## Washington's Ten-Year Plan

The Roadmap sets a clear course to increase educational attainment for Washingtonians, leading to better prepared high school graduates and more adults who earn postsecondary credentials—all primary contributors to a robust and prosperous Washington.

## The Goals

Washington's Roadmap establishes two goals for 2023:

- All adults in Washington, ages 25–44, will have a high school diploma or equivalent.
- At least 70 percent of Washington adults, ages 25–44, will have a postsecondary credential.

Currently, 89 percent of adults, ages 25–44, in Washington have a high school diploma or equivalent. Less than 50 percent of adults, ages 25–44, have a postsecondary credential.

## Roadmap Recommendations

- 1 Ensure cost is not a barrier for low-income students
- 2 Make college affordable
- 3 Ensure all high school graduates are career and college ready
- 4 Streamline and expand dual-credit and dual-enrollment programs
- 5 Increase support for all current and prospective students
- 6 Align postsecondary programs with employment opportunities
- 7 Provide greater access to work-based learning opportunities
- 8 Encourage adults to earn a postsecondary credential
- 9 Leverage technology to improve student outcomes
- 10 Respond to student, employer, and community needs
- 11 Increase awareness of postsecondary opportunities
- 12 Help students and families save for postsecondary education
