New Agency Name and Purpose: The Legislature passed and the Governor signed House Bill 2483 in the 2012 session, which transfers most of the duties and responsibilities of the Higher Education Coordinating Board to a new Student Achievement Council, effective July 1, 2012.

While the duties of the agency have changed, the administration of student financial assistance programs will remain the same. This manual now refers to the Student Achievement Council, or simply the Council, throughout. Please note that within the CBS Statute the agency is referred to as the Office which refers to the Office of Student Financial Assistance and is synonymous with the Council.

College Bound Processing Timeline

| Month | Institution Action | Explanation |
|----------------------------|---|---|
| January and beyond | N/A | Students notified by the HECB that their CBS application is matched to FAFSA. |
| February and beyond | Use “CBS Cruncher” to identify students who may be considered for awarding. | Upload ready-to-award students into the CBS Cruncher in the HECB Portal to identify valid CBS applications eligible for awarding consideration. The OKtoAward column will be marked Yes. |
| | Continue identifying and awarding students | Continue to upload your lists of students to the Cruncher frequently to: <ul style="list-style-type: none"> • Identify new students added to the cruncher • Determine students whose status may have changed |
| August and beyond | Confirm eligibility for awarded students prior to disbursement by viewing “OKtoPay” | HECB will update the Cruncher to reflect High School graduation data received from OSPI. Students who attended private school or were home schooled will have to be validated individually by either the HECB or the institution. |
| August/September | Private campuses include CBS awards in CSAW | CSAW includes a field for the CBS award amount. |
| Fall and as needed | Request payment from HECB | Colleges will request payment for CBS following the same procedures as that of SNG. Public institutions will use the Portal to request cash, and the Private and Proprietary sectors will request reimbursement through CSAW. Campuses will receive an initial allocation and funds will be increased/decreased for each campus based on eligible student enrollments. |
| November | Submit Interim Reports | Institutions will upload SNG and CBS data simultaneously via the new file format and address edits for both programs. |

COLLEGE BOUND SCHOLARSHIP

Overview

The College Bound Scholarship is an early commitment of state funding that intends to alleviate the financial barriers preventing low-income middle school students from considering higher education as a possibility.

Since the College Bound Scholarship was created in 2007, more than 100,000 students have applied. The students in the first cohort of nearly 16,000 students graduated in June 2012.

The scholarship coordinates with State Need Grant and other state funded grants or scholarships (gift assistance) to cover tuition and fees (at public institution rates) and a small book allowance for income-eligible students. Students apply in the 7th or 8th grade, having met an income standard based on free or reduced priced lunch criteria.

College Bound Scholarship eligibility mirrors State Need Grant in many ways. This manual is considered an addendum to the State Need Grant manual and outlines the areas where College Bound eligibility and processing differ from SNG.

Students must attend campuses that are eligible for and participating in the State Need Grant.

Funding

The \$7.4 million dollars appropriated by the Legislature in 2007, were invested in the Guaranteed Education Tuition (GET) pre-paid tuition program and are expected to be valued at more than \$12 million to begin payouts in 2012-13.

The Legislature has asked the Caseload Forecast Council to include the College Bound Scholarship in its forecasts for future budget projections. The program will need appropriations in future fiscal years.

Matching College Bound Valid Applications to FAFSA Filers

The Council’s College Bound valid applicant database is matched to incoming FAFSA applications. Using the **CBS Cruncher**, campuses will upload their student data to match against the database. Campuses are presented with a list of students eligible for awarding consideration and information about students who are not eligible.

The CBS Cruncher is located in the Portal. From the main menu, select Program, then College Bound. Step-by-step instructions for using the CBS Cruncher are found in Chapter 4.

Similar to the SNG Archive Report, campuses will need to use the CBS Cruncher at the time of awarding and again prior to disbursement.

High-school seniors who file their FAFSA are notified by the Council that their application was successfully matched to their FAFSA. There are ongoing communications to both FAFSA-filing seniors regarding next steps and to non-filing seniors regarding “don’t delay, file today.”

Understanding the CBS Cruncher Codes

OK to Award

Students marked “Yes” in the “OK to Award” field are valid CBS applicants that the Council has matched with FAFSA filers to identify those who are likely to meet high school requirements or have met them and who have met other criteria. These students are OK to package for CBS.

Students marked “No” have OSPI data indicating they are not likely to meet the high school graduation/2.0 GPA requirement, and/or the enrollment timeframe has expired, and/or the student owes a repayment. These students should not be packaged for CBS.

Students marked “Verify” did not have data available or were not on track for high school graduation requirements. Also, if the Council cannot confirm the student enrolled within one year of high school, they will be marked “verify.”

The campus may ask the student to submit their final transcript to confirm that the student did graduate with a minimum 2.0 GPA or direct the student to contact the College Bound staff. Either the campus or the College Bound staff may change the Cruncher flag after confirmation.

The Council encourages campuses to package College Bound with their initial award if systems allow. Campuses electing to delay awarding of CBS until OK to Pay has been affirmed as it is assumed to be less work for the campus, should consider the following factors:

- Students will be expecting to see CBS on their award offer creating financial aid office workload responding to inquiries. The Council’s communications with students and partners have indicated the lack of CBS on an award letter may be due to:
 - No room in the student’s financial need.
 - Student’s family income above 65 MFI.
 - State aid met the maximum award amount.
 - Campus was unable to identify the student – contact the Council.
- Awarding up-front and pulling back a few students determined to have not met high school requirements is anticipated to be less work than re-packaging all students to avoid offering CBS to students who don’t meet the requirement
 - GPA data reflect the large majority of FAFSA-filing seniors are on-track with a 2.0 (nearly 90%).
 - The Council and OSPI will exchange data beginning in July to capture graduation information in a timely manner and the CBS Cruncher will be updated immediately.
 - Four-year campuses could confer with admissions regarding students’ likelihood and earning of the high school requirements.
- “OK to Pay” is similar to the SNG Archive process in that campuses verify eligibility at the time of initial awarding and again prior to disbursement.
- It advantages a campus to have CBS included on awards as students compare aid offers.
- A number of campuses have recruited CBS students and some offered early admission and special visit programs – a delay of award could be counterproductive.

Ok to Pay

Campuses need to affirm awarded students remain eligible prior to disbursement. Depending on the awarding cycle, this may be the field to review in lieu of “OK to Award.”

The Council will notify campuses beginning in July, and thereafter when OSPI data reflecting graduation has been loaded and campuses can confirm students are “OKtoPay.” OSPI data matches will occur frequently throughout the summer and early fall as school districts finish reporting. The initial data matches will include most students however campuses will need to return to the Cruncher to confirm their students are “OK to Pay” prior to disbursement.

CBS Application Status

A valid application has been reviewed by CBS staff and determined to be complete and timely. Invalid applications are included in the cruncher to assist campus staff in responding to students, however, questions can be referred to CBS staff.

Students and parent/guardian must file a complete CBS application in 7th or 8th grade with the Council that certifies the family income falls within the standards set by the USDA for eligibility for participation in the Free and Reduced-Price Lunch (FRPL) program; that the student participates in FRPL; the family receives Temporary Assistance for Needy Families (TANF) benefits; or the student is a foster youth.

Students who have a complete and timely application received a certificate with their name printed on it from the Council.

The College Bound student pledges to graduate with no felony convictions. If a student self-reports that they do have a felony conviction their application will not be marked as valid.

Students who want to appeal their CBS application eligibility should be directed to the Council's CBS staff.

High School Graduation Year

The anticipated year of high school graduation is noted for reference. Campuses do not need to review the "HS Requirements" field for continuing students previously determined eligible. However, the Cruncher will still need to be reviewed for the purpose of the scholarship timeframe criteria, quarters of eligibility remaining, repayments, etc.

High School Requirements Met

College Bound Scholarship recipients must graduate from a Washington high school (public or approved private schools) with at least a 2.0 cumulative GPA or receive home-based instruction under chapter 28A.200 RCW as outlined in the CBS WAC 250-84-050. Campuses will verify that the high school graduation requirement has been met for home schooled students in alignment with their admissions and financial aid policies.

GED test scores are not allowable for meeting the high school graduation with 2.0 GPA requirement.

Campuses are not required to verify high school requirements unless the student inquires. Campuses are able to change the response to the "HS Requirements" field. The system will note which campus changed the response and all campuses will be able to view and accept the data as valid. Four-year campuses are encouraged to review their admissions information to determine if students met the high school requirements.

The initial match with OSPI is based up the student's grades as of the spring of their junior year in high school. Students at risk of graduating with a 2.0 are flagged as "unlikely" in the "HSRequirementsMet" field.

Students who are not enrolled in a public school or did not allow OSPI to release their graduation data to the Council will be flagged as “unknown” in the HSRequirementsMet field.

The Council is asking the student to provide documentation of their graduation with a minimum 2.0 GPA to the campus or the Council. Either the campus or the Council can change this flag if the student’s high school graduation and GPA requirements were met.

Campuses who verify high school graduation must change the HSRequirementsMet field or an edit will be triggered when requesting reimbursement or processing interim reports.

Enrollment Deadline

College Bound students must enroll no later than the fall term (as defined by the institution) one academic year following high school graduation. College Bound Scholarships will not be disbursed prior to fall 2012.

College Bound students who did not enroll within a year of high school graduation will not be OK to Award. The record would have to be reviewed by the campus when a student inquired to determine if the student is continuing and was not previously income eligible or perhaps enrolled out-of-state.

Five Year Eligibility

Students must use the scholarship within five years of high school graduation. When five years has expired, the record will no longer be ok to award or pay.

CBS Terms Used/Remaining

The scholarship is a four year award equivalent to 8 semesters or 12 quarters that will be pro-rated for part-time enrollment. These fields will alert the aid administrator to the usage and remaining terms of eligibility.

Students who do not appear in the Cruncher

Students who inform the institution that they submitted the College Bound Scholarship application and received a College Bound certificate in middle school but are not in the Cruncher should be referred to the Council. College Bound staff will determine whether the student had a valid application on file and could not be matched to FAFSA.

CBS Systems Preparation

Campuses can take the following steps to prepare to identify and award College Bound students:

1. Prepare a file to upload SSNs into the CBS Cruncher in the Council portal. This is necessary to identify the potential CBS Applicants prior to awarding.

Campuses can select one of three ways to communicate with the Council portal. *For questions regarding the REST web service or SFTP approach, please contact the IT staff person listed in the directory at the front of this manual.*

- **Manually upload a file** via the Council’s Portal web site: Any user with access may log into the CBS Cruncher and upload a text file containing SSNs (1 per row) to get the output on the page or via a CSV download file.
 - **HTTP REST Interface:** Systems capable of consuming web services may issue a HTTP POST request with a list of SSNs as the post data. This is expected to be authenticated using Basic Authentication through an SSL tunnel. The Council would create an API user account with permissions and a hard password without an expiration date for this purpose.
 - **SFTP:** The Council can also set-up an automated file transfer system. This would work by the campus uploading a file of SSNs and the Council will return a CSV data file.
2. Determine how to identify/flag potential CBS Awards in their system prior to awarding. The output can be viewed in the portal or downloaded as an Excel file.
 3. Review previously awarded students for a change in eligibility status (either by a separate SSN file upload or evaluating the output accordingly).
 4. Review the eligibility criteria in Chapter 2 to automate eligibility criteria where possible (such as 65% MFI and “gap fill” after other state aid).
 5. Ensure systems are prepared to meet new file format requirements as required for CSAW (refer to the SNG Program Manual for CSAW information.)

Student Outreach by Campuses

Campuses have been able to request contact information for College Bound Scholarship applicants (who have provided authorization to share their information) in middle and high school grades for the purpose of outreach and support.

For the purpose of outreach to seniors, the Council has encouraged the campus recruitment and retention offices to connect with the financial aid office to match their FAFSA applicants to the Cruncher and identify students who have expressed an interested in attending that institution. The campus may then choose to communicate with prospective or admitted students, provided the student has indicated that campus on the FAFSA.

CHAPTER 2 - CALCULATING THE AWARD

- ❑ **CBS and SNG Awarding Policies**
- ❑ **CBS Awarding Criteria and Amounts**

College Bound Scholarship and State Need Grant Awarding Policies

The College Bound Scholarship program design and funding assumed eligible students would receive SNG to cover a large portion of the scholarship. However, in recent years increasing numbers of eligible students have enrolled but did not receive SNG due to increased demand.

The Council will partner with institutions to fulfill the intention in College Bound to coordinate with SNG. The Council is not asking campuses to “displace” students who otherwise would have been served by SNG in order to prioritize CBS students to receive SNG. There also will not be a Council "set aside" in SNG for CBS students who do not receive SNG which would reduce campus funding that would otherwise be available to students.

SNG awarding policies cannot be altered in order to serve more students with CBS in an effort to stretch SNG dollars further. The purpose of the February 1st FAFSA priority deadline for College Bound students was to maximize students’ access to SNG. The Council anticipates students that applied before February 1, and respond in a timely manner to other institutional requests (verification, campus applications, enrollment, etc.), would have access to SNG within the campus allocation. The Council also anticipates many students who file after February 1 will have access to SNG.

If your campus packages a student at a time when SNG is still being awarded, the CBS student should receive an SNG award amount as allowed within your packaging policies.

CBS Awarding Criteria

College Bound Scholarship requirements that differ from State Need Grant

The College Bound Scholarship will follow State Need Grant regulations in many areas. Please refer to the State Need Grant 2012-13 program manual for these requirements which are consistent between both programs, including:

- Satisfactory academic progress
- Repayment calculations and referrals
- Undergraduate
- State residency
- Citizenship/eligible non-citizen
- Eligible program of study
- Second Associate Degree
- Theology prohibition
- Fraudulent information
- FAFSA application and review of conflicting information

The initial eligibility areas are outlined in Chapter I and are monitored in the CBS Cruncher.

The CBS award is need-based and is reduced or eliminated if students receive need-based aid in excess of their financial need.

65% MFI Requirement

CBS students are required to file the FAFSA. CBS students’ family income must fall within 65% of the state’s median family income (MFI). Student eligibility is verified annually including the 65% MFI standard. Students who are not income eligible may regain eligibility in future years if within the five-year window from high school graduation.

The SNG policy that permits awarding to continuing recipients whose income changed by 3% or less is NOT applicable to CBS as the 65% MFI standard is statutorily required.

| MFI Chart College Bound Scholarship 2012-13 | |
|--|---|
| Family Size | 65% MFI (Rounded to nearest \$500) |
| 1 | \$27,500 |
| 2 | \$36,000 |
| 3 | \$44,500 |

| 16 | \$86,000 |
| 17 | \$87,500 |
| 18 | \$89,500 |
| 19 | \$91,000 |
| 20 | \$92,500 |

Years of CBS Eligibility/Summer Terms

Students may receive the College Bound Scholarship for no more than four academic years within a five-year period (12 quarters, 8 semesters or equivalent, prorated for part-time enrollment within the five-year period).

The four-year scholarship may be used during any terms within the five-year period, even if enrollment is not continuous. The Council's CBS Cruncher and College Bound State Need Grant Award Warehouse (CSAW) system will track the individual student's eligibility. Beginning in the summer of 2013, summer term will be eligible.

Part-time enrollment

The four year scholarship will be pro-rated for part-time enrollment and students can enroll continuously. Part-time awards will be reduced in the same manner as SNG (75% for 9-11 quarter credit hours or equivalent, 50% for 6-8 quarter credit hours or equivalent, and 25% for 3-5 quarter credit hours or equivalent). Less-than-halftime eligibility will mirror SNG policy at this time.

Like SNG, a small CBS award will count against their terms of eligibility. In addition, the term will apply to the five calendar years from high school graduation. However, if eligible, CBS should be awarded.

Self-Help/Gift-Equity

CBS is viewed as a contractual obligation and as such cannot be reduced by a self-help requirement. CBS may not be limited by gift-equity packaging policies either.

CBS is considered self-help for the purposes of SNG. The SNG self-help expectation of 25% of the cost of attendance (or the alternative work calculation) will continue to be applied to **SNG**. **CBS** is included in the number of methods which can be used to meet the self-help requirement for SNG.

Award Amounts

There is no minimum CBS award. The value of the maximum CBS award shall be determined by the Council based on the amount of tuition and service and activity fees at public colleges and universities (as used for SNG purposes) plus five hundred dollars.

The maximum award is determined by tuition increases approved in the operating budget and student and activity fees at 15 credits plus the \$500 allowance for books. Institutions that exceed budgeted tuition levels are assumed to meet the resulting gap from state aid to the raised tuition level as outlined in HB 1795 authorized in 2011.

The actual value of the individual student award shall be the difference between the maximum award less the value of any state funded grants or scholarships (gift assistance) the student receives, and further reduced if total need-based aid is in excess of need or the student attends part-time.

For private institutions, the maximum CBS award is based upon the average tuition and fees at budgeted levels for the research institutions. For private career campuses, the maximum CBS award will be tied to CTC tuition and fees.

Maximum College Bound Scholarship Award

| Max. CBS awards by enrollment levels | | | | |
|--------------------------------------|---|--------------------------------|--------------------------------|--------------------------------|
| | Full time | 3/4 time | 1/2 time | 1/4 time |
| Institutions | Maximum CBS Award (Tuition & fees 15 credits & \$500 books) | ¾ Time CBS Award (75% of max.) | ½ Time CBS Award (50% of max.) | ¼ Time CBS Award (25% of max.) |
| Research/Private 4-Year | \$11,904 | \$8,928 | \$5,952 | \$2,976 |
| Central Washington University | \$8,537 | \$6,403 | \$4,269 | \$2,134 |
| Eastern Washington University | \$7,925 | \$5,944 | \$3,962 | \$1,981 |
| The Evergreen State College | \$8,376 | \$6,282 | \$4,188 | \$2,094 |
| Western Washington University | \$8,589 | \$6,442 | \$4,294 | \$2,147 |
| CTCs/Private 2 Year | \$4,467 | \$3,350 | \$2,234 | \$1,117 |

**Based on 15 credit tuition limited to budgeted tuition increases, service & activity fees & prorated book allowance.*

The award amounts represent the **maximum** award amount which would only be awarded in scenarios when the student receives no other form of state gift aid. These maximums are applicable to all eligible MFI ranges up to 65% MFI.

The Council will issue further guidance regarding grant amounts if changes are necessary based on the actual tuition/fees as they are decided. Variances of \$50 or more will result in adjusted guidance. The maximum award assumes public institutions will elect to increase tuition and fees to the levels authorized in the operating budget.

State Need Grant Dependent Care Allowance can be issued in addition to the maximum award when applicable.

Full time Example CBS Awards for Maximum SNG Recipients at Public Two-Year Campuses Uses CTC award values. *For-profits* should substitute appropriate SNG award from guidance.

| | 0-50 MFI | 51-55 MFI | 56-60 MFI | 61-65 MFI |
|-----------------------------------|-----------------|-----------|-----------|-----------|
| Maximum SNG Award* | \$3,696 | \$2,587 | \$2,402 | \$2,218 |
| CBS "Gap Fill" Max Award | \$ 771 | \$ 1,880 | \$ 2,065 | \$ 2,249 |
| Combined Maximum CBS Award | \$ 4,467 | | | |

Note: Please ensure the CBS students receive the combined maximum CBS award reflected above when combined with other state aid including SNG, even when SNG recipients receive less than the maximum SNG award, assuming there is room within their need.

Subtraction of State Aid

Any other state funded grants or scholarships (gift assistance) must be subtracted from the maximum award.

- **State Need Grant** (the most likely state grant aid that CBS students will receive.)
- **Passport to College Promise Scholarship** – a state scholarship program for current and former foster youth (Students who receive Passport funds will likely have their maximum award met with a combination of State Need Grant and Passport scholarship funds).
- **Opportunity Scholarship** – A new private/public program administered by the College Success Foundation to help low- and middle-income Washington residents earn bachelor’s degrees in science, technology, engineering, mathematics and health care.
- **SBCTC Opportunity Grant** – The Opportunity Grant helps low-income adults train for high-wage, high-demand careers. It is administered by the Washington State Board for Community & Technical Colleges.
- **WAVE (Washington Award for Vocational Excellence)** – a state scholarship for selected vocational students. (Awards are currently suspended for new students.)
- **Washington Scholars Award** – state scholarship for academic excellence. (Awards are currently suspended for new students.)

Please note: State Work Study is not considered “other state gift aid” for this purpose.

Other Awarding Considerations

Institutions shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. CBS is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

The following awarding considerations follow SNG regulations outlined in the SNG program manual:

- Retroactive payments
- Award rounding
- Fractional last term

There are situations that will affect the amount of the award a student receives. For example, students attending lower cost institutions and living at home may have a reduced SNG and no room for CBS. Other reasons the CBS maximum award can be reduced include:

- The student does not have sufficient room within "need."
- The student enrolls part-time.
- The maximum award has been met with other state funded grants or scholarships (gift assistance.)

CHAPTER 3 – INSTITUTION PAYMENTS & REPORTING

Schools verify students qualify for disbursement

All schools will verify that packaged students still qualify before disbursing CBS by uploading student data to the CBS cruncher and referencing the “OKtoPay” value. The Council will send email notification to campuses when the final OSPI data are posted in August and any subsequent data updates.

If students are “OKtoPay” and the data are later changed, the institution will not be liable for the funds. However, if the campus did not verify eligibility, the funds will not be reimbursed and the payment will be rejected.

Allocations

The Council will provide an initial allocation for CBS, and the amount will be increased or decreased according to enrollments of eligible students. Campuses that have exhausted their CBS allocation and have remaining eligible CBS students to pay should contact the Council to request funds.

Public Institutions

Initial College Bound allocations will be estimated. The Council will then monitor the needs of public institutions via the Interim Reports submitted via CSAW and will adjust allocations accordingly. Any public campus whose awards exceed the initial allocation prior to the Interim Report submissions will need to notify the Council. Public institutions will use the Portal to request funding.

As awards are made, adjustments to allocations will occur to ensure institutions have sufficient funding to cover the CBS portion of the award. Unlike SNG, the CBS portion will follow the student; the amount of the allocation does not limit the awarding ability at the institution.

Private Institutions

Initial College Bound allocations will be estimated from the Council’s College Bound cost model. As awards are made, adjustments to allocations will occur to ensure institutions have sufficient funding to cover the CBS portion of the award. Unlike SNG, the CBS portion will follow the student; the amount of the allocation does not limit the awarding ability at the institution.

Institutions will request reimbursements via CSAW.

The Council will monitor the needs of private campuses via CSAW and adjust allocations accordingly.

SAP and Repayments

Campuses must apply their Satisfactory Academic Progress policy to CBS recipients.

In addition, the State Aid Repayment policy applies to CBS. The calculation and referral of College Bound Scholarship repayment accounts will align with the State Need Grant repayment processes. CBS and SNG each have discreet fund codes. Repayment referrals for CBS should be reported simultaneously but separately along with SNG referrals. Please refer repayments following the procedures outlined in the SNG manual for **SNG and CBS simultaneously**.

Reporting Requirements

The new CSAW file format combines CBS and SNG interim reporting data. This allows campuses to report data for both programs simultaneously. The record layouts and due dates are outlined in the SNG manual. Instructions for completing Interim Reports can be found in the Portal.

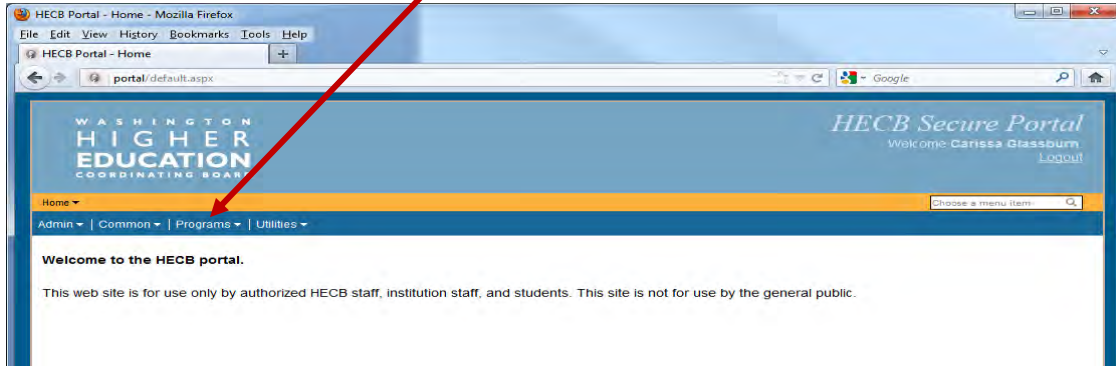

Payments, awards, and reporting functions will run through the College Bound/State Need Grant Award Warehouse (CSAW). The payment request process is similar to State Need Grant. CSAW allows for both the CBS and SNG payments to be managed from the same screen. CBS is incorporated into SNG quarterly interim reporting.

Please note: There are not “unserved” students in CBS. There may be eligible students who do not receive payments due to aid in excess of need or total state aid exceeded the maximum award; however, they will not be reported as “unserved.”

Interpreting the Search Results

The Council depends on graduation and GPA data from the Office of the Superintendent of Public Instruction (OSPI) to determine if College Bound applicants met the program’s eligibility requirements. The OSPI data includes students who attend public school and have given permission to share their information with the Council. The data presented for graduating high school seniors is from a data match in late fall for the students GPA as of the end of their junior year.

Those matched records are then matched with FAFSA data to provide colleges with eligibility information for those who have both applied for College Bound AND filed a FAFSA.

All OSPI data on graduating seniors is preliminary until late summer since graduation and GPA data cannot be compiled from the high schools and confirmed until that time. Therefore, the Council provides information to colleges on those students “likely” to meet the requirements during the packaging period and designate them “OK to award.” Students who are confirmed to have met the requirements will then be listed by the Council as “OK to Pay.”

Matches to confirm graduation will be scheduled between July 15 and November 15. Students who have valid applications but are not included in the OSPI match will be asked to submit their final transcript to the Council for determination. Either the institution or the Council can change the flag to “OK to Pay” after verifying the students GPA and graduation.

Intent — Finding.

The legislature intends to inspire and encourage all Washington students to dream big by creating a guaranteed four-year tuition scholarship program for students from low-income families. The legislature finds that, too often, financial barriers prevent many of the brightest students from considering college as a future possibility. Often the cost of tuition coupled with the complexity of finding and applying for financial aid is enough to prevent a student from even applying to college. Many students become disconnected from the education system early on and may give up or drop out before graduation. It is the intent of the legislature to alert students early in their educational career to the options and opportunities available beyond high school.

[2007 c 405 § 1.]

28B.118.010

Program design. (Effective July 1, 2012.)

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the state need grant program in chapter 28B.92 RCW unless otherwise provided in this section..

(1) "Eligible students" are those students who qualify for free or reduced-price lunches. If a student qualifies in the seventh grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3) To be eligible for a Washington college bound scholarship, a student must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a C average and with no felony convictions. Students who were in the eighth grade during the 2007-08 school year may sign the pledge during the 2008-09 school year. The pledge must be witnessed by a parent or guardian and forwarded to the office of student financial assistance by mail or electronically, as indicated on the pledge form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter [28A.195](#) RCW, or who received home-based instruction under chapter [28A.200](#) RCW.

(b) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter [28A.195](#) RCW in Washington or have received home-based instruction under chapter [28A.200](#) RCW, must have no felony convictions, and must be a resident student as defined in RCW [28B.15.012](#)(2) (a) through (d).

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW [28B.10.016](#), the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington.

(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter [28B.95](#) RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account.

Duties of the office of the superintendent of public instruction. (Effective July 1, 2012.)

The office of the superintendent of public instruction shall:

(1) Notify elementary, middle, and junior high schools about the Washington college bound scholarship program using methods in place for communicating with schools and school districts; and

(2) Work with the office of student financial assistance to develop application collection and student tracking procedures.

Intent -- 2011 1st sp.s. c 11: See note following RCW 28B.76.020.

28B.118.030

Duty of school districts — Notification.

Each school district shall notify students, parents, teachers, counselors, and principals about the Washington college bound scholarship program through existing channels. Notification methods may include, but are not limited to, regular school district and building communications, online scholarship bulletins and announcements, notices posted on school walls and bulletin boards, information available in each counselor's office, and school or district scholarship information sessions.

[2007 c 405 § 4.]

28B.118.040

Duties of the office of student financial assistance. (Effective July 1, 2012.)

The office of student financial assistance shall:

(1) With the assistance of the office of the superintendent of public instruction, implement and administer the Washington college bound scholarship program;

(2) Develop and distribute, to all schools with students enrolled in grade seven or eight, a pledge form that can be completed and returned electronically or by mail by the student or the school to the office of student financial assistance;

(3) Develop and implement a student application, selection, and notification process for scholarships;

(4) Track scholarship recipients to ensure continued eligibility and determine student compliance for awarding of scholarships;

(5) Subject to appropriation, deposit funds into the state educational trust fund;

(6) Purchase tuition units under the advanced college tuition payment program in chapter [28B.95](#) RCW to be owned and held in trust by the *board, for the purpose of scholarship awards as provided for in this section; and

(7) Distribute scholarship funds, in the form of tuition units purchased under the advanced college tuition payment program in chapter [28B.95](#) RCW or through direct payments from the state educational trust fund, to institutions of higher education on behalf of scholarship recipients identified by the office, as long as recipients maintain satisfactory academic progress.

Eligible applicant.

(1) Washington students in 2007-08 and thereafter may apply who are:

(a) Enrolled in the seventh and eighth grade in a public or private school as approved by chapter [28A.195](#) RCW or home school as defined by chapter [28A.200](#) RCW; and

(b) Meet the income eligibility as defined in subsection (2) of this section.

Eligible students enrolled in eighth grade in 2007-08 were granted a one-time extension to sign the pledge during the 2008-2009 school year as ninth graders.

(2) Seventh or eighth grade students are eligible to apply if one of these requirements are met:

(a) Family income falls within the monthly or annual standards set by the U.S. Department of Agriculture (USDA) for eligibility for participation in the free or reduced price lunch program (FRPL); or

(b) Student participates in the free or reduced price lunch program; or

(c) Family receives TANF benefits; or

(d) Student is a foster youth.

To determine eligibility in unusual circumstances, or for assistance in defining household size, foster youth status, and other criteria, the board will refer students and families to the district or school staff who oversee FRPL, and will refer to the USDA FRPL guidelines.

If a student qualifies in the application year, the information is not required to be updated throughout the middle and high school years. However, income will be verified using the FAFSA upon college enrollment. See WAC [250-84-060](#), eligibility for receipt of scholarship.

(3) Eligible applications are considered complete when the signed pledge has been received by the board.

(a) A student must sign a pledge during seventh or eighth grade that commits them to:

(i) Graduate from high school with at least a C average.

(ii) No felony convictions.

(b) The section of the application that indicates eligibility must be completed.

(c) The pledge must be signed by a parent or legal guardian to attest the information is true and accurate.

(d) The signature page for the electronic application, or the signed paper application, must be received by the board.

(e) The deadline for the application is June 30th of the student's eighth grade year.

(i) Electronic applications must be received by June 30th and paper applications must be postmarked by June 30th.

(ii) Missing information for applications received on or before June 30th will be accepted until the student enters the ninth grade year.

Exceptions to the deadline will be made on a case-by-case basis by the board based on extenuating circumstances.

Program promotion to eligible students.

The role of the board, OSPI and school districts related to notification to students, families, and school personnel about the college bound scholarship is defined under chapter [28B.118](#) RCW.

(1) The board shall develop and distribute to all schools with students enrolled in seventh or eighth grade, an application pledge form that can be completed and returned electronically or by mail by the student or the school to the board.

The board will provide K-12 partners, professional associations, and college access programs with program information annually.

(2) The role of OSPI is to notify elementary, middle, and junior high schools about the college bound scholarship program using methods in place for communicating with schools and school districts.

OSPI will encourage schools and districts to target communications to eligible students to the greatest extent possible. Methods may include, but are not limited to, personalized letters, integrating the application into student conferences, or holding sign-up events.

(3) The role of each school district is to notify students, parents, teachers, counselors, and principals about the Washington college bound scholarship program through existing channels.

Notification methods may include, but are not limited to, regular school district and building communications, on-line scholarship bulletins and announcements, notices posted on school walls and bulletin boards, information available in each counselor's office, and school or district scholarship information sessions.

Tracking of scholars.

The statute requires the board and OSPI to develop tracking procedures to ensure continued eligibility and to determine compliance for awarding of college bound scholarships (RCW [28B.118.020](#) and [28B.118.040](#)).

(1) The board shall:

(a) Develop and implement a student application, selection, and notification process for scholarships.

(b) Collect authorization to release information from the student and parent(s)/legal guardian(s).

- (c) Develop a web-based application tool and paper application annually.
- (d) Notify applicants of missing information in a timely manner.
- (e) Notify applicants of their status of complete application in a timely manner.
- (f) Treat applications confidentially and hold in a secure environment.
- (g) Provide complete applicants information regarding disbursement of the scholarship and contact information for the board.
- (h) Require applicants to update their address and other contact information with the board.
- (2) OSPI will work with the board to develop student tracking procedures.

The board and OSPI will share data regarding the progress of college bound scholarship students such as current school, grade level, grade point average, and expected graduation date on at least an annual basis through high school graduation, following agency protocols for data exchange and security.

(3) The board will track complete applicants and monitor progress toward graduation to determine compliance for awarding of scholarships.

(4) The board will share data and authorized student information from the application for program sign-up efforts and to provide support services to scholars who have already applied.

(a) The board will share information with schools and approved college access providers who will provide services to college bound scholarship students to support their academic success, if the proper release of information has been provided by the student and parent(s)/legal guardian(s).

(b) Aggregate data will be provided periodically and as requested to schools, districts, and partners to improve sign-up efforts.

Eligibility for receipt of college bound scholarships.

To be eligible to receive the annual scholarship disbursement, college bound scholarship students who have met the requirements outlined in WAC [250-84-030](#), must:

- (1) Graduate from a Washington high school with at least a C average or receive home-based instruction under chapter [28A.200](#) RCW.
- (2) File a FAFSA (see priority consideration under WAC [250-84-070\(1\)](#)).
- (3) Be accepted to an institution participating in the state need grant program within the state of Washington (requirements outlined in WAC [250-20-013](#)).
- (4) Enroll no later than the fall term (as defined by the institution) one academic year following high school graduation.

For example, students graduating by August 2012 have until fall 2013 to begin using the scholarship.

(a) Students who graduate early will be assumed to follow the time frame of their senior year cohort. However, if they enroll early, the four-year scholarship will need to be used within five years of their initial enrollment date.

(b) Scholarships will not be disbursed prior to fall 2012.

(c) Students will be considered to have enrolled upon earning credit(s) for the term or receiving the first scholarship disbursement, whichever comes first.

(5) Have an annual family income at or below sixty-five percent of the state's median family income as determined by the income reported on the FAFSA and verified by the institution the student is attending. See subsection (6)(d) of this section.

(6) Receive the college bound scholarship for no more than four academic years within a five-year period.

(a) The four-year scholarship may be used during any terms within the five-year period, even if enrollment is not continuous.

(b) The scholarship must be used within five academic years of August of the high school graduation year.

For example, students who graduate from high school in 2011-12 must begin college enrollment by fall 2013, and have through spring of 2017 to receive the scholarship.

(c) The total college bound award is limited to twelve quarters, eight semesters or equivalent, prorated for part-time enrollment within the five-year period.

(d) If students do not meet the income requirement in subsection (5) of this section in any year within the five-year period, they may still receive the scholarship for any year(s) they do meet the income requirement. Receipt of the four-year scholarship does not have to be continuous.

(7) Comply with the other eligibility criteria to receive the college bound scholarship as outlined for the state need grant program in WAC [250-20-011](#) including, but not limited to, requirements related to residency, undergraduate student status, academic program eligibility including the theology prohibition, enrollment level, satisfactory academic progress, and repayments.

The requirements for state need grant that do NOT apply to college bound scholarships are the equivalent of five-year limitation for state need grant under WAC [250-20-011](#)(6) since the college bound scholarship is a four-year award.

[Statutory Authority: RCW [28B.76.670](#). 10-17-080, § 250-84-060, filed 8/16/10, effective 9/16/10.]

250-84-070

Scholarship award.

(1) The college bound scholarship is intended to combine with the state need grant program to ensure eligible students have the opportunity to receive sufficient state financial aid to meet the cost of full tuition, plus five hundred dollars for books each year. The award is intended to replace unmet need, loans, and at the student's discretion, work-study.

(2) The value of each college bound scholarship shall be determined by the board annually based on the amount of tuition and fees at public colleges and universities (as used for state need grant purposes) plus five hundred dollars, less the amount of state need grant the student qualifies for based on the student's MFI, and less any other state aid awarded.

(a) In order to receive the maximum state need grant for which the student qualifies, the student must meet the financial aid priority consideration deadline for the institution the student plans to attend.

(b) College bound scholarship awards will be prorated for part-time attendance as outlined in WAC [250-20-041](#) (4)(b).

Sector college bound scholarship award amounts (such as public research, regional and two-year, and private career and private four-year) shall follow base award amounts determined for the state need grant program.

Appeals.

Appeals regarding application eligibility under WAC [250-84-030](#) should be directed to the board. Appeals regarding scholarship eligibility and awards under WAC [250-84-060](#) and [250-84-070](#) shall follow the process outlined under WAC [250-20-071](#) for state need grant purposes.

[Statutory Authority: RCW [28B.76.670](#). 10-17-080, § 250-84-080, filed 8/16/10, effective 9/16/10.]

250-84-090

Grant disbursement to institutions.

- (1) Cash requests and reimbursements will follow procedures similar to state need grant.
- (2) A student-by-student reconciliation will be completed each term and filed with the board at the end of each academic year.
- (3) Recalculations as a result of awards in excess of tuition charges shall follow the tolerance outlined in state need grant rules or guidance.

[Statutory Authority: RCW [28B.76.670](#). 10-17-080, § 250-84-090, filed 8/16/10, effective 9/16/10.]

250-84-100

Program administration and audits.

(1) The staff of the board under the direction of the executive director will manage the administrative functions relative to college bound scholarship.

(2) The board will review institutional administrative compliance as outlined in WAC [250-20-061](#).

Any student who has obtained a college bound scholarship through means of willfully false statement or failure to reveal any material fact affecting eligibility will be subject to applicable civil or criminal penalties and repayment.

[Statutory Authority: RCW [28B.76.670](#). 10-17-080, § 250-84-100, filed 8/16/10, effective 9/16/10.]
