Subject: 2024-25 WASFA Corrections

Good morning!

Thank you for your continued patience as we work to resolve the technical issues affecting WASFA corrections.

We've identified a solution that enables us to process corrections for the 2024–25 academic year. To ensure that all necessary updates are handled properly, we have removed any pending corrections previously submitted in the WSAC Portal as of May 1, 2025. Any corrections submitted after, we are tracking and will be in touch.

For income-based or general corrections, please follow the steps below:

1. Log into the WSAC Portal at <https://portal.wsac.wa.gov/> and navigate to Programs > WASFA.
2. Search for the filer that you would like to correct.

3. Once the filer has been located, click on the student’s name on the latest transaction to access their application detail.
4. Scroll down to the “Unusual Circumstances” section to approve the unusual circumstance by clicking the following “Approve unusual circumstances” button:

Unusual Circumstances	yes

5. Clicking the button will create a pending correction for the WASFA Team to process.

Once we have received your correction or message, the WASFA team will complete the following steps:

1. Update the student's application with your changes directly with our application provider (Regent).
2. The WASFA Team will send a secure message from WCG through the WSAC Portal to the person who messaged or created a correction in the WSAC Portal with an attached PDF of the application with changes.
3. Please carefully review the updated corrections on the pdf and alert WCG if there are any discrepancies.
4. If the information is correct, reply to that email with the following affidavit: "I acknowledge that all information provided on the WA Application for State Financial Aid (WASFA) 2024-2025 has been input correctly and should be processed on behalf of our institution."
5. Once the team receives the affidavit message, we will submit the changes, and an updated transaction will be available in the WSAC Portal within 2 business days.

While we're working to establish a better process for the 2025–26 academic year, we wanted to provide a workaround for the current year in the meantime.

Please don't hesitate to contact us with questions!

Take care,
The WASFA Team
