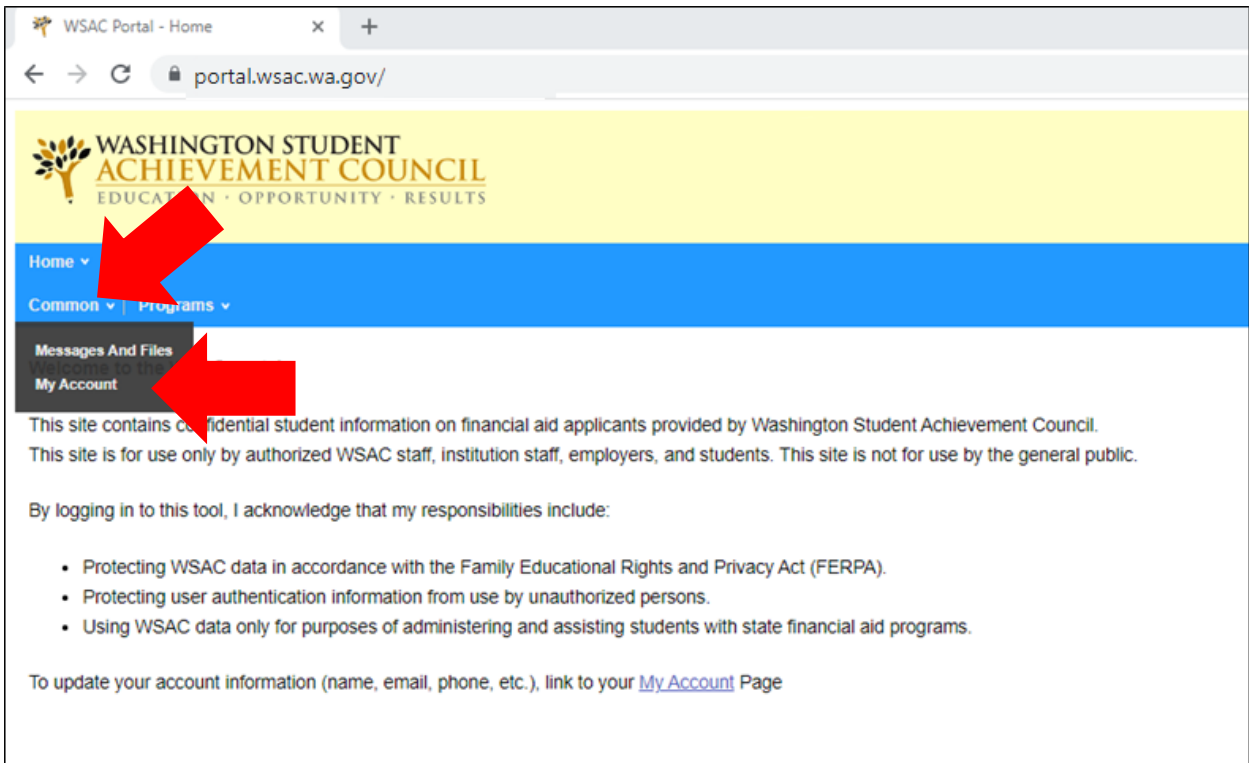

After five failed login attempts, the Portal will lock out the User for a set period of time. Wait 15 minutes before attempting another login. If still unable to log in after 15 minutes, contact WSAC URR staff for a password reset.

Resetting the Two-Factor Authentication Notification Method

WSAC recommends that Users change the default notification method used by the Portal to provide the authentication code.

The initial default method sends the authentication code to the Username email address. This generally works unless the user is away from the regular workstation without access to the work mailbox, or if the user is working in PortalTraining. The PortalTraining two-factor authentication defaults to the method set in the active Portal. Because PortalTraining is not a live production site, email notification is disabled, and the authentication code will not be sent by email.

To change the method by which the User receives the authentication code, log into the live production Portal site. Click on “Common” under the “Home” menu, then click “My Account.” Remember that any changes made in the live production Portal are not effective in PortalTraining until overnight processing occurs.

This will open the User’s account information screen, which appears as follows:

Personal Information

Depending on how your account was created, some personal information may be pre-filled from different data sources, such as FAFSA applications or forms filled out on the WSAC portal. You are welcome to update inaccurate or outdated information.

There are four options available to receive the authentication code:

- Email (this option is not functional in PortalTraining)
- Text to a cell phone
- Automated voice call to a cell or land line
- Authenticator app

Click “update” next to “Phone” and a field will open to enter a cell phone number (for text or automated calls) or a land line number (for automated calls only). Move the slider to turn on “Remember this browser.” Select “text” or “automated call” in the secondary login box to begin receiving authentication codes by that preferred method.

If the User prefers to use an authenticator application, click “Connect authenticator app” and follow the prompts to set up that delivery method. Remember to click “Remember this browser.”

You may also update your email address and Password on this page. Click “Change password” to open that screen:

Change password

Your new password must be different from your last three passwords, and meet the following requirements:

- at least 10 characters
- include at least one
 - uppercase character
 - lowercase character
 - number
 - special character (!@#\$\$%^&*)

Password

Confirm password

Begin typing your new password in the field, and the requirements will auto-check as you meet each criterion for a valid password. Confirm the new password by re-typing in the second field, then click “Change password.”

Welcome to the WSAC portal.

This site contains confidential student information on financial aid applicants provided by Washington Student Achievement Council. This site is for use only by authorized WSAC staff, institution staff, employers, and students. This site is not for use by the general public.

By logging in to this tool, I acknowledge that I agree to the following terms and conditions:

- Protecting WSAC data in accordance with the Family Educational Rights and Privacy Act (FERPA).
- Protecting user authentication information from use by unauthorized persons.
- Using WSAC data only for purposes of administering and assisting students with state financial aid programs.

The User will encounter the following “Welcome” screen when logging into the URR for the first time each year. The User also may download a copy of the blank .csv template here, if necessary, to create the upload file.

Notice the Navigation bar, which will inform the User which progression step they are in as they complete URR submission. If the URR file was uploaded during an earlier Portal session, the User will be taken directly to the appropriate Navigation screen upon login.

Download Errors Try Again

If the file did not upload due to a critical File Error, click the “Download Errors” button to download the .csv file that lists the errors that must be corrected. Then click the “Try Again” button, which will delete the file and return the User to the “Welcome”/Upload screen. Make the necessary corrections to the file before attempting to upload the revised file.

Generally not recommended: If you need to start over from scratch, the entire Upload files can be fully discarded from the URR Portal at any time during the editing process. From the “Upload” screen, click “Delete All URR Data,” then upload a new file.

Editing Student Records

If the file uploads successfully, Users will see the “Successfully Uploaded” message. Verify that the number of student records uploaded and Year In School distribution matches your institutional records.

NOTE: Generally, the URR will auto-load “skeleton” records for students for whom WSAC has existing award data in CSAW or other Portal reporting applications for the year but are missing records in the institution’s URR upload file (see pop-up note example shown on the Upload screen, below; the message becomes visible by hovering cursor over the blue info icon). An auto-loaded record may be an indicator of an SSN issue. Check for a duplicate student record in the original upload file under a different SSN.

At this time, the URR is unable to auto-load “skeleton” records for missing Substance Use Disorder Professional Grant recipient records. However, these errors will appear on the Discrepancies Report available for review just prior to the URR Submit step.

Auto-loaded records will generate errors that require the User to fill in the missing data. The auto-loaded “skeleton” record contains only the SSN ID, student name, and Errors generated due to the missing information. If the record represents a student for whom the institution will be returning funds to WSAC and no other reportable programs exist, enter explanation(s) in the Override Reason fields for the Errors, where applicable. Those records will be deleted from the URR by WSAC after refunds are returned and URR submission has been finalized.

The screenshot shows a progress bar with four steps: Upload (checked), Errors, Review, and Submit. Below the progress bar, it says "Successfully Uploaded" with a green checkmark. There are buttons for "Search Students", "Add File", and "Add Record". A red box highlights a pop-up note that says: "Students reported to date: [info icon] This may include students not reported on the unit record, but who have award data on file (via CSAW or another reporting application)". Below the note is a table showing the distribution of students by year level.

Year Level	Count
Freshman/1st Year	2
Sophomore/2nd Year	2
Junior/3rd Year	2
Senior/4th Year	2
Graduate	1
Other	1
Total	10

At the bottom of the screen, there are three buttons: "Delete All URR Data", "Download Report", and "Continue".

If the Year in School counts are correct after reviewing the categories and total, click the “Continue” button. If the data does not match, click the “Delete All URR Data” button and upload a corrected file.

Retrieving Errors

The Errors screen(s) list the student records containing errors, the error type, and whether the error is Overrideable, Must Fix (non-overrideable), or Informational.

- **“Overrideable”** means the error must be corrected or an override explanation must be entered on the student record.
- Errors labeled **“Must Fix”** are Non-overrideable and must be corrected in the student record before the User can move forward to complete submission of the Unit Record to WSAC.
- **“Informational”** may or may not require correction depending on circumstance. Review and make adjustment, as needed, to ensure accurate reporting. For example, if “Student Aid Index Outside Expected Range” is an accurate amount that is reflected in the FAFSA or WASFA, enter an override note to that effect, or if inaccurately noted due to a typo, correct the amount shown; if appropriate, also add an override comment. Some Informational errors do not require adjustment, such as an accurately reported “Date Of Birth outside the standard range.” WSAC recommends that a comment be entered whether or not a correction is made to ensure WSAC can see that the school is aware of the situation and that it was not an oversight.

Amending Existing Override Comments: In many instances where Override comments need correction or addition of clarifying information, the original writer may choose to edit the Override comment that they themselves initiated. However, Edit capabilities depend on whether you are (1) editing an Override comment entered **prior to** initial URR submission to WSAC, or (2) responding to an Override rejection comment **after** the URR has been submitted and reverted (reopened) or editing that reject response prior to resubmit. However, in no instance are Users able to amend comments written by a different User, which requires that a new comment be entered.

(1) Editing existing Override comment **prior to** initial URR submission:

To edit the Override, click the “Overridden” status at the end of the record’s error message, which will drop down the initial Override comment to your view. If the Override comment

is editable, you will see the pencil editing tool on the far right of the comment. Click the pencil icon to edit the comment:

Edit the Override comment by adding or removing text, as desired, then click “Save” to retain the new information, or “Cancel” if you choose not to modify the original text.

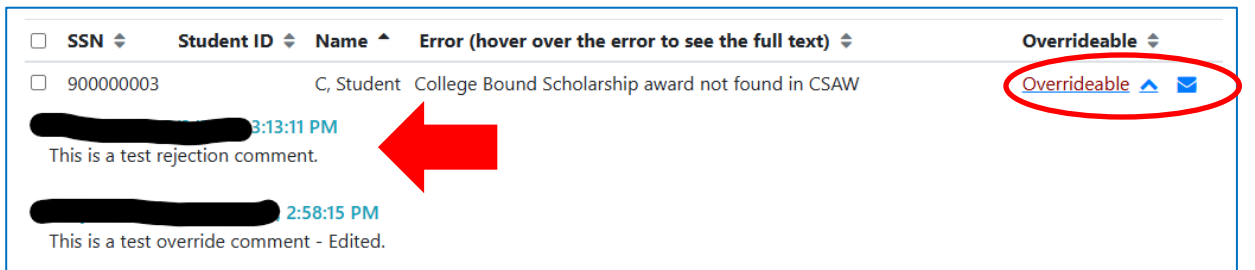

To double check your edited comment, either hover the cursor over the round blue “i” icon next to the “Overridden” status or click “Overridden” to reveal the comment in the error list. Observe that additional edits may be made to the comment using the pencil icon if you are not satisfied with the edited comment just entered.

(2) Editing existing Override comment **after** URR submission and revert/reopen:

If the submitted URR is reverted (reopened) for additional information or correction, the Institutional override rejected by the URR team reviewer (see orange arrow) changes the Override status color from the green “Overridden” back to the red “Overrideable” status.

To address the WSAC rejection comment with your follow up Override comment, select the SSN box for that error, which will activate the Override Reason field. Enter your response in the Override Reason field, then click the blue “Override X errors” button and click “Save” at the top of the record screen.

Screen view after saving the edited Override comment:

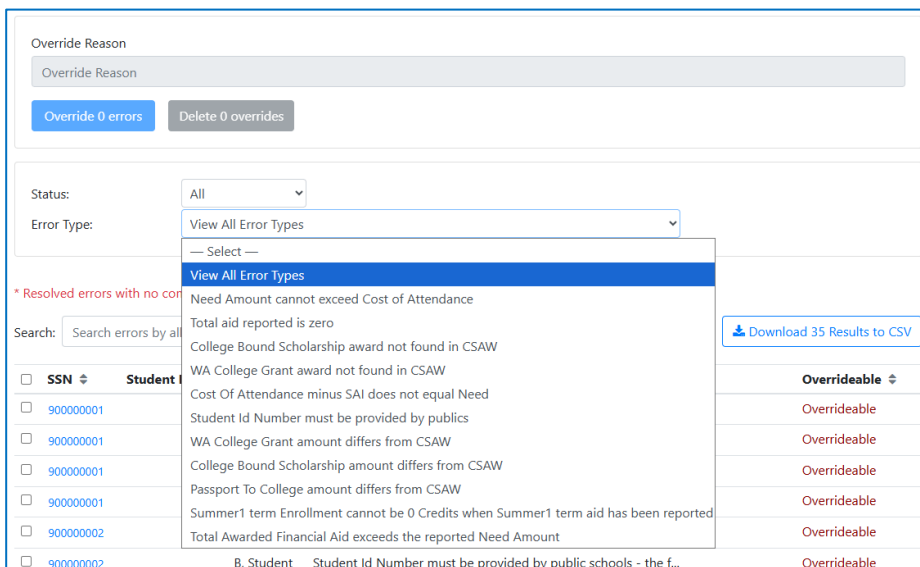

Once the URR has been resubmitted, however, institutional responses to a WSAC Reviewer question or notation must follow the procedure (2) for addition of a new Override comment. This preserves the integrity of the historical timeline of comments in the resolution of the Error(s) without deletion of pre-existing comments. Institutions cannot access prior Override comments from the earlier URR submission for edit.

“Bulk” Override Processing

Multiple record overrides can now be processed simultaneously. This functionality is best limited to processing the Error Types for student records after a review of each student record to ensure that the explanatory override comment is suitable to all records for which it will be applied. **WSAC will review individual records where bulk overrides have been applied to ensure that the Override comment processed against each record does fit the individual conditions being overridden.**

The bulk override procedure can be accessed from the Institution’s main Error screen or applied to an individual record having errors with associated causes.

To identify records of the same Error Type, click the dropdown box and select the desired Error Type.

Review the individual records to determine whether a correction is needed or if a specific override reason should be applied. Check the box at the head of the error row for each record to which the Override Reason will be applied. If the Override Reason will be applied to all records appearing in the list for the Error Type, click the check box next to the “SSN” column header to select all records of that Type as shown in the example below.

Enter the explanation/reason into the Override Reason field, then click the blue Override Errors button. (Note that the number of errors to which the Override will be applied appears within the blue Override Errors button. See example, below.)

[Search for Student Records in the Unit Record Report](#)

For most URR Portal Users, student record searches must take place from the Upload screen. Navigate to the Upload screen, then click the “Search Students” button, which will open the general Search screen.

From the Upload screen:

The screenshot shows the 'Upload' screen with a progress bar at the top containing 'Upload' (checked), 'Errors', 'Review', and 'Submit'. Below the progress bar, it says 'Successfully Uploaded' with a green checkmark. There are three buttons: 'Search Students' (highlighted with a red arrow), 'Add File', and 'Add Record'. Below the buttons, it says 'Students reported to date:' followed by an information icon. A table displays the following data:

Year in School	Count
Freshman/1st Year	22
Sophomore/2nd Year	8
Junior/3rd Year	6
Senior/4th Year	4
Unclassified/5th Year	3
Graduate	23
Other	278
Total	344

At the bottom of the screen, there are three buttons: 'Delete All URR Data', 'Download Report', and 'Continue'.

The general Search screen allows the User to either: (1) upload a comma-separated list of social security numbers or names in the top Search field, or (2) search by a single data element, such as an individual social security number, a name, or a numerical value (for example, 30000 which could bring up records with that value from the Search column headers shown).

Resolving Social Security Number Differences

Clues to SSN issues include errors showing duplicated records in the Errors screen for what appears to be the same student with different SSNs. The record with the incorrect SSN must be deleted after merging the award information into one record with the correct SSN. Or, the duplicated records under different SSNs may appear when the User reviews the Program Differences Report(s) just before submitting the URR.

There are two types of resolutions to Social Security Number (SSN) differences depending on where the incorrect SSN originates. Errors involving SSNs do not clear in the URR until the issue has been resolved in the appropriate location.

- If the incorrect SSN originated with the URR upload, the Institutional User must resolve the issue by correcting the SSN in the URR student record itself. Navigate to and open the student record, click the Details tab, clear the SSN field, and enter the correct number. Then click "Save." Delete the second record if there is duplication.
- If the incorrect SSN originated in the student's CSAW or other program records instead of the URR, WSAC assistance is required to make corrections in WSAC program records. Click the "Send us an Email" button from any available screen (located above the Navigation tabs).

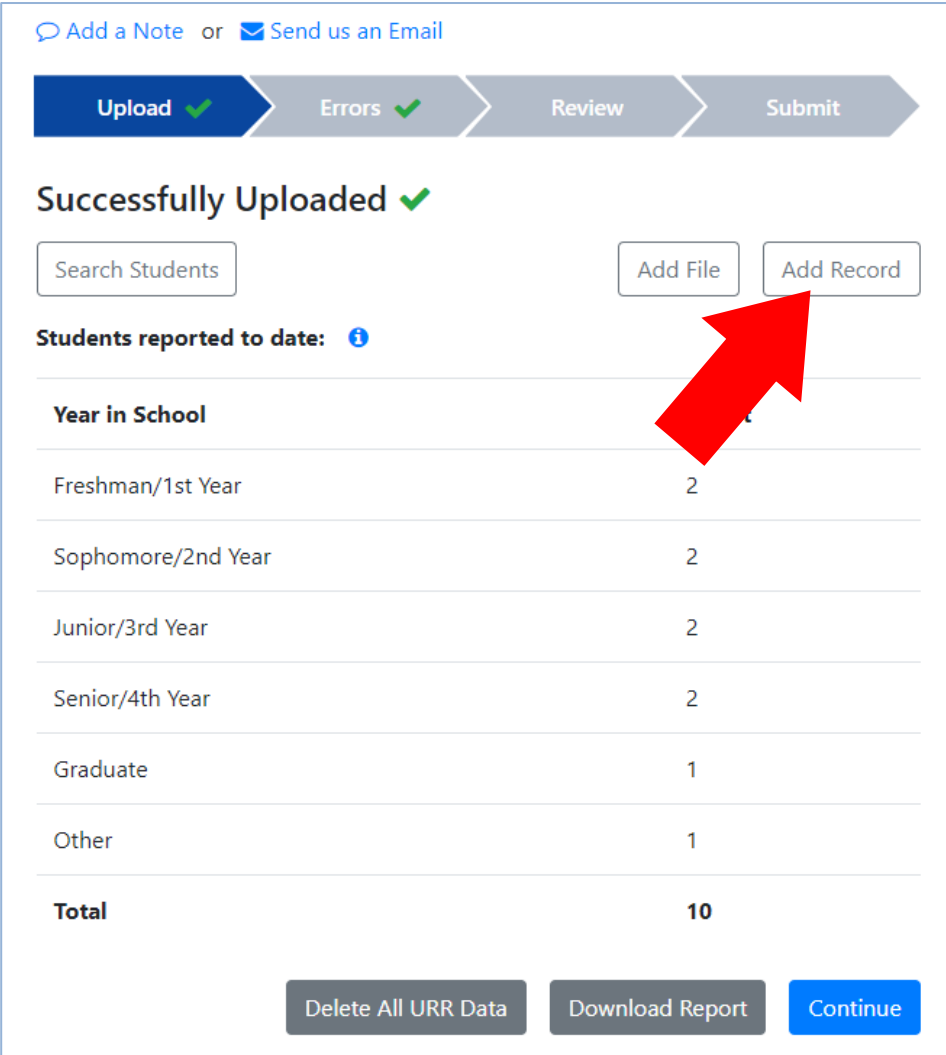

This will open the secure Portal email system and allow Users to create a secure Portal email to WSAC URR Team staff. Draft an email that includes the name of the student, the correct SSN (please mark for clarity), and the incorrect SSN (mark for clarity), and the program(s) involved. Send the secure email with the situational details to the Unit Record Report mailbox, and the URR Team members will initiate the SSN correction for you from the WSAC side of the Portal. Remember: The Portal email system is disabled and non-functional in the PortalTraining environment. You must send secure emails from the live, production Portal site only.

Manually Deleting Student Records

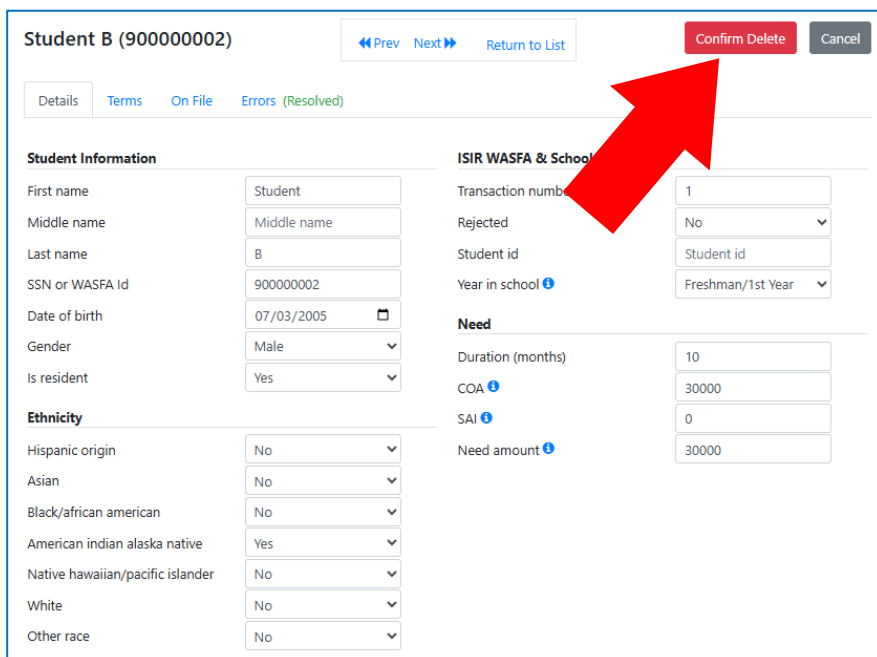

Individual student records can be manually deleted, except for those that have existing WSAC-funded program Portal payments or were auto-added to the URR. Attempting to delete such records will trigger an error message that must be overridden with an explanation. If the school will be returning funds to WSAC, include that detail in the override comment.

To delete a student record, navigate to the record by way of the Search screen or by clicking the student's SSN from the main Error menu. After opening the record, click the "Delete" button in the upper right portion of the screen.

The screenshot shows the 'Student B (900000002)' record page. At the top right, there are navigation buttons: '<< Prev', 'Next >>', and 'Return to List'. To the right of these are two buttons: 'Delete' (highlighted with a red arrow) and 'Save'. Below the navigation is a tabbed interface with 'Details', 'Terms', 'On File', and 'Errors (Resolved)'. The main content is divided into two columns: 'Student Information' and 'ISIR WASFA & School Information'. The 'Student Information' column includes fields for First name (Student), Middle name (Middle name), Last name (B), SSN or WASFA Id (900000002), Date of birth (07/03/2005), Gender (Male), Is resident (Yes), and Ethnicity (Hispanic origin: No, Asian: No, Black/african american: No, American indian alaska native: Yes, Native hawaiian/pacific islander: No, White: No, Other race: No). The 'ISIR WASFA & School Information' column includes Transaction number, Rejected (No), Student id, Year in school (Freshman/1st Year), Need (Duration: 10, COA: 30000, SAI: 0, Need amount: 30000).

You will be asked to confirm the deletion.

The screenshot shows the 'Student B (900000002)' record page after clicking 'Delete'. The 'Delete' button is now a red 'Confirm Delete' button, which is highlighted with a red arrow. The 'Save' button is now a grey 'Cancel' button. The rest of the page content, including the navigation buttons and the form fields, remains the same as in the previous screenshot.

[Supplemental File Uploads to Add/Delete/Edit Multiple Records Simultaneously](#)

Supplemental files may be uploaded after an initial URR file upload to add new records, delete records, or to edit/correct records already uploaded. The supplemental file may contain records that are a mixture of these change types.

- Supplemental files must include a valid .csv header row at the top of the file and include full data for each student record included. Partial information will cause an existing record to lose data or generate errors in newly added records.
- If modifying records already uploaded to the URR, Users must be careful to include full data for the student and edit only those fields that require change without omitting valid existing data. Data in the supplemental file will overwrite the original upload information for existing records identified to the student SSN. Omitted data may trigger new errors.
- To delete an existing student record in the URR, enter “True,” “Yes,” or “Y” in the IsDelete field for the record to be removed from the URR. Remember, records with awards in CSAW or other Portal programs cannot be deleted but will appear in the URR with errors that must be corrected if a deletion attempt is performed.

- To add a new student record to the URR, enter “False,” “No,” or “N” in the IsDelete field for the record to be added to the URR.
- To modify data for an existing student record in the URR, enter “False,” “No,” or “N” in the IsDelete field and edit only those fields that need update while leaving all other data intact in that student’s row.
- Successful Supplemental file uploads cannot be reversed or deleted. (Clicking “Discard All URR Data” after a successful Supplemental file upload will fully delete the entire URR data file and not just the Supplemental file.) Users must edit those records by opening the records from the Search or Errors screens OR upload a compensating supplemental file to undo the original add/delete/modifications.
- Unsuccessful Supplemental file uploads must be discarded immediately after upload if the Upload is shown as rejected with “critical errors.” If the Supplemental file does not upload successfully, Users must click the “Try Again” button to discard the failed supplemental upload without affecting pre-existing data.
- Click the “Revalidate” button at the top of the main Errors screen after processing a Supplemental file upload to capture and address any new errors. Neglecting to do so may allow errors to remain hidden until revealed when errors are reprocessed just before completing the URR Submit procedure.

A cut-away example of the “IsDelete” field is shown below, bracketed in red, for two record deletions and one record addition/modification. Complete data for these students must be included in the supplemental upload file but is not shown here due to space limitations.

	A	B	C	D	E	F

Add New File

Upload an Excel (or CSV) file with unit record information for your students (**large CSV files (over 10MB) should be zipped before uploading**).

Note: During the upload, unit records will be created for students not included in this report, but who have award data on file (from CSAW or another application)

Download the template [here](#).

The User will receive the “Successfully Uploaded” message on the screen if the supplemental file upload is successful. The numbers in the “Year in School” categories and the Total will update to reflect any adds or deletes to the student records.

The screenshot shows a web interface with a progress bar at the top containing four steps: 'Upload' (highlighted in blue with a green checkmark), 'Errors' (with a green checkmark), 'Review', and 'Submit'. Below the progress bar, the text 'Successfully Uploaded' with a green checkmark is circled in red. Underneath, there are buttons for 'Search Students', 'Add File', and 'Add Record'. A section titled 'Students reported to date:' with an information icon follows. Below this is a table with two columns: 'Year in School' and 'Count'. The table lists categories and their counts: Freshman/1st Year (2), Sophomore/2nd Year (2), Junior/3rd Year (2), Senior/4th Year (2), Graduate (1), and Other (1). A 'Total' row shows a count of 10. At the bottom, there are three buttons: 'Delete All URR Data', 'Download Report', and 'Continue'.

Users can navigate to the Search screen to double check adds and deletions.

As mentioned in the Supplemental file summary for this section, remember to click the “Revalidate” button at the top of the main Errors screen after processing a Supplemental file upload of any type to capture and address any new errors. Neglecting to do so will cause any hidden errors to be revealed when errors are reprocessed just before completing the URR Submit.

Institutions may add explanatory notes to the URR for WSAC staff to view after the URR has been submitted.

Wherever “Add a Note” is shown (essentially any screen in the URR), Users may now click the button to open a notes screen. Multiple notes may be entered and edited up to the time the URR has been submitted.

Enter remarks to the comment box, then click “Save Note.” Notes are not affiliated with specific student records but to the overall URR generally. If the Note relates to a specific student record, be sure to include the student’s name and SSN information to the comment box.

The next screen will display a copy of the preliminary Program Totals Report. An abbreviated/truncated view of the Preliminary Totals Report is shown on the next page (the report is too long to include a view of all program reporting categories in a single screenshot).

Review the current-year data to determine if any program data are missing or if unusual patterns are present in your Totals comparisons. Please contact WSAC staff to discuss available options if that is the case.

WSAC suggests that institutions download and save a copy of the preliminary report as a PDF from this screen for their records. A copy of the final report should be downloaded and saved as a comparison when it is released in January. The final Program Totals report released in January does not include data for students who received only non-need-based aid (that is, not one dollar of need-based aid) and no federal loans.

If everything in the Preliminary Totals Report appears reasonable, press the “Confirm Report” button.

Each Differences report is individual to the program. Select each program report to view from the dropdown box. Few differences, if any, are expected at this point due to the auto-addition of WSAC program-related records at Upload and the Error process, but this is a

final opportunity to correct any records before URR submission. If differences exist, Users are expected to adjust the records to clear the differences before submitting the report.

Review each individual program report to identify if there are any unresolved differences between the CSAW or other Portal records for Washington College Grant (WCG), College Bound Scholarship (CBS), Passport to College (PTC), WA Bridge, and Substance Use Disorder Professional Grant (SUDP) data, and the URR.

- “Yes” in the Overridden column confirms differences already addressed through an override request. It may signal student social security number differences

(corrections in progress or yet unresolved) or an action that must be completed, such as a pending return of funds from the school to balance the student account.

- Differences that need to be addressed show “No” or a blank in the “Overridden” column. Click the “Download differences to csv” button to download a separate file and review unaddressed data errors that still need correction or to identify missing student records that require addition to the URR.
- To add missing WCG/CBS/PTC/Bridge/SUDP data for student records that already exist in the URR upload, return to the Errors tab or navigate to the “Search” function in the Pages menu bar to locate and open the student record for adjustment.
- If a student record is missing from the URR entirely, see the section, “Manually Adding Student Records,” for instructions.

If you submit the URR with significant differences, WSAC staff will contact you to resolve any questions about those differences before WSAC finalizes the report.

After completing the Differences Reports review and performing any yet-unaddressed record adjustments, click the “Return to Report Summary” button which will return the User to the “Submit” screen.

Download of “Point-In-Time” URR Data File

At the time of submittal, WSAC recommends that the institution download a copy of the final “Point-In-Time” URR data file for retention in institutional records. The download is a mirror of the URR data as it exists on file at WSAC at the “point-in-time” the download file is generated. It includes all added records, error corrections and edits, but does not include override comments entered. Keeping a copy of the final, edited file at submission for history is recommended.

Ability to download Point-In-Time file(s) of the URR is not new. The Download button is located on the Upload screen (files downloaded from the Search screen are not full URR data files). The download may be helpful to pull data to create an abbreviated supplemental file to effect “bulk” deletion or editing of multiple records, or if the institution is considering a total deletion of the original file upload but wants to retain all edits made in the file to date before discarding the original file.

The “Point-In-Time” URR data file may be downloaded at time of Submit, or during active editing of the URR prior to final submit, by navigating to the Upload screen and clicking on the “Download Report” button at the bottom of the screen.

From the Submit screen, Users have an opportunity to review and download copies of the “Demographic Report” as well as the “Program Totals Report.” These reports are available for download for up to four years until the next reporting cycle is added to the year selection dropdown box and the oldest year is removed. The Demographics, Program Totals, WCG/CBS/PTC/Bridge/**SUDP** Differences and Profile reports for the fifth year are removed at that time as the year is no longer available from the dropdown options.

NOTE: The Profile Reports button is grayed out until those reports are finalized in January. WSAC will announce availability of Profile Reports to institutions when ready for download. Profile Reports remain available on the Portal for download for up to four years.

WSAC recommends that Users retain copies of the Point-in-Time full URR file download, Program Totals Report and Demographic Distribution Reports after submitting your final URR. Users may also review previous-year Profile Reports at that time.

PLEASE NOTE: After WSAC has finalized and closed all URRs for the year, WSAC will remove any non-essential, non-need-based data for student records that do not contain at least one dollar of need-based aid from your institution’s URR records. This means that, prior to final closure of all URR submissions for the year, your preliminary Institutional Totals Report column for 2024-25 may include some non-need-based aid records that WSAC will remove later. Until WSAC removes all non-essential non-need-based aid from the 2024-25 column, your Program Totals Report could reflect a greater percentage change between 2023-24 and 2024-25 than will appear after WSAC releases the final reports for 2024-25 in January 2026.

[Updated Profile Reports Available in January 2026](#)

Updated Profile Reports that compare 2024-25 institutional data to aggregate same sector institutions and all institutions in the state are expected to be available in January 2026. Institutions will receive an email announcement when those reports are available.

Prior to January 2026, Profile Reports are downloadable for the three previous years’ comparison data. You may download and print those reports as a PDF at any time by selecting the appropriate academic year report from the dropdown box shown of the URR Submit screen.

APPENDIX B: RECORD LAYOUT

The following shows field header names, valid inputs, remarks, and changes. A CSV file layout with headers is available on the WSAC website at: www.wsac.wa.gov/unit-record. Field names are hyperlinked to the corresponding field names in Chapter 2 (Data Definitions).

Field/Column Header Name	Valid Inputs	Remarks	Changes?
IsDelete	'N' or "No" or 'false' 'Y' or "Yes" or 'True' May leave blank	Default is 'N,' 'No,' 'false,' or leave blank. Entry of 'Y,' 'Yes,' or 'true' will delete student record(s)	No
SSN	Numbers, with or without hyphens, no spaces	Required for all recipients. Nine-digit SSN. Include leading zeros, if necessary, to fill all nine digits. For students reported in CSAW: Report the same number used in CSAW. For students not reported in CSAW: Report the same number used in your institutional reporting.	No
InstitutionStudentID	Any characters (up to 50)	Unique identifier for the student (SID) at your school. Public baccalaureate institutions should use the nine-character PCHEES Student ID as the first nine characters. CTCs should use the nine-character, college-assigned SID. Optional for private institutions. Privates may leave this field blank.	No
LastName	Any characters (up to 100)	Required for all recipients. If a student only has a first name, report that name as first name and last name.	No
FirstName	Any characters (up to 50)	Required for all recipients. If a student only has a last name, report that name as first name and last name.	No

Errors that prevent File Upload and Import

- File is not in CSV format (or is otherwise unreadable).
- File Header row is missing.
- File Header row is missing some of the column headings:
 - Headings must be spelled correctly without extra punctuation or spaces.
 - Headings can be in any order.
 - Any character casing in the headings will be accepted.
- File Header has 'extra' columns (i.e., columns not in the file specifications).
- SSN duplicated on multiple rows.
- Institution Student ID is not blank and duplicated on multiple rows.
- Data rows do not have the same number of columns as the header row.
- Required fields are missing values:
 - SSN
 - LastName
 - FirstName
 - Gender
 - IsStateResident
 - YearInSchool
 - RejectedISIRWASFA
 - EnrollmentStatus (for all five terms)
 - Financial Aid Received (for all five terms for all programs)
- Numeric columns do not contain valid numbers (numbers in URR are always integers).
- Selection columns (e.g., enrollment status, year in school) do not contain valid selections.
- Boolean (yes/no) columns do not contain valid codes.
- Date fields do not contain valid dates (e.g., '2004-0101' or '12/31/2019'). If commas are included in the dates, enclose the data in quotes.
