# Unit Record Report Manual

## Overview and Updates

### OVERVIEW

The Unit Record Report (URR) is a student-specific report of financial aid awarded to resident and nonresident students attending the Washington institutions that participate in the Washington College Grant (WCG, formerly known as the State Need Grant) program. It provides comprehensive information on federal, state, private, and institutional financial aid distributed to need-based financial aid recipients. The report also includes information about federal borrowing for non-need-based loan recipients.

### **Unit Record Report History**

The Unit Record Report (URR) was developed in response to 1969 legislation, which created the State Need Grant program (now known as Washington College Grant, or WCG) and called for ongoing analysis of student financial aid. The first URR was collected in 1972. Every institution that participates in the WCG program is required to complete the URR at the conclusion of each fiscal year.

The office of student financial assistance within the Washington Student Achievement Council (WSAC) has authority to collect the URR according to the following statute:

RCW 28B.92.040. “. . . (1) The office shall be research oriented, not only at its inception, but continually through its existence. . . (3) The office shall take the initiative and responsibility...to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs...”

### **Compliance with the Family Educational Rights and Privacy Act (FERPA)**

Federal regulations (34 CFR 99.31(a)(3)(iv)) authorize institutions to disclose personally identifiable information on the URR without the student’s consent. This authority is based on WSAC’s statutory charge, as cited above, and the need for student-specific information to carry out WSAC’s administrative and research responsibilities.

As required by 34 CFR 99.35(a)(1), WSAC ensures that use of the URR data will not permit identification of students to individuals other than authorized representatives of WSAC.

### Unit Record Report Uses

Student-level data with term-by-term program-specific financial aid information is needed by WSAC to conduct research; design state financial aid programs that complement other existing federal, state, and institutional programs; describe recipient populations; and administer and evaluate state financial aid programs as required by state law.

The URR is the primary data source used by WSAC to comply with these statutory requirements.

Data from the URR are used to:

- Provide financial aid data to the Education Research and Data Center (ERDC). These data, in combination with academic and workforce records, may be used by WSAC staff and other researchers to conduct longitudinal research on the educational and occupational achievements of financial aid recipients.
- Analyze the adequacy of financial aid resources available to financially needy Washington students.
- Describe funding trends and the characteristics of students receiving various types of financial assistance.
- Estimate funding needs and support budget requests for state-funded financial aid programs.
- Estimate the impact of new financial aid programs, changes in program policies, and altered funding levels.
- Contribute to student financial aid policy analysis and program evaluation.
- Respond to legislative requests for information about student financial aid programs available to Washington students.

The URR significantly reduces the number of ad hoc data requests institutions receive.

### **Use of Unit Record Report for Research Purposes**

WSAC has expanded the scope of data uses for the URR. Data-sharing requirements were established with House Bill 2261 (Chapter 548, Laws of 2009), which added new sections to RCW 43.41.400, to answer “critical questions” from various stakeholders and policymakers and non-critical questions developed by the general public.

This action requires the ERDC at Office of Financial Management (OFM) to gather P-20 data for public colleges and universities in order to conduct longitudinal data analysis.

Data-sharing agreements have been developed to permit sharing of URR data to the P-20W warehouse at OFM on behalf of the public institutions. URR data for private institutions will not be disclosed to OFM without consent.

## CHANGES OR EMPHASIS IN 2023-2024 UNIT RECORD REPORT

The list below details the changes in field or record requirements in the 2023-2024 URR. For additional guidance and instructions for these fields, see Chapter 2: Data Definitions; and Appendix B: Record Layout, unless otherwise indicated. Also noted are selected new features of the URR Portal.

- **Field changes to the URR .csv header file.** Make note of the following changes to the .csv header and download the revised sample from WSAC's Unit Record Report web page before creating your institution's URR upload file. Programs report for the five academic term fields in which funds may be disbursed.
  - Corrected Fields:
    - Reference to WCGBridge has been corrected to [WABridge](#). The correct field name must be used in the .csv header file lay-out, or the URR data file will not upload into the WSAC Portal.
  - Change in **valid input range** before errors are produced:
    - [Pell Grant](#) – Valid input range is 0 to 11093 (formerly 0 to 10343)
    - [SBCTC Opportunity Grant](#) – Valid input range is 0 to 9888 (formerly 0 to 10000)
    - [WAVE](#) – Valid input range is 0 – 11000 (formerly 0 - 16500)
- **Error Code Revisions:**
  - **Enrollment does not match Need Duration** – This condition no longer generates a direct Error message but will continue to be monitored by the URR Team. The URR Team will resume individual review of these circumstances on a randomized basis as conducted in past years, based on other factors that raise the condition to visibility. Where valid reasons for the discrepant condition are not apparent, the URR Team may enter a custom Error message during the URR review to ask that the school provide a correction or an override comment with clarifying information regarding justification for the mismatch to be approved with or without an adjustment.
  - [Total Need-based aid exceeds the reported Need Amount](#) – This error has transitioned from Informational to Overrideable. Overrideable errors cannot be by-passed and require that schools address the error with a correction, or an explanatory override comment, or both. The Error is generated if the student received more need-based aid (reported in the Terms tab) than the Need Amount (reported in the Details tab of the student record), resulting in an Overaward. The Overaward error triggers because the formula “Cost minus EFC minus EFA\*” results in a negative Need value (aid exceeding the stated Need Amount). This Error is related to WSAC's review of the COA/Need (All) category.

\* Expected Financial Aid (EFA)

- **Functional improvements** to the URR (For additional detail, see Chapter 3: Reporting Application User’s Guide)
  - Refinement of [Edit capability to amend \(edit\) an Override comment](#) after submission or resubmission of URR to WSAC. Requires that schools add a new Override comment to respond to URR team reviewer override rejection notations. Newly added Override comments may be edited until the URR submit/resubmit. See Chapter 3, “Amending Existing Override Comments.”
- **Reminder:** Do not report federal and state COVID-related student relief emergency funds that may have been disbursed during 2023-24, if any. This relates to federal CARES/HEER dollars (for example, emergency FSEOG), and the state COVID-emergency funds for undocumented students.
- **Reminder:** Institutions are encouraged to test their upload file in the Portal Training environment prior to upload to the live URR Portal. The data uploaded or manually entered to the training site is temporary and clears if left overnight.

By using the training environment, institutions may identify corrections that must be made to the data file before attempting to upload the file to the live URR Portal site. The training website is located at:

<https://portaltraining.wsac.wa.gov/>

## **EARLY ANNOUNCEMENT: CHANGES UNDER CONSIDERATION FOR 2024-25 UNIT RECORD REPORT**

Potential for separate reporting of the Washington College Grant-Connect (WCG-C) program in future URRs is under discussion. Additional information will be announced as soon as details are known.

Washington College Grant-Apprenticeship and Native American Apprenticeship program(s) may become URR reportable in 2024-25 or 2025-26.

New Behavioral Health Conditional Scholarship may be added to URR beginning summer 2025.

Potential for addition of new state-funded aid programs as enacted by the Legislature for the reporting year. Specific details will be announced as soon as available.

## CHAPTER 1 – GENERAL INSTRUCTIONS

### Students to be Included

#### **Need-Based Recipients**

Submit one record for each student at your institution who received any need-based financial aid, regardless of source. This includes Washington residents and nonresidents. Report all aid, including non-need-based aid sources, for any student who received at least one dollar in the one form of need-based aid. All data for need-based recipients will go through a series of edits to help ensure accuracy of reported data.

Appendix A identifies the financial aid programs and aid types WSAC considers as need-based for the URR. Further, the programs are differentiated by whether 2023-24 Free Application for Federal Student Aid (FAFSA) or Washington Application for State Financial Aid (WASFA) data are required to be submitted:

- **Need-Based Recipients (FAFSA or WASFA required):** All 2023-24 FAFSA or WASFA data must be reported for all students receiving any aid shown in Appendix A as “Need-Based (FAFSA or WASFA data required).”
- **Need-Based Recipients (FAFSA or WASFA optional):** If available, all 2023-24 FAFSA or WASFA data must be reported for all students receiving any aid shown in Appendix A as “Need-Based (FAFSA or WASFA data optional).”

FAFSA or WASFA data submission requirements are described in more detail in Chapter 2.

#### **Non-Need Based Federal Loan Recipients**

Also, submit one record for each student at your institution who received non-need based federal loans from these programs: Federal Direct Unsubsidized Loans, Federal Parent PLUS Loans, and Federal Grad PLUS Loans.

### Reporting Period

Report financial aid disbursed during the 2023-24 academic year. For need-based recipients this will include all academic and summer terms for which 2023-24 FAFSA or WASFA data are used. Aid reported may include summer 2023 funding and/or summer 2024 funding. You will find included in Chapter 2 specific information regarding which summer aid term(s) to report.

### Information To Be Reported

Please ensure you are reporting the data from the most recent ISIR or WASFA transaction used to base the student’s award. This may or may not be the newest FAFSA or WASFA on record.

## **Reporting Application**

URR data collection takes place through the WSAC Secure Portal. This tool allows each institution to enter and edit data before submitting the final report to WSAC.

The Portal is available at <https://portal.wsac.wa.gov/>. Chapter 3 contains detailed instructions for using the URR application.

Entering and editing data are an institutional responsibility. WSAC staff will provide technical assistance as needed to any institution experiencing problems with the application.

WSAC staff make every effort to ensure the accuracy of URR data. Notify WSAC staff to initiate any necessary data correction if your institution anticipates or identifies any errors after submitting the final report.

## **General File and Data Formats**

Data files must be in CSV format. A sample CSV file with required header labels is available on the WSAC website at: [www.wsac.wa.gov/unit-record](http://www.wsac.wa.gov/unit-record).

Report all financial aid fields as integers. Round decimals to the nearest whole number. Round down for decimals from .1–.49999 and round up for decimals from .5–.99999.

Refer to Chapter 2 and Appendix B for valid field values.

All numbers provided must be positive numbers or zero '0' with the exception of the Family Income field only. Negative numbers are acceptable in the Family Income field, as necessary.

## **Uploading the CSV File**

When uploading your CSV file, do not include spaces in the header row descriptions (e.g., Last Name will need to appear in the header row as LastName).

The upload will fail if the CSV file format is incorrect or does not contain all expected data elements. In that case, the system will provide information to assist in identifying any errors or omission for correction in the upload process.

Refer to Appendix C for a list of system errors that prevent file upload and import.

Once a file uploads correctly, the system will review all records for valid values.

## **Testing the Upload File**

Institutions may test their upload file in the Portal training environment prior to uploading to the live URR Portal.

The data uploaded or manually entered into the training site is temporary and clears if left overnight. By using the training environment, institutions may identify necessary data errors to make corrections to the data file before attempting to upload to the live URR Portal site. The training website is located here:

<https://portaltraining.wsac.wa.gov/>

## **Profile Reports**

After the URR team has reviewed and finalized data from each institution, WSAC will release the 2023-24 profile reports to each institution via the URR application. Profile reports provide descriptive and summary statistics by state, sector, and institution for students who received need-based aid.

## CHAPTER 2 – DATA DEFINITIONS

### Before You Begin

Please review the contents of this chapter and Appendix B (File Format) to minimize errors during the submission process. Field names in this chapter are hyperlinked to the corresponding field names in Appendix B.

The order of presentation in this chapter generally follows the order of the File Format. The File Format also specifies which fields are required for each type of aid recipient. The following list shows items required for all recipients reported:

#### **Required Fields for All Recipients:**

- SSN (Social Security Number) or see below for alternatives
- Last Name
- First Name
- Gender
- Is State Resident
- Year In School
- Rejected ISIR WASFA
- Enrollment Status (for all five terms)
- Financial Aid Received (for all five terms for all programs)

### General and Demographic Information

#### IsDelete

The “IsDelete” field is used to delete one or more student records from the URR after an initial URR file upload has already taken place. Its purpose is to mark those records that are to be deleted from the URR during a subsequent supplemental (partial revision) file upload. For details regarding the supplemental file upload process, see Chapter 3, page 56. The default entry for the “IsDelete” field in the initial URR file upload is “N,” “No,” “False,” or left blank (not zero). Entry of “Y,” “Yes,” or “True” in this field will delete the student record from the URR, except in instances where WSAC auto-added “missing” records to the URR.

#### SSN

The student’s nine-digit Social Security Number. Do not use spaces. Hyphens may be used. No duplicate Social Security Numbers allowed.

- **Students Reported in CSAW** – This should be the same SSN or identification number as reported in the WCG and CBS College Bound/WCG Award Warehouse (CSAW) record. The order of preference is as follows:
  - Social Security Number
  - Nine-digit tax identification number
  - WASFA applicant identification number (begins with ‘980’; check WASFA Portal page)

Institutions will receive an error at upload for those SSNs whose data do not match previously reported CSAW data. SSNs that are reported in CSAW but do not appear in the Unit Record Report will be shown as differences in the WCG/CBS/Passport Differences Report.

- **Students Not Reported in CSAW** – When reporting data for a student that does not appear in the WCG, CBS, and Passport CSAW record, populate the SSN field by entering the nine-digit number used in your institutional reporting.

### **Institution Student ID**

**Public baccalaureate institutions:** Use the nine-character PCHEES Student ID (element number PCH-E0310) as the first nine characters. Use leading zeros if the number is fewer than nine characters. You may add additional characters up to 50 characters. This field is required for public institutions but is overrideable.

**Community and Technical Colleges (CTCs):** Use the nine-character, college-assigned student identification number (SID) as the first nine characters (include leading zeroes). You may add additional characters up to 50 characters. This field is required for public institutions but is overrideable.

**Private institutions:** You may use the identification number assigned to the student by the institution. The field is optional and may remain blank.

### **Last Name**

Student's last name. If a student only has a first name, report that name as first name and last name.

### **First Name**

Student's first name. If a student only has a last name, report that name as first name and last name.

### **Middle Name**

Student's middle name or initial.

### **Date of Birth**

Report date of birth using standard numerical U.S. date format: mm/dd/yyyy. The date should be in the range of 01/01/1949 to 12/31/2009. **NOTE:** 01/01/1982 (leading zeroes for month and day) and 1/1/1982 (no leading zeroes for month and day) are both acceptable formats. This is a required field when reporting FAFSA-based (and WASFA) aid types.

### **Gender**

Report one of the following codes:

'1' or 'Male'

'3' or 'Unknown' (not permissible for FAFSA filers)

'2' or 'Female'

'4' or 'X/Non-binary'

## **Is State Resident**

**Public Institutions:** A “Washington resident” is defined as any student classified by the institution as a Washington resident for fee-paying purposes ([RCW 28B.15.011-013](#) and [Chapter 250-18 WAC](#)).

**Private Institutions:** “Washington resident” is defined as a student who meets the residency requirements for the purposes of the WCG program. If residency has not been determined for state-funded financial aid programs, and the student is not receiving state financial aid, you may use the student’s permanent mailing address for reporting residency on the URR.

Report one of the following codes:

Washington Resident: ‘y’ or ‘true’      Nonresident: ‘n’ or ‘false’

## **Year in School** ([Click here to return to Contents](#))

Report the student’s status as of the beginning of the term for which the last financial aid disbursement was made for the 2023-24 URR year. This is from the institution’s official records. Do not use FAFSA or WASFA to populate this field.

**Example 1:** Student was classified as a sophomore in the fall term and received a disbursement. After the fall term, the student’s classification changed to that of a junior. The student was classified as a junior at the final disbursement. Report this student as a ‘3’ or ‘junior/3rd year’.

**Example 2:** Student was classified as a freshman at the beginning of the last term for which a 2023-24 disbursement was made. After this term was completed, the student had earned enough credits to enroll as a sophomore for the next term. Report this student as a ‘1’ or ‘freshman/1st year’.

Report one of the following codes:

**‘1’ or ‘Freshman/1st Year’** – Matriculated students with 0-44 quarter, or 0-29 semester, credit hours enrolled in two-year or four-year degree programs; or first-year students at vocational-technical or proprietary institutions. Do not include below 100-level remedial courses in determining credit hours.

**‘2’ or ‘Sophomore/2nd Year’** – Matriculated students with 45-89 quarter, or 30-59 semester, credit hours enrolled in four-year degree programs; or 45 or more quarter hours for students at CTCs enrolled in two-year degree programs; or second-year students at vocational-technical or proprietary institutions.

**‘3’ or ‘Junior/3rd Year’** – Matriculated students with 90-134 quarter, or 60-89 semester, credit hours enrolled in four-year degree programs. Include students who are in the first year of an applied bachelor’s program if they have completed an associate degree program.

**‘4’ or ‘Senior/4th Year’** – Matriculated students with 135 or more quarter, or 90 or more semester, hours enrolled in four-year degree programs. Include students who have not completed their degree program after the fourth year of a four-year program. Also, include students in the fifth year of a five-year bachelor’s program.

Include students who are in the second year of an applied bachelor's program if they have completed an associate degree program.

**'5' or 'Unclassified/5th Year'** – Students who hold a bachelor's degree and were not enrolled in a program leading to a graduate degree (master's or doctoral) or a graduate-level certificate. Include students who are working on a second bachelor's degree. Also, include students with a bachelor's degree who are getting an associate degree. Use code '8' to count non-matriculated students without a bachelor's degree.

**'6' or 'Graduate'** – Students who hold a bachelor's degree and are enrolled in a program leading to a graduate degree (master's or doctoral).

**'7' or 'Professional'** – A student enrolled in any of the following degree programs: Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B. or J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), or Veterinary Medicine (D.V.M.).

**'8' or 'Other'** – Non-degree, non-matriculated, high school completion, or other students who cannot be classified as any of the above. This category includes Running Start and other students for whom need-based aid is reported but who have not yet graduated from high school.

## **Race/Ethnicity**

The race and ethnicity categories in the URR reflect the U.S. Census Bureau data format adopted by the state's Office of Financial Management (OFM).

Hispanic origin is the only ethnicity category reported in the URR. The race categories in URR include: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Pacific Islander, White, and Other. You may report two or more races.

Report all race and ethnicity data, if available, to eliminate reporting gaps. Leave blank only if race or ethnicity information is not available or unknown. NOTE: The Portal will interpret any blank race or ethnicity fields as 'n' or 'false.'

## **Is of Hispanic Origin**

A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. Report one of the following codes:

Yes: 'y' or 'true'

No: 'n' or 'false'

- Need Duration
- Need Amount

If the financial aid administrator made any adjustments (e.g., due to verification, updates from the student, or professional judgment decisions), the revised information should be reported based on the corrected/reprocessed application.

**Example 1:** The student filed the FAFSA or WASFA as a dependent student. The financial aid administrator later documented a professional judgment decision that changed the student's dependency status to independent. In this case, report the student as "independent."

**Example 2:** The student's family income for 2021 reported on the FAFSA or WASFA was \$82,000. The student and parents petitioned to the financial aid office that the family income would be \$55,000 for 2023 due to a lengthy period of unemployment. The income adjustment was approved and was used to determine eligibility. In this case, report \$55,000 as the family income.

These data are optional for non-need based federal loan recipients who did not receive need-based financial aid. After finalizing the URR, WSAC will delete unnecessary FAFSA or WASFA non-aid related data from all non-need-based loan recipient records.

### **ISIR WASFA Transaction Number**

Report the most recent ISIR or WASFA records transaction number that was used to award aid to the student for the year. Generally, this data should match student data entered in CSAW. This field may be left blank only if the RejectedISIRWASFA field is 'y' or 'true' as defined in the descriptor for the RejectedISIRWASFA field, below, AND the student received no need-based aid.

### **Rejected ISIR WASFA**

This is a required field for all student records reported in the URR. A blank in this field will prevent the URR file from upload.

Valid inputs are:

- 'y' or 'true' Rejected ISIR or WASFA only, or none on file
- 'n' or 'false' A valid ISIR or WASFA exists

'Y' or 'true' means that the individual does not have a valid ISIR or WASFA on file (rejected status), or that no FAFSA or WASFA was filed, **AND** the student was awarded only non-need-based aid during the academic year as a result. A 'y' or 'true' in this field together with need-based aid reported for the individual will trigger an error.

An 'n' or 'false' entry means that the individual has a valid ISIR or WASFA on file, and the transaction number used to award aid is reported in the ISIRWASFATransNumber field.

### **Marital Status**

Report one of the following codes:

- '1' or 'Unmarried' (including single, divorced, or widowed)
- '2' or 'Married'
- '3' or 'Separated'

### **Is Dependent**

Report one the following codes:

- Dependent: 'y' or 'true'
- Independent: 'n' or 'false'

### **Family Size**

The number of members in the student's household, including the student. Generally, this figure should match the number reported for the student in CSAW.

*For Dependent Student:* Include the student, parents, siblings, and other dependents used in the need analysis calculation. This number must be at least 2.

*For Independent Student:* Include the student, the student's spouse if applicable, any dependent children, and any other persons used in the need analysis calculation. This number must be at least 1.

### **Number in College**

The number of family members, including the student, expected to be enrolled in an institution at least half-time between July 1, 2023, and June 30, 2024, in programs of study leading to college degrees or certificates. For dependent student filers, this should not include the student's parents unless a professional judgment decision was made to count them. Generally, this figure should match the number reported for this student in CSAW. This number must be at least 1.

## Family Income

The family income used in computing the student's financial need. For most students, the family income will be for the 2021 calendar year as reported on the 2023-24 FAFSA or WASFA. This is a required field if reporting any of the following other items for a student: Expected Family Contribution, Need Amount, or Need Duration.

Only include integers (no decimals) and do not include dollar (\$) signs. Include a negative sign (-) for any negative amounts. For example, a negative family income of \$9,875 would be reported as '-9875'.

Report the family income levels from your system even if they are higher or lower than the system range limits. WSAC prefers that you report the actual amounts and, if an error is triggered, enter explanation such as "actual income reported on FAFSA (or WASFA)." Reporting of actual income allows for more accurate reporting of average family income levels. Generally, this figure should match the number reported for this student in CSAW.

**For Dependent Student:** Taxable and non-taxable income of parent(s). Do not include the student's income.

**For Independent Student:** Sum of student and spouse taxable and non-taxable income.

## Reporting Items in the Need Equation

Information reported in the four fields that follow may be reported based on the information available at the time of the recipient's first financial aid disbursement during the 2023-24 year. This applies to full year awards made at the beginning of the academic year when students opt not to attend all terms.

- Cost of Attendance
- Expected Family Contribution
- Need Duration
- Need Amount

Many students will receive financial aid throughout the year with no changes made to the institution's record for these fields. However, it is important for the data to be consistent if changes are made in an institution's data record. If an adjustment is made to one element, all should be adjusted to ensure alignment. The following examples may be of assistance:

**Example 1:** Student enrolled is expected to enroll for a nine-month academic year. Report all four fields on that basis.

**Example 2:** Student originally was expected to enroll for a nine-month academic year. The student, however, did not return to school after the fall term. In this case, the institution may decide either to:

- A. Not make any changes to these four fields. However, report enrollment status and financial aid disbursement amounts accurately for all terms. Remember that accurate alignment of Need Duration to the actual term-by-term enrollment status will generate fewer follow up contacts from WSAC.

or,

- B. Adjust all four fields in order to align with the actual term-by-term enrollment status.

### **Cost of Attendance**

The estimated student budget upon which the Need Amount was calculated. Include tuition, fees, books and supplies, and living, personal, and transportation expenses. The Cost of Attendance should be consistent with the number of months reported in the Need Duration.

**NOTE:** Include the full-assessed tuition amount to calculate and report in the URR the true Cost of Attendance (COA) for recipients of WCG, CBS, and other need-based assistance. The full-assessed tuition amount is what the student is, or would be, assessed before any tuition waiver(s) have been applied. This formula is required for the 2023-24 URR. See the 2023-24 Washington College Grant/College Bound Scholarship program manual, Chapter 2, page 34, Cost of Attendance (COA) and Tuition Waivers.

### **Expected Family Contribution**

The Expected Family Contribution (EFC) usually will be the Federal Methodology (FM) calculation produced by the U.S. Department of Education based on the 2023-24 FAFSA or WASFA (uses a FAFSA-like computation but is not processed through the US Department of Education). If a financial aid administrator has made a professional judgment decision to adjust the FM EFC, they must submit those corrections through either the federal processor or through the WASFA and then report the adjusted EFC amount as calculated on the FAFSA or WASFA. This should be consistent with the number of months reported in the Need Duration. This is a required field if reporting any of the following other items for a student: Family Income, Need Amount, or Need Duration.

**NOTE:** If an institution also calculates an Institutional Methodology (IM) expected family contribution that differs from the FM EFC, report the FM rather than the IM amount as the EFC.

*For Dependent Students:* Base the expected family contribution on the information reported by the student and the student's parent(s) on the FAFSA or WASFA.

*For Independent Students:* Base the expected family contribution on the information reported by the student and the student's spouse, if applicable, on the FAFSA or WASFA.

### **Need Duration**

The number of months for which the Need Amount was calculated and the Cost of Attendance was determined. For example, if a student's need amount and cost of attendance were based on nine months, the figure '9' would be reported. This is a required field if reporting any of the following other items for a student: Family Income, Expected Family Contribution, or Need Amount.

Report the Need Duration as an integer from 1-12.

### **Need Amount**

The amount of need used to determine the student's eligibility. This should equal the Cost of Attendance minus the Expected Family Contribution (EFC). This is a required field if reporting any of the following other items for a student: Family Income, Expected Family Contribution, or Need Duration.

$$\begin{aligned} & \text{Cost of Attendance} \\ & - \text{Expected Family Contribution} \\ & = \text{Need Amount} \end{aligned}$$

If the above calculation results in a negative number, report the Need Amount as zero ('0'). WSAC will adjust the URR to reflect a zero ('0') for any Need Amount reported as a negative number.

## **Reporting Term Enrollment and Financial Aid for Five Terms**

Report enrollment and financial aid received on a term-by-term basis. When preparing the CSV file, follow the sample file format, which replaces the word 'Term' with 'Summer 1,' 'Fall,' etc. for all fields for all five terms.

- Summer 1
- Fall
- Winter
- Spring
- Summer 2

For students for whom data is required on the URR, report term enrollment statuses and financial aid received for all five terms. For any terms that students did not enroll, be sure to report the TermEnrollmentStatus as '0' or 'Not enrolled.' For any terms that students did not receive aid, be sure to report '0' for each aid program.

For some institutions, the academic year may cover the July 2023–June 2024 timeframe. For others, it may more closely represent the dates of August 2023–July 2024. In most cases, it will not exceed 12 months. If you are reporting assistance for students who did not submit a FAFSA or WASFA, use the same timeframe for these students as you use for FAFSA or WASFA filers.

**NOTE:** The URR checks to ensure that a positive enrollment status (any status except for '0' or 'Not enrolled') is reported for each term that aid was reported on a student record, excepting certain work programs (e.g., State and Federal Work Study, and work force training funds, which allow for payment during a non-enrolled term, such as Summer). This error is overrideable.

### **Quarter and Semester Term Institutions**

Most institutions will use either the Summer 1 term or the Summer 2 term, but not both. For the term that is not used, either '0' or 'Not enrolled' should be input for the term enrollment status.

**Quarter institutions** will use fall, winter, spring, and appropriate summer terms for the reporting of financial aid recipients.

**Semester institutions** normally will use fall, spring, and appropriate summer terms for the reporting of financial aid recipients. If the student received disbursement of specific grant, scholarship, or loan assistance for the short period between the fall and spring semester, report as fall, winter, or spring term financial aid based on institution reporting preferences. If there was specific Federal Work Study, State Work Study, or Institutional

Employment awarded for the time between fall and spring terms, you may report it as winter term.

Each institution with a **summer enrollment** period (typically between May and August) should report summer aid disbursements as a “leader” institution or as a “trailer” institution based on federal program rules. Institutions should report financial aid disbursed under “leader” rules as ‘Summer 1’ assistance. Institutions should report financial aid disbursed under “trailer” rules as ‘Summer 2’ assistance. If an institution has more than one summer term during the same summer, combine and report the financial aid and term enrollment status as a single summer term.

**Example 1:** A student at a “trailer” institution received financial aid for two short summer sessions in 2024, based on the 2023-24 FAFSA or WASFA. The student received financial aid for 6 credits the first summer session (mid-May to late June) and received financial aid for another 6 credits the second summer session (early July to mid-August). Report all aid as ‘Summer 2’ with the student’s enrollment status as full-time. ‘Summer 1’ enrollment and all financial aid fields will be ‘0’.

**Example 2:** A student at a “header” institution received financial aid for the summer 2023 term based on the 2023-24 FAFSA or WASFA. At the time of the URR submission, the student also received financial aid for the summer 2024 term (based on a 2024-25 FAFSA or WASFA). Report aid received during the summer of 2023 as ‘Summer 1’. Report ‘Summer 2’ enrollment status and corresponding financial aid fields as ‘0’. (Note: In this case, report the 2024 summer enrollment and aid received on the 2024-25 URR.)

**Combination of leader and trailer awards:** If your institution awarded some programs under leader rules and other programs under trailer rules, report leader awards in Summer 1 and report trailer awards in Summer 2.

**Continuous Enrollment Credit Hour Institutions and Clock-Hour Institutions**

Some clock-hour institutions do not divide their school year into academic terms. These institutions should report each student’s enrollment status and financial aid received in each of the five time periods. Each term should represent approximately 10 weeks. Base the reporting periods on when the majority of enrollment occurred.

The terms and dates reported should be consistent with the information reported for WCG in the CSAW portal application for the 2023-24 year.

**Term Date Ranges for Clock-Hour Institutions**

These reflect the same date ranges that appeared in the 2023-24 WCG/CBS manual.

Term	From	To
Summer 1	July 1, 2023	September 11, 2023
Fall	September 12, 2023	November 22, 2023
Winter	November 23, 2023	February 5, 2024
Spring	February 6, 2024	April 18, 2024
Summer 2	April 19, 2024	June 30, 2024

## Term Enrollment Status

Report enrollment based upon the student's status or scheduled clock hours at the time of financial aid disbursement or a fixed date such as the tenth day of enrollment.

**Undergraduate Enrollment Status:** Use the following codes for reporting enrollment status by number of undergraduate credits or scheduled clock hours per term.

Undergraduate Enrollment Status	Credits	Scheduled Clock Hours	URR Codes
Not Enrolled	n/a	n/a	'0' or 'Not enrolled'
Full-Time	12 or more	300 or more	'1' or 'Full time'
Half-Time	6–8	150–224	'2' or 'Half time'
Three-Quarter Time	9–11	225–299	'3' or '3/4 time'
Less Than Half-Time	Less than 6	Less than 150	'5' or '< Half time'

**Graduate Student Enrollment Status:** Use the following table for reporting enrollment status based on the institution's definition of enrollment status for graduate students.

Graduate Enrollment Status	URR Codes
Not Enrolled	'0' or 'Not enrolled'
Full-Time	'1' or 'Full time'
Half-Time	'2' or 'Half time'
Three-Quarter Time	'3' or '3/4 time'
Less Than Half-Time	'5' or '< Half time'

## Reporting of Financial Aid Received

Use whole dollar amounts—no decimals and no dollar signs (\$)—when reporting financial aid disbursements or funds received.

Do not report aid from one program in multiple URR fields. If there are two or more possible fields to report in, choose one or contact [unitrecord@wsac.wa.gov](mailto:unitrecord@wsac.wa.gov) for assistance.

For each aid program listed below, report for the five terms. Indicate '0' for all terms that a student did not receive specified aid. Do not leave any fields blank.

**Consistency with other WSAC Reporting:** WSAC will compare information provided in the URR for programs such as WCG, CBS, and Passport to College on a recipient basis with information submitted in CSAW and other WSAC reports.

Generally, the total funds reported for each recipient should be the same for all of the reports. For any difference of greater than \$10 per student, institutions will need to either reconcile the reports or provide an override explanation.

## Federal Aid Programs

### Federal Pell Grant

The amount of Federal Pell Grant funds received by the student.

### Federal SEOG

The total amount of Federal SEOG funds received by the student. Include federal and institutional match awards.

### Federal TEACH Grant

The amount of Federal TEACH Grant funds received by the student.

### Federal Nursing Scholarships

The amount of federal scholarships and grants received by the student for nursing and other health professional training.

### Federal Work Study

The student's gross Federal Work Study compensation. Include federal, employer, and institutional shares, and include all employers, both on- and off-campus earnings.

For institutions reporting fall and spring semesters, include any earnings received between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

There are two options for reporting work study earnings:

***Actual Term Earnings:*** Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester institution may report all September–December earnings as fall term aid and January–May earnings as spring term aid (with '0' reported for winter aid). Quarter institutions may report September–December earnings for fall term, January–March earnings for winter term, and April–June earnings for spring term.

***Average Term Earnings:*** Institutions may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half-time or higher. For example, if a student received \$3,261 in earnings at a semester institution over the course of an academic year, you may report \$1,631 as fall term earnings and \$1,630 as spring term earnings.

### Federal Nursing Health Loans

The amount of any Federal Nursing Student Loan or federal health professions student loan funds received by the student.

### **Federal Direct Subsidized Loans**

The total gross amount borrowed by the student, including fees, from the Federal Direct Subsidized Loan program. Note: This amount may not be the amount requested on the application form. Another name for this program is the Federal Stafford Subsidized Loan.

### **Federal Direct Unsubsidized Loans**

The total gross amount borrowed by the student, including fees, from the Federal Direct Unsubsidized Loan program. Note: This amount may not be the amount requested on the application form. An alternate name for this program is the Federal Stafford Unsubsidized Loan.

### **Federal Parent PLUS Loans**

The total gross amount borrowed by the student's parent(s), including fees, from the Federal Parent PLUS Loan program. Note: This amount may not be the amount requested on the application form.

### **Federal Grad PLUS Loans**

### **WA Bridge**

The amount of WA Bridge Grant funds received by the student. The amount reported normally should be the same amount reported in CSAW.

### **College Bound Scholarship (CBS)**

The amount of College Bound Scholarship funds received by the student. The amount reported normally should be the same amount reported in CSAW.

### **Passport to College Scholarship**

The amount of Passport to College Scholarship funds received by the student. In the unusual circumstance that an incentive grant was used to enhance a student's financial aid award, the incentive grant portion must be reported separately as financial aid received by the student in the Passport to College Incentive Grant field of the URR (see below).

For example, if the student received a \$5,000 Passport to College Scholarship and a \$500 incentive grant payment, the institution should report on the URR that the student received \$5,000 in the Passport to College Scholarship field(s) and separately report \$500 in the Passport to College Incentive Grant field(s). Do not report these two award types as a combined program amount. The amount reported as Passport to College Scholarship normally should be the same amount reported in CSAW for PTC.

### **Passport to College Incentive Grant**

The amount of Passport to College Incentive Grant funds disbursed to the institution that is received by the student as a direct financial aid.

For example, if the student received a \$5,000 Passport to College Scholarship and a \$500 incentive grant payment, the institution should report the \$500 incentive grant portion in the Passport to College Incentive Grant field(s).

### **National Guard Grant**

The amount of National Guard Grant funds received by the student. The National Guard Grant awards are matched to the payment system in the Portal.

### **WAVE** (Washington Award for Vocational Excellence)

The amount of Washington Award for Vocational Excellence (WAVE) funds received by the student. The WAVE awards are matched to the program payment system in the Portal.

### **Alternative Routes for Teaching Certification**

The amount of Teacher Shortage Conditional Scholarship funds received by the student. There is a potential for loan repayment if required conditions are unmet. Formerly reported as TeacherConditionalScholarshipPrograms.

### **Teacher Grant Programs**

The amount of state-funded teacher grants received by the student. Grants do not include terms of potential for repayment for receipt of funds. Examples include the Student Teaching Grant and the Teacher Endorsement and Certification Help program (Teacher Endorsement, or the state TEACH program; this is not the federal TEACH Grant).

### **WSOS BA Scholarship (formerly Opportunity Scholarship)**

The amount of WSOS BA Scholarship funds received by the student. This program also used to be known as the Washington State Opportunity Scholarship. Washington STEM administers the program through the 501 Commons organization.

### **WSOS Career Technical Scholarship**

### **Other State Funded Gift Assistance**

The amount of other state scholarships and grants received by the student (e.g., Global Opportunity Grants [applies to UW only], Early Achievers Opportunity Grants, Washington Scholars, and the American Indian Endowed Scholarship), that are not included in another state aid category.

Do not report family-purchased [Guaranteed Education Tuition](#) (GET) fund distributions in the Unit Record Report.

### **On-Campus State Work Study**

The student's gross on-campus State Work Study compensation. Include state and institutional share.

For institutions reporting fall and spring semesters, include any earnings received between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

There are two options for reporting work study earnings:

***Actual Term Earnings:*** Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester institution may report all September–December earnings as fall term aid and January–May earnings as spring term aid (with '0' reported for winter aid). Quarter institutions may report September–December earnings for fall term, January–March earnings for winter term, and April–June earnings for spring term.

***Average Term Earnings:*** Institutions may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half-time or higher. For example, if a student received \$3,261 in earnings at a semester institution over the course of an academic year, that could be reported as \$1,631 fall term earnings and \$1,630 spring term earnings.

### **Off-Campus State Work Study**

The student's gross off-campus State Work Study compensation. Include state and off-campus employer share.

For institutions reporting fall and spring semesters, include any earnings received between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

**NOTE:** The same two options for reporting earnings are available (see On-Campus section above).

If the institution acts as the employer of record and the student works off campus, it is preferable to report earnings as off-campus State Work Study. If accounting constraints do not permit recording of earnings as off-campus, report the earnings as on-campus State Work Study.

### **WorkForce Training Funds**

The amount of Worker Retraining Program funds received by the student. Also include Work-Based Learning Tuition Assistance Funds and Basic Food Employment & Training (BFE&T) dollars in this category.

## **Institutional Aid Programs**

### **Need-Based Institutional Gift Aid**

The amount of all institutional grants, scholarships, and/or waivers awarded solely or partially based on need.

Report institutional scholarships, grants, and waivers awarded only based on merit or other non-need-based criteria as Non-Need Based Institutional Gift Aid.

- For WCG and CBS recipients, report all need-based tuition waivers in this category of the URR. The institution must ensure that student COAs reported include the true cost of tuition (that is, the full assessed tuition amount before the waiver is applied). This data is required for the 2023-24 URR.
- For recipients of other need-based aid who did not receive WCG or CBS, report any need-based tuition waiver(s) in this category of the URR and, whenever possible, the full-assessed tuition amount is to be included in the COA.

### **Non-Need Based Institutional Gift Aid**

The amount of institutional scholarships, grants, and/or waivers received by the student not based on a review of the 2023-24 FAFSA, WASFA, or other need determination.

Report institutional grants, scholarships, and waivers awarded solely or partially based on need as Need-Based Institutional Gift Aid.

- For WCG and CBS recipients, report all non-need-based tuition waivers in this category of the URR. The institution must ensure that the student's reported COA includes the true cost of tuition (that is, the full assessed tuition amount before the waiver is applied). This data is required for the 2023-24 URR.
- For recipients of other need-based aid who did not receive WCG or CBS, report any non-need-based tuition waiver(s) in this category and, whenever possible, the full-assessed tuition amount is to be included in the COA.
- Do not report in the URR a student who received non-need-based tuition waiver(s) but did not receive any need-based financial assistance.

### **Institutional Employment**

The student's gross non-work study institutional employment earnings (on- or off-campus) if the employment was included as part of the financial aid package.

Also, include WorkFirst work study funds and any amounts from the institutional aid fund distributed as institutional employment.

Do not include earnings reported as Federal Work Study or State Work Study.

For institutions reporting fall and spring semesters, include any earnings between the terms as either fall or spring term. Do not report this aid type as winter term aid unless there was a specific award made for the winter term.

### **Institutional Loans**

The amount of all institutional loans disbursed to the student. Do not include "short term" or "emergency" loans generally repaid within a few months. Report only those students who have also received other need-based assistance.

### **Other Financial Aid Programs**

For any additional conditional, private, or other loans not reported elsewhere, report the loan amount received by the student in one of the next three categories. Choose the category that fits best.

### **Conditional Loans**

The amount of scholarships, grants, and loans received by the student and not reported elsewhere that have the potential for loan repayment if required conditions are unmet.

### **Private Loans**

The amount of PREP loans, community foundation loans, and all other private loans received by the student and not reported elsewhere.

### **Other Loans**

The amount of Canadian, Micronesian, Alaska Student Loans, and other agency or government loans received by the student and not reported elsewhere, such as the Aerospace Loan Program (ALP).

### **Outside Scholarships**

The amount of known outside or private scholarship funds received by the student.

Include National Merit, employer-funded tuition assistance, company, service club, and any other private scholarships or grants not reported elsewhere.

Scholarships funded by the institution's foundation or endowment should be reported as either Need-Based Institutional Gift Aid or Non-Need Based Institutional Gift Aid.

### **VA Benefit**

Report in this field the amount of Veterans waivers or benefit programs received by the student that reduce cost of attendance (COA). Veterans programs that do not affect the need calculation (i.e., [Chapter 31 and 33](#)) are not reportable.

### **Other Agency Assistance**

The amount of scholarships and grants received by the student from other agencies or government sources not reported elsewhere.

Include the WA Vaccine Incentive Scholarship ("Shot of a Lifetime" program), Department of Labor and Industries, Services for the Blind, Workforce Investment Act, Vocational Rehabilitation, AmeriCorps Education Award, Bureau of Indian Affairs (BIA), Reserve Officers' Training Corps (ROTC), federal scholarships for TRIO students, federal Education and Training Vouchers (ETV), federal Child Care Access Means Parents In School (CCAMPIS) funds awarded to student, and other agency assistance.

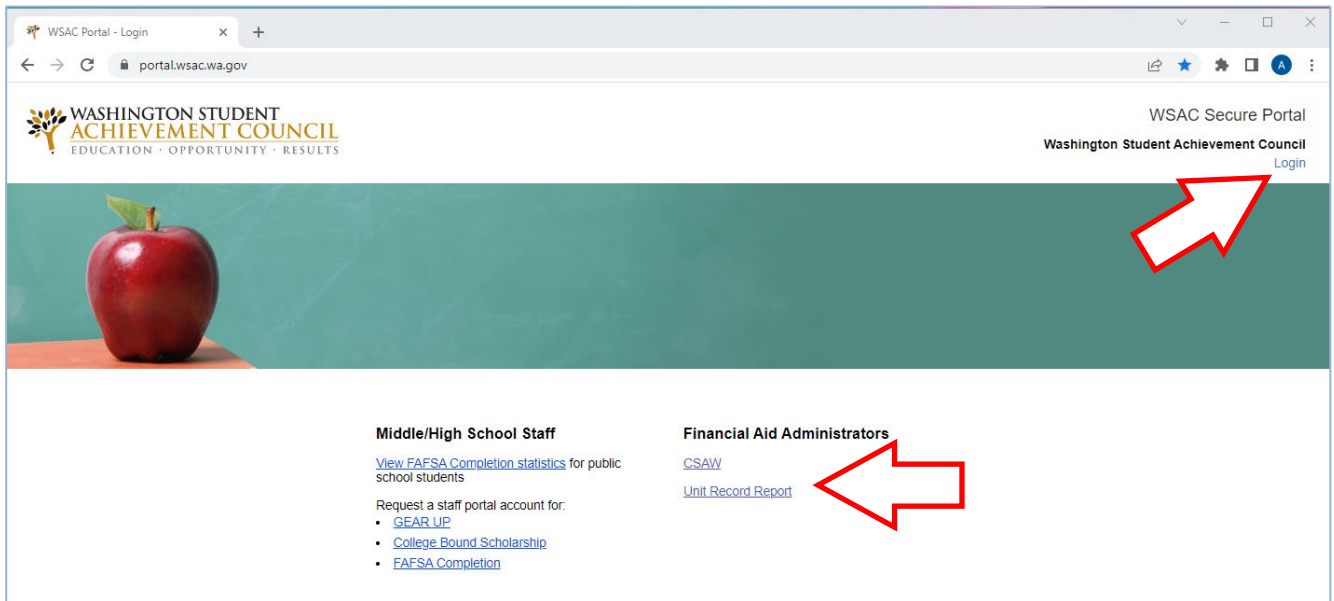

## [CHAPTER 3 – REPORTING APPLICATION USER’S GUIDE](#)

This section provides instructions for the Portal-based URR 3.0 application used to create and submit your institution’s URR to WSAC.

### [Portal Log-In and Two-Factor Authentication](#)

The URR application is located on WSAC’s Portal website: <https://portal.wsac.wa.gov/>.

Click “Login” or click “Unit Record Report” under the Financial Aid Administrators heading. If you do not have access to the Portal, contact WSAC staff at [unitrecord@wsac.wa.gov](mailto:unitrecord@wsac.wa.gov).

The Login screen will pop-up. Enter your Username and Password and click “Login.”

The image is a screenshot of the Portal Login form. The form features the Washington Student Achievement Council logo at the top, followed by the text 'Portal Login'. Below this, there are input fields for 'Email' and 'Password', a link for 'Forgot your password?', a blue 'Login' button, and a 'Need help?' link at the bottom.

Users will encounter the secondary screen, below, which asks for an access code. WSAC uses two-factor authentication as a security feature before Users can log into the system.

Please log in to continue

Please enter the 6-digit access code sent to [REDACTED]

Authentication Code

Remember this browser

Verify code

If your code did not arrive, resend code using one of the following:

- voice call to [REDACTED]
- send text to [REDACTED]
- send email to annv@\*\*\*\*.wa.gov
- I have an access code

The access code is sent to the User’s authorized email address (more later about changing this). Retrieve the access code from your email box, enter the authentication code in the field provided, click “Remember this browser,” and then “Verify code.” If the email containing the code doesn’t appear in your mailbox, check your “Junk” or “Spam” folder.

Clicking the “Remember this browser” box permits the Portal to retain the User’s authentication for 36 hours to allow the User to log in and out without the need to reauthenticate during that time period.

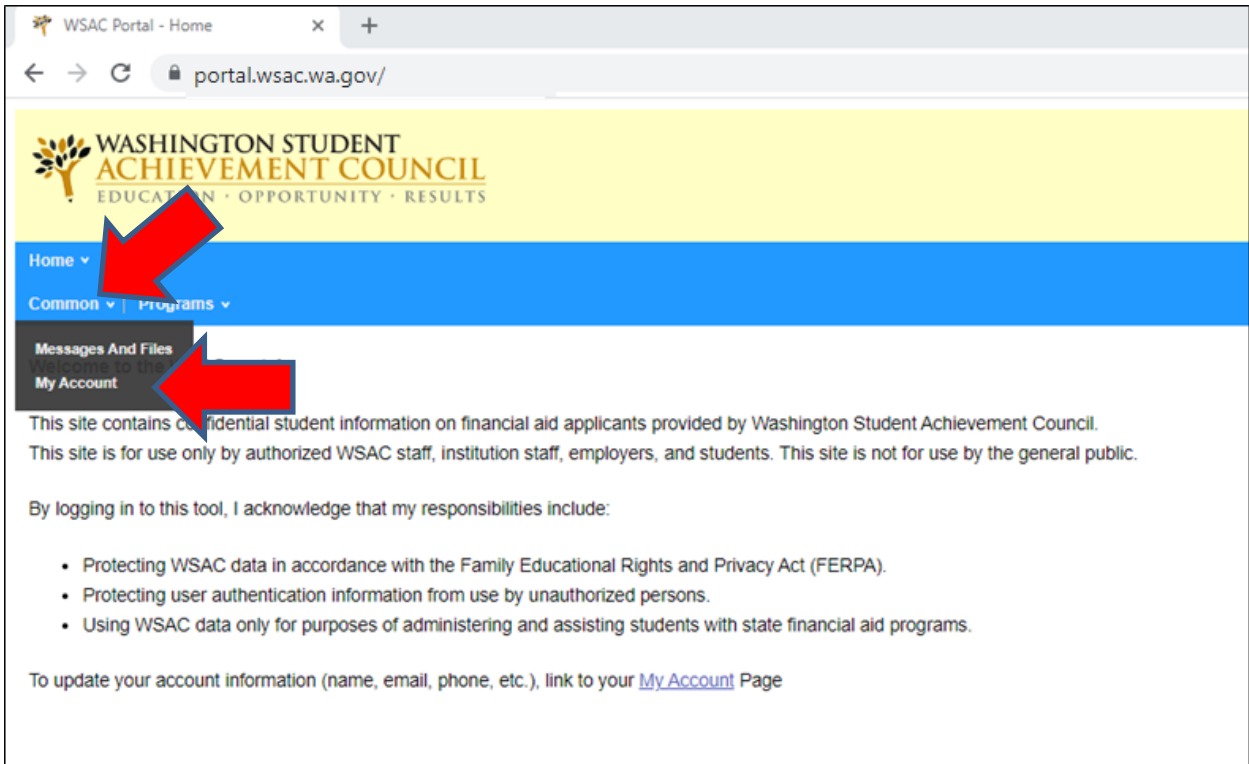

After five failed login attempts, the Portal will lock out the User for a set period of time. Wait 15 minutes before attempting another login. If still unable to log in after 15 minutes, contact WSAC URR staff for a password reset.

### **[Resetting the Two-Factor Authentication Notification Method](#)**

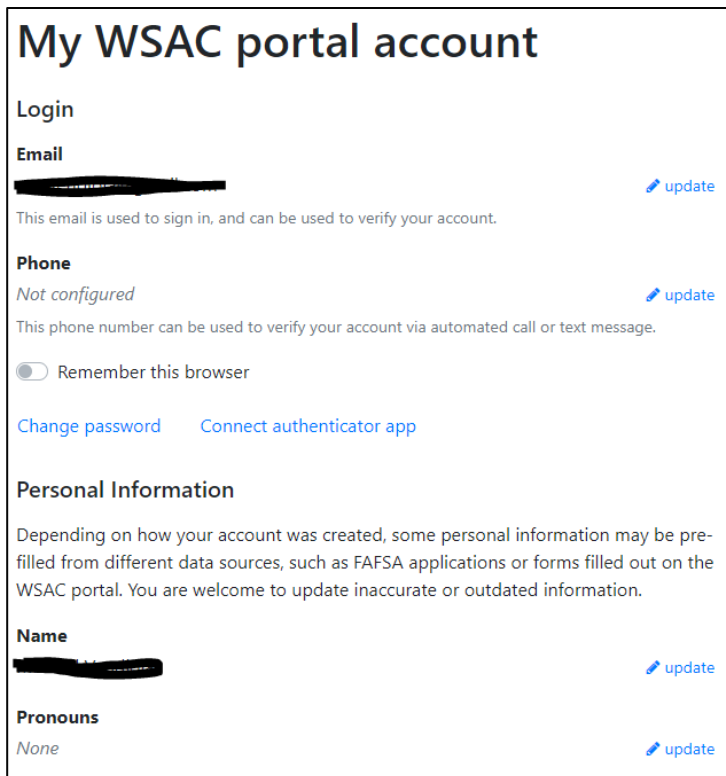

WSAC recommends that Users change the default notification method used by the Portal to provide the access code.

The initial default method sends the access code to the Username email address. This generally works unless the user is away from the regular workstation without access to the work mailbox, or if the user plans to work in PortalTraining. The PortalTraining two-factor authentication initially defaults to the method set in the active Portal, however, email notification is disabled in PortalTraining as it is not a live production site, and the access code will not be sent by email.

To change the method by which the User receives the access code, log into the live production Portal site and click on “Common” under the “Home” menu, then click “My Account.” Remember that any changes made in the Portal require overnight processing before they are effective in PortalTraining.

This will open the User’s account information screen, which appears as follows:

There are four options available to receive the access code:

- Email (this option is not functional in PortalTraining)
- Text to a cell phone
- Automated voice call to a cell or land line

## [Accessing the Portal Application](#)

This section begins with an overview of the application and continues with step-by-step instructions.

Under the “Programs” menu, click “Unit Record.”

**NOTE:** Your menu may have different menu options depending on the programs you have permission to access. If “Unit Record” does not appear in your menu, contact WSAC staff at [unitrecord@wsac.wa.gov](mailto:unitrecord@wsac.wa.gov).

The User will encounter the following “Welcome” screen upon the first URR login for the year. The User also may download a copy of the blank .csv template here, if necessary, to create the upload file.

Notice the Navigation bar, which will inform the User in which step of progression toward URR submission the User is. If the URR file was uploaded during an earlier Portal session, the User will be taken directly to the appropriate status screen upon login.

## Editing Student Records

If the file uploads successfully, Users will see the “Successfully Uploaded” message. Verify that the number of student records uploaded and Year In School distribution matches your institutional records.

**NOTE:** The URR will “auto-load” records for those students that are missing from the institution’s URR upload file but for whom WSAC has existing award data in CSAW or other Portal reporting applications for the year (see pop-up note example shown on the Upload screen, below; the message becomes visible by hovering cursor over the blue info icon). Those records will generate errors that will require the User to fill in the missing data. If the record represents a student for whom the institution will be returning funds to WSAC and no other reportable programs exist, enter explanation(s) in the Override Reason fields for the Errors, where applicable. Those records will be deleted from the URR by WSAC after refunds are returned and URR submission has been finalized.

Clicking “Continue” will initiate error processing for the uploaded records:

The Errors screen(s) list the student records containing errors, the error type, and whether the error is Overrideable, Must Fix (non-overrideable), or Informational.

- **“Overrideable”** means the error must be corrected or an override explanation must be entered on the student record.
- Errors labeled **“Must Fix”** are Non-overrideable and must be corrected in the student record before the User can move forward to complete submission of the Unit Record to WSAC.
- **“Informational”** may or may not require correction depending on circumstance. Review and make adjustment, as needed, to ensure accurate reporting. For example, if “Expected Family Contribution Outside Expected Range” is an accurate amount that is reflected in the FAFSA or WASFA, enter override note to that effect, or if inaccurately noted due to a typo, correct the amount shown; if appropriate, with an override comment. Some Informational errors do not require adjustment, such as an accurately reported Date Of Birth outside the standard range. WSAC recommends that a comment be entered whether or not a correction is made to ensure WSAC can see that the school is aware of the situation and that it was not an oversight.

**Amending Existing Override Comments:** In many instances where Override comments need correction or addition of clarifying information, the original writer may choose to edit the Override comment that they themselves initiated. However, [Edit capabilities](#) depend on whether you are (1) editing an Override comment entered **prior to** initial URR submission to WSAC, or (2) responding to an Override rejection comment **after** the URR has been submitted and reverted (reopened) or editing that reject response prior to resubmit. However, in no instance are Users able to amend comments written by a different User, which requires that a new comment be entered.

(1) Editing existing Override comment **prior to** initial URR submission:

To edit the Override, click the “Overridden” status at the end of the record’s error message, which will drop down the initial Override comment to your view. You will see the pencil editing tool on the far right of the comment. Click the pencil icon to edit the comment:

To double check your edited comment, either hover the cursor over the round blue “i” icon next to the “Overridden” status or click “Overridden” to reveal the comment in the error list. Observe that additional edits may be made to the comment using the pencil icon if you are not satisfied with the edited comment just entered.

(2) Editing existing Override comment **after** URR submission and revert/reopen:

If the submitted URR is reverted (reopened) for additional information or correction, the Institutional override rejected by the URR team reviewer (see orange arrow) changes the Override status color from the green “Overridden” back to the red “Overrideable” status.

After saving the Override response to the URR team rejection comment, the red Overrideable status will again appear as the green “Overridden” status:

At that point, if also making record corrections in addition to the updated Override comment, go to the Details or Terms tab of the student record to enter corrections in the necessary field, then click “Save” before exiting the student record.

The new Override response may be edited and re-edited by the original writer prior to resubmitting the URR, by clicking the pencil icon and entering a revised comment, shown below:

Once the URR has been resubmitted, however, institutional responses to a WSAC Reviewer question or notation must follow the procedure (2) for addition of a new Override comment. This preserves the integrity of the historical timeline of comments in the resolution of the Error(s) without deletion of pre-existing comments. Institutions cannot access prior Override comments from the earlier URR submission for edit.

## [“Bulk” Override Processing](#)

Multiple record overrides can now be processed simultaneously. This functionality is best limited to processing the Error Types for student records after a review of each student record to ensure that the explanatory override comment is suitable to all records for which it will be applied. **WSAC will review individual records where bulk overrides have been applied to ensure that the Override comment processed against each record does fit the individual conditions being overridden.**

The bulk override procedure can be accessed from the Institution’s main Error screen or applied to an individual record having errors with associated causes.

To identify records of the same Error Type, click the dropdown box and select the desired Error Type.

Review the individual records to determine whether a correction is needed or if a specific override reason should be applied. Check the box at the head of the error row for each record to which the Override Reason will be applied. If the Override Reason will be applied to all records appearing in the list for the Error Type, click the check box next to the “SSN” column header to select all records of that Type as shown in the example below.

Enter the explanation/reason into the Override Reason field, then click the blue Override Errors button. (Note that the number of errors to which the Override will be applied appears within the blue Override Errors button. See example, below.)

## [Search for Student Records in the Unit Record Report](#)

For most URR Portal Users, student record searches must take place from the Upload screen. Navigate to the Upload screen, then click the “Search Students” button, which will open the general Search screen.

From the Upload screen:

The screenshot displays a progress bar at the top with four stages: Upload (checked), Errors, Review, and Submit. Below the progress bar, a green checkmark and the text "Successfully Uploaded" are shown. A red arrow points to the "Search Students" button. To the right of the "Search Students" button are "Add File" and "Add Record" buttons. Below these buttons, the text "Students reported to date:" is followed by an information icon. A table below shows the distribution of students by year in school, with a total of 344 students. At the bottom, there are three buttons: "Delete All URR Data", "Download Report", and "Continue".

Year in School	Count
Freshman/1st Year	22
Sophomore/2nd Year	8
Junior/3rd Year	6
Senior/4th Year	4
Unclassified/5th Year	3
Graduate	23
Other	278
<b>Total</b>	<b>344</b>

The general Search screen allows the User to either: (1) upload: a comma-separated list of social security numbers or names in the top Search field, or (2) search by a single data element, such as an individual social security number, a name, or a numerical value (for example, 30000 which could bring up records with that value from the Search column headers shown).

## [Resolving Social Security Number Differences](#)

Clues to SSN issues include errors showing duplicated records in the Errors screen for what appears to be the same student with different SSNs. The record with the incorrect SSN must be deleted after merging the award information into one record with the correct SSN.

There are two types of resolutions to Social Security Number (SSN) differences depending on where the incorrect SSN originated. Errors involving SSNs do not clear in the URR until the issue has been resolved in the appropriate location.

- If the incorrect SSN originated with the URR upload, the Institutional User must resolve the issue by correcting the SSN in the URR student record itself. Navigate to and open the student record, click the Details tab, clear the SSN field, and enter the correct number. Then click “Save.” Delete the second record if there is duplication.
- If the incorrect SSN originated in the student’s CSAW or other program records instead of the URR, WSAC assistance is required to make corrections in WSAC program records. Click the “Send us an Email” button from any available screen (located above the Navigation tabs).

This will open the secure Portal email system and allow Users to create a secure Portal email to WSAC URR Team staff. Draft an email that includes the name of the student, the correct SSN (please mark for clarity), and the incorrect SSN (mark for clarity), and the program(s) involved. Send the secure email with the situational details to the Unit Record Report mailbox, and the URR Team members will initiate the SSN correction for you from the WSAC side of the Portal.

## Manually Deleting Student Records

Individual student records can be manually deleted, except for those that are auto-added to the URR by WSAC as having received funds from WSAC-funded programs. Attempting to delete such records will trigger an error message that must be overridden with an explanation. If the school will be returning funds to WSAC, include that detail in the override comment.

To delete a student record, navigate to the record by way of the Search screen or by clicking the student's SSN from the main Error menu. After opening the record, click the "Delete" button in the upper right portion of the screen.

The screenshot shows a web interface for a student record. At the top, the student is identified as "Student N (900000017)". Navigation links include "Prev", "Next", and "Return to List". In the top right corner, there are two buttons: "Delete" (highlighted with a red arrow) and "Save". Below the navigation is a tabbed menu with "Details", "Terms", "On File", and "Errors (Resolved)". The main content area is divided into several sections:

- Student Information:** Fields for First name (Student), Middle name (Middle name), Last name (N), SSN or WASFA Id (900000017), Date of birth (06/22/2002), Gender (Male), and Is resident (Yes).
- Ethnicity:** A list of categories with dropdown menus: Hispanic origin (No), Asian (No), Black/african american (No), American indian alaska native (No), Native hawaiian/pacific islander (No), White (Yes), and Other race (No).
- ISIR WASFA & School Information:** Fields for Transaction number (1), Rejected (No), Student id (Student id), and Year in school (Junior/3rd Year).
- Need:** Fields for Family income (3000), Duration (months) (10), COA (30000), EFC (0), and Need amount (3000).
- Family Information:** Fields for Family size (3), Number in college (1), Is dependent (Yes), and Marital status (UnMarried).

You will be asked to confirm the deletion.

## [Supplemental File Uploads to Add/Delete/Edit Multiple Records Simultaneously](#)

Supplemental files may now be uploaded to an existing URR file upload to add new records, delete records, or to edit/correct records already uploaded. The supplemental file may contain records that are a mixture of these change types.

- Supplemental files must include a valid .csv header row at the top of the file and include full data for each student record included. Partial information will cause an existing record to lose data or generate errors in newly added records.
- If modifying records already uploaded to the URR, Users must be careful to include full data for the student and edit only those fields that require change without omitting valid existing data. Data in the supplemental file will overwrite the original upload information for existing records identified to the student SSN. Omitted data may trigger new errors.
- To delete an existing student record in the URR, enter “True,” “Yes,” or “Y” in the IsDelete field for the record to be removed from the URR. Remember, records with awards in CSAW or other Portal programs cannot be deleted but will appear in the URR with errors that must be corrected if a deletion attempt is performed.
- To add a new student record to the URR, enter “False,” “No,” or “N” in the IsDelete field for the record to be added to the URR.
- To modify data for an existing student record in the URR, enter False,” “No,” or “N” in the IsDelete field and edit only those fields that need update while leaving all other data intact in that student’s row.
- Successful Supplemental file uploads cannot be reversed or deleted. (Clicking “Discard All URR Data” after a successful Supplemental file upload will fully delete the entire URR data file and not just the Supplemental file.) Users must edit those records by opening the records from the Search or Errors screens OR upload a compensating supplemental file to undo the original add/delete/modifications.
- Unsuccessful Supplemental file uploads must be discarded immediately after upload if the Upload is shown as rejected with “critical errors.” If the Supplemental file does not upload successfully, Users must click the “Try Again” button to discard the failed supplemental upload without affecting pre-existing data.
- Click the “Revalidate” button at the top of the main Errors screen after processing a Supplemental file upload to capture and address any new errors. Neglecting to do so may allow errors to remain hidden until revealed when errors are reprocessed just before completing the URR Submit procedure.

A cut-away example of the “IsDelete” field is shown below, bracketed in red, for two record deletions and one record addition/modification. Complete data for these students must be included in the supplemental upload file but is not shown here due to space limitations.

### Add New File

Upload an Excel (or CSV) file with unit record information for your students (**large CSV files (over 10MB) should be zipped before uploading**).

**Note:** During the upload, unit records will be created for students in this report, but who have award data on file (from CSAW or another report generation)

The User will receive a “Successfully Uploaded” screen if the supplemental file upload is successful. The numbers in the “Year in School” categories and the Total will update to reflect any adds or deletes to the student records.

Users can navigate to the Search screen to double check adds and deletions.

As mentioned in the Supplemental file summary for this section, remember to click the “Revalidate” button at the top of the main Errors screen after processing a Supplemental file upload of any type to capture and address any new errors. Neglecting to do so will cause any hidden errors to be revealed when errors are reprocessed just before completing the URR Submit.

The screenshot shows the 'Unit Record Errors' interface. At the top, a progress bar indicates the current step is 'Errors', with 'Upload' completed and 'Review' and 'Submit' pending. A red arrow points to the 'Errors' step. Below the progress bar, the 'Revalidate' button is circled in red. The main content area shows a summary of 26 errors (26 overrideable, 0 must fix, 0 overridden, 0 informational). There is an 'Override Reason' section with a text input field and 'Override 0 errors' and 'Delete 0 overrides' buttons. Below that are filters for 'Status' (set to 'All') and 'Error Type' (set to 'View All Error Types'). A search bar and pagination controls (Page 1 of 3, Show 10) are also present. A table of errors is displayed at the bottom, with columns for SSN, Student ID, Name, Error (with a hover tooltip), and Overrideable status.

## [Adding Notes to the Unit Record Report](#)

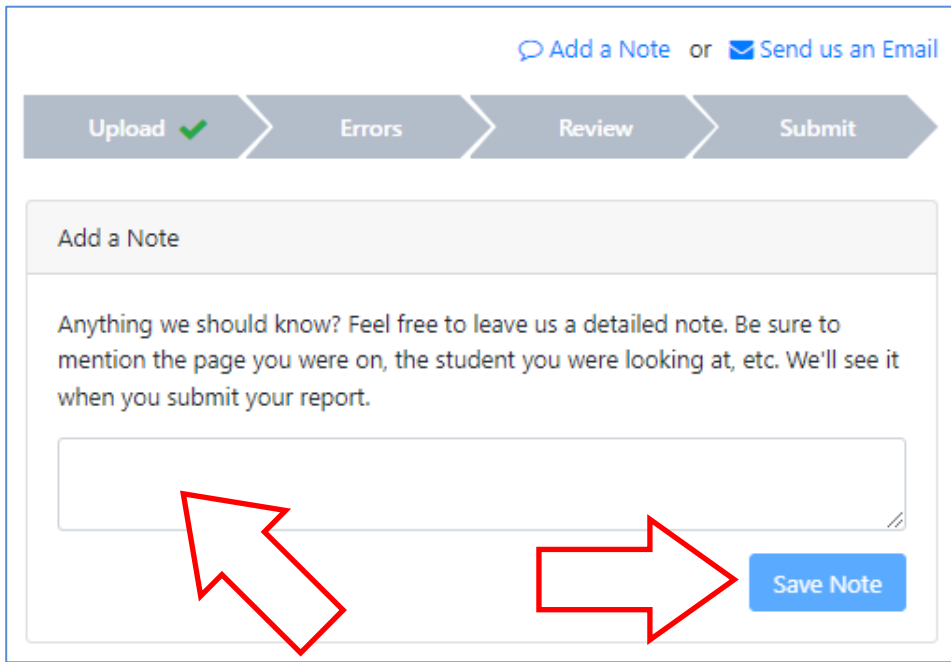

Institutions may add explanatory notes to the URR for WSAC staff to view after the URR has been submitted.

Wherever “Add a Note” is shown (essentially any screen in the URR), Users may now click the button to open a notes screen. Multiple notes may be entered and edited up to the time the URR has been submitted.

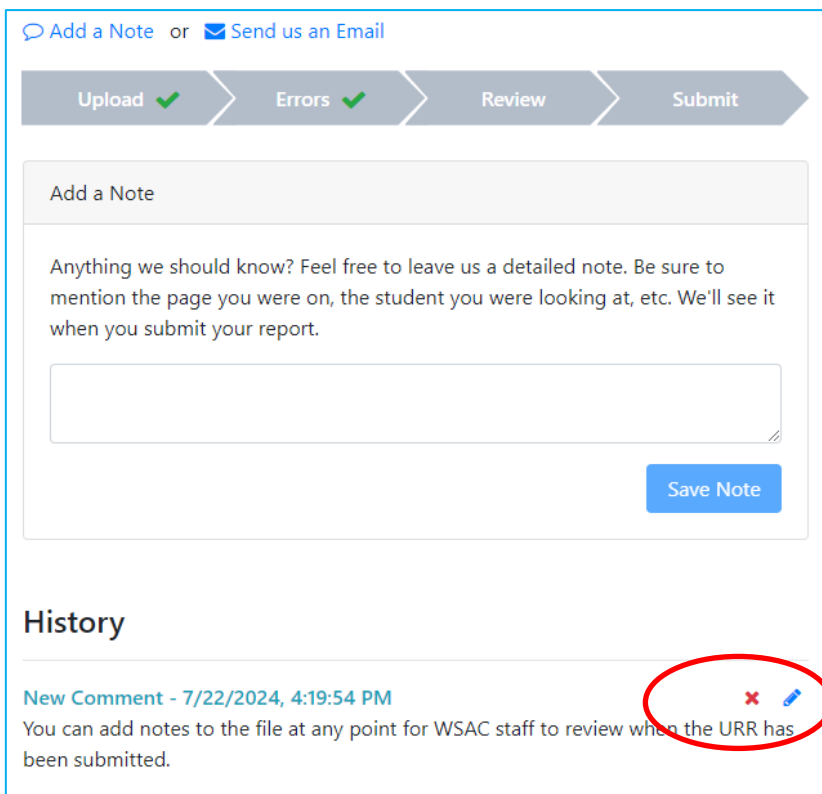

This close-up screenshot shows the top navigation bar. The 'Add a Note' button is highlighted with a red arrow. The progress bar below it shows 'Upload' completed, 'Errors' selected, and 'Review' and 'Submit' pending.

Enter remarks to the comment box, then click “Save Note.” If the Note relates to a specific student record, be sure to include that information to the comment box.

Users can delete or edit their Notes up to the time the URR is submitted by clicking the red “X” to delete or the blue pencil icon to edit the Note. Multiple Users for an institution may add new Notes, however, existing Notes may only be edited and saved by the original writer of the Note.

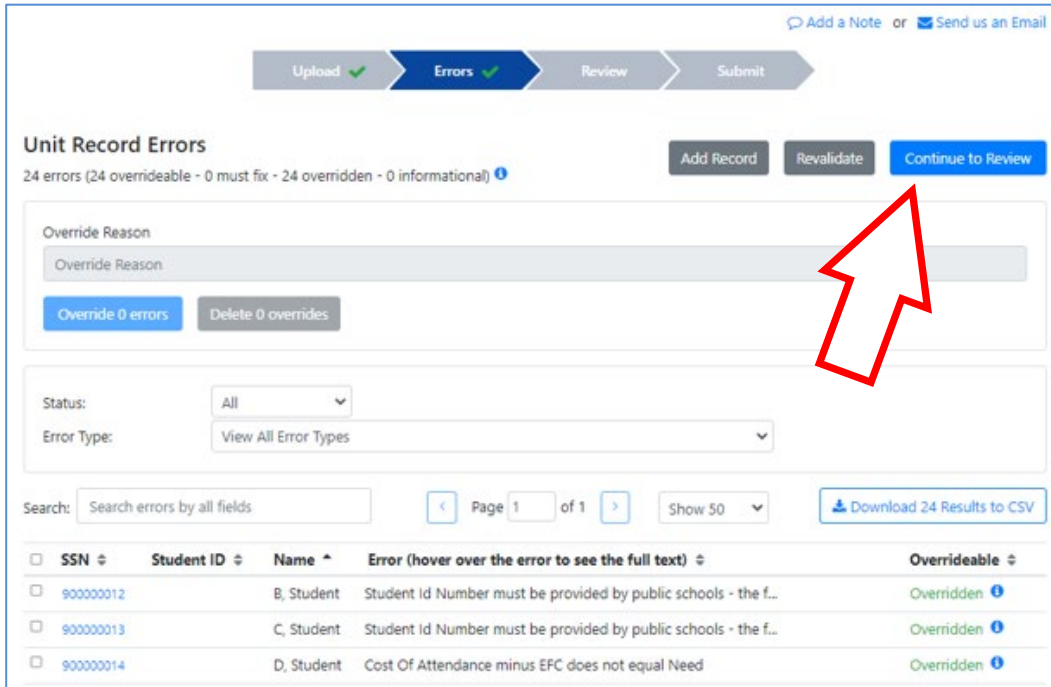

After saving the Note, Users may navigate back to their working screen (Upload, Errors, Review, or Submit) by clicking the Navigation menu tab. Remember that work in each

Navigation tab must be completed before the “Continue” button appears and the User can move the Submit process forward.

### Review and Submit the Unit Record Report

After addressing all Overrideable, Must Fix (Non-Overrideable), and correctable “Informational” errors listed in the Error screens, click the “Continue to Review” button that will appear on the upper right-hand edge of the Error screen.

The next screen will display a copy of the preliminary Program Totals Report. An abbreviated/truncated view of the Preliminary Totals Report is shown on the next page (the report is too long to include a view of all program reporting categories in a single screenshot).

Review the current-year data to determine if any program data are missing or if unusual patterns are present in your Totals comparisons. Please contact WSAC staff to discuss available options if that is the case.

WSAC suggests that institutions download and save a copy of the preliminary report from this screen for their records. A copy of the final report should be downloaded and saved as a comparison when it is released in January. The final Program Totals report released in January does not include data for students who received only non-need-based aid (that is, not one dollar of need-based aid) and no federal loans.

If everything in the Preliminary Totals Report appears reasonable, press the “Confirm Report” button.

Each Differences report is individual to the program. Select the program report you wish to view from the dropdown box. Few differences, if any, are expected at this point due to the auto-addition of WSAC program-related records at Upload and the Error process, but this is a final opportunity to correct any records before URR submission. If differences exist, Users are expected to adjust the records to clear the differences before submitting the report.

Review each individual program report to identify if there are any unresolved differences between the CSAW or other Portal records for Washington College Grant (WCG), College Bound Scholarship (CBS), Passport to College (PTC), and WA Bridge data and the URR.

- “Yes” in the Overridden column confirms differences already addressed through an override request. It may signal student social security number differences (corrections in progress or yet unresolved) or a pending return of funds from the school to balance the student account.
- Differences that need to be addressed show “No” or a blank in the “Overridden” column. Click the “Download differences to csv” button to download a separate file and review unaddressed data errors needing correction or identify missing student records that require addition to the URR.
- To add missing WCG/CBS/PTC/Bridge data for student records that already exist in the URR upload, navigate to the “Search” function in the Pages menu bar to locate and open the student record for adjustment.
- If a student record is missing from the URR entirely, see the section, “Manually Adding Student Records,” for instructions.

If you submit the URR with significant differences, WSAC staff will contact you to resolve any questions about those differences before WSAC finalizes the report.

After completing the Differences Reports review and performing any yet-unaddressed record adjustments, click the “Return to Report Summary” button which will return the User to the “Submit” screen.

Next, click the “Confirm” button if sure that no additional changes need to be made in the URR. Once the URR has been submitted, the institutional User will be unable to re-enter the URR without WSAC URR Team staff assistance.

After clicking the “Confirm” button, the Portal will reprocess the file edits before the URR is submitted to WSAC as final. Newly discovered errors will produce an error message that will redirect the User back to the Errors screen to address any issues. Users must correct the new errors, then move through the Review tab and re-review the WCG/CBS/PTC/Bridge Differences reports before clicking the “I have reviewed the report” and Submit buttons.

After submitting URR data successfully, Users will receive a “Successfully Submitted” screen. WSAC staff will receive confirmation of the URR submission.

Contact the WSAC Unit Record Report team at [unitrecord@wsac.wa.gov](mailto:unitrecord@wsac.wa.gov) if you identify any additional changes necessary to the data after submission.

## [Download of “point-in-time” URR Data File](#)

At the time of submittal, WSAC recommends that the institution download a copy of the final “point-in-time” URR data file for retention in institutional records. The download is a mirror of the URR data as it exists on file at WSAC at the “point-in-time” the download file is generated. It includes all added records, error corrections/edits, and overrides entered. Keeping a copy of the final, edited file at submission for history is recommended.

Ability to download an interim point-in-time file(s) of the URR is not new but the button has been moved to the Upload screen (download of files from the Search screen are no longer full URR data files). The download may be helpful to pull data to create an abbreviated supplemental file to effect “bulk” deletion or editing of multiple records, or if the institution is considering a total deletion of the original file upload but wants to retain all edits made in the file to date before discarding the original file.

The “point-in-time” URR data file may be downloaded at time of Submit, or during active editing of the URR prior to final submit, by navigating to the Upload screen and clicking on the “Download Report” button at the bottom of the screen.

The screenshot shows a progress bar at the top with four steps: 'Upload' (checked), 'Errors', 'Review', and 'Submit'. Below the progress bar, the text 'Successfully Uploaded' is displayed with a green checkmark. There are two buttons: 'Search Students' and 'Add File', and another button 'Add Record'. Below this, it says 'Students reported to date: 1' with an information icon. A table follows with two columns: 'Year in School' and 'Count'. The table data is as follows:

Year in School	Count
Freshman/1st Year	2
Sophomore/2nd Year	2
Junior/3rd Year	2
Senior/4th Year	2
Graduate	1
Other	1
<b>Total</b>	<b>10</b>

At the bottom of the screen, there are three buttons: 'Delete All URR Data', 'Download Report', and 'Continue'. A red arrow points to the 'Download Report' button.

## Reports Available After Submission

From the Submit screen, Users have an opportunity to review and download copies of the “Demographic Report” as well as the Program Totals Report. These reports are available for download for up to four years until the next reporting cycle is added to the year selection dropdown box and the oldest year is removed. The Demographics, Program Totals, WCG/CBS/PTC/Bridge Differences and Profile reports for the fifth year are removed at that time as the year is no longer available from the dropdown options.

**NOTE:** The Profile Reports button is grayed out until those reports are finalized in January. WSAC will announce availability of Profile Reports to institutions when ready for download. Profile Reports remain available on the Portal for download for up to four years.

WSAC recommends that Users retain copies of the Program Totals Report and Demographic Distribution Reports after submitting your final URR. Users may also review previous-year Profile Reports at that time.

**PLEASE NOTE:** WSAC will remove any non-essential, non-need-based data for student records that do not contain at least one dollar of need-based aid from your institution’s records after WSAC has finalized all URRs. This means that, prior to final closure of all URR submissions for the year, your preliminary Institutional Totals Report column for 2023-24 may include some non-need-based aid records that WSAC will remove later. Until WSAC removes all non-essential non-need-based aid from the 2023-24 column, your Program Totals Report could reflect a greater percentage change between 2022-23 and 2023-24 than will appear after WSAC releases the final reports for 2023-24 in January 2025.

## [Updated Profile Reports Available in January 2025](#)

Updated Profile Reports that compare 2023-24 institutional data to aggregate same sector institutions and all institutions in the state will be available in January 2025. Institutions will receive an email announcement when those reports are available.

Prior to January 2025, Profile Reports are downloadable for the three previous years' comparison data. You may download and print those reports as a PDF at any time by selecting the appropriate academic year report from the dropdown box shown of the URR Submit screen.

To the right of the progress bar, there is a dropdown menu for selecting an academic year.
