Council Commitment to Equity

The Council and agency are committed to using an equity lens in all our work to help current and future students. Our goal is to make sure that everyone has a real chance to succeed. Equity means working to identify and address structural barriers, such as racism, which harm students and families. WSAC is dedicated to supporting those who are farthest from our statewide attainment goal. This includes Black, Indigenous, Latinx, Native Hawaiian, Pacific Islander, Asian, and multiracial individuals, regardless of immigration status.
