OVERVIEW

The Unit Record Report (URR) is a student-specific report of financial aid awarded to resident and nonresident students attending Washington institutions that participate in the State Need Grant program. It provides comprehensive information on federal, state, and private/institutional financial aid distributed to need-based financial aid recipients. The report also includes information about federal borrowing for non-need based loan recipients.

UNIT RECORD REPORT HISTORY

The Unit Record Report (URR) was developed in response to 1969 legislation that created the State Need grant program and called for ongoing analysis of student financial aid (RCW 28B.92.050). The first URR was collected in 1972. Every institution that participates in the State Need Grant program is required to complete the URR at the conclusion of each fiscal year.

The Washington Student Achievement Council's authority to collect the Unit Record Report is established in the following statutes:

- RCW 28B.92.040. “. . . (1) The office shall be research oriented, not only at its inception, but continually through its existence. (2) The office shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor. (3) The office shall take the initiative and responsibility . . . to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs...”
- RCW 28B.92.050. “The office shall have the following powers and duties: (1) Conduct a full analysis of student financial aid . . . Such an analysis will be a continuous one and will yield current information relevant to needed improvements in the state program of student financial aid . . . (2) Design a state program of student financial aid based on the data of the study referred to in this section. The state programs will supplement available federal and local aid programs.”

COMPLIANCE WITH FERPA

34 CFR 99.31(a)(3)(iv) authorizes institutions to disclose personally identifiable information on the Unit Record Report without the student's consent. This authority is based on the Council's statutory charge, as cited above, and the need for student-specific information to carry out the administrative and research responsibilities of the Council.

As required by 34 CFR 99.35(a)(1), the Council ensures that use of the Unit Record Report data will not permit identification of students to individuals other than authorized representatives of the Washington Student Achievement Council or other agency officials and that the data will not be used for purposes outside the scope indicated above.

Personal identifiers in the Unit Record Report data will be destroyed when they are no longer needed to serve the purposes for which the data were collected.

UNIT RECORD REPORT USES

Student-level data with term-by-term program-specific financial aid information is needed by the Office to conduct research; design state financial aid programs that complement other existing federal, state, and institutional programs; describe recipient populations; and administer and evaluate state financial aid programs as required by state law. The Unit Record Report is the primary data source used by the Council to comply with these statutory requirements.

Data from the Unit Record Report are used to:

- Conduct longitudinal research with the Education Research & Data Center (ERDC) to examine student characteristics such as academic achievement and education/workforce outcomes for financial aid recipients;
- Analyze the adequacy of financial aid resources available to financially-needy Washington students;
- Describe funding trends and the characteristics of students receiving various types of financial assistance;
- Estimate funding needs and support budget requests for state-funded financial aid programs;
- Estimate the impact of new financial aid programs, changes in program policies, and altered funding levels;
- Contribute to student financial aid policy analysis and program evaluation; and
- Respond to legislative requests for information about student financial aid programs available to Washington students.

The Unit Record Report significantly reduces the number of ad hoc data requests of institutions.

USE OF UNIT RECORD REPORT DATA FOR RESEARCH PURPOSES

The Washington Student Achievement Council has expanded the scope of data uses for the Unit Record Report. Data-sharing requirements were established with House Bill 2261 to answer “critical questions” from various stakeholders and policy makers. This Bill requires the Education Research & Data Center at Office of Financial Management (OFM) to gather P-20 data for public colleges and universities in order to conduct longitudinal data analysis.

Data-sharing agreements have been developed that restrict and prohibit disclosure beyond the terms of the agreement for research purposes. Unit Record Report data for private colleges will not be disclosed to OFM.

CHANGES IN 2012-13 UNIT RECORD REPORT

There are two options for submitting the 2012-13 Unit Record Report:

- Option 1: Submit the Unit Record Report using a new Portal submission process. In addition to an improved tool and edits, there are some changes to the record layout including reporting financial aid amounts received for each of five possible terms. **(Use this manual for this option)**
- Option 2: Submit the Unit Record Report using the Secure Site and the same basic format as was required for the 2011-12 submission. Changes to the data submitting will be very minimal. **(Use the 2012-13 Unit Record Report Manual - Secure Site Submission for this option)**

Fields previously requested but not included in Portal submission:

- *Institution Code*: Portal will determine this from the login
- *Race Data Available*: Portal will determine this based on other data reported
- *Total State Work Study*: Portal will determine the sum of On-Campus and Off-Campus State Work Study
- *Educational Opportunity Grant*: program no longer funded
- *Need Associated Disbursement*: no longer required
- *Disbursement Associated Need*: no longer required
- *Federal Academic Competitiveness Grant Years 1 and 2*: programs no longer funded
- *Federal SMART Grant Years 3 and 4*: programs no longer funded
- *Need-Based Aid Recipient*: Portal will determine this based on the types of aid reported for the student
- *FAFSA on File*: Portal will determine if 10 FAFSA-related fields are completed for the student

Field changes (changes from previous Secure Site compared to new Portal submission):

- *Parent Contribution* (field 26) and *Student Contribution* (field 27) are now combined into one *Expected Family Contribution* (EFC) field.
- Institutional grants and scholarships that previously were reported in four fields (i.e. *Need-Based Tuition & Fee Waivers* (field 41), *Institutional Grants & Scholarships* (field 45), *Institutional Aid Fund Grants & Scholarships* (field 67), and *Non-Need Based Waivers* (field 68)), should now be reported as two aid types:
 - *Need-Based Institutional Gift Aid*
 - *Non-Need Based Institutional Gift Aid*

Field changes (changes for Portal submission – continued):

- All *Other Loans* (field 44) were previously reported together in one field. Loan amounts received should now be reported as four separate aid types:
 - *Institutional Loans*
 - *Conditional Loans*
 - *Private Loans*
 - *Other Loans*

Changes in requirements for 2012-13 Unit Record Report Portal submission:

- *Last Name*: now required for each student
- *Washington State Opportunity Scholarship*: new program with first disbursements in 2012-13
- *College Bound Scholarship*: first disbursements in 2012-13
- *Term Enrollment Statuses*: the coding has changed and is now consistent with the coding used for reporting enrollment statuses to WSAC through the CSAW portal.

Undergraduate Enrollment Status

Undergraduate Enrollment Status	Credits	Scheduled Clock Hours	URR Codes
Not Enrolled			'0' or 'Not enrolled'
Full-Time	12 or more	300 or more	'1' or 'Full time'
Half-Time	6 - 8	150 - 224	'2' or 'Half time'
Three-Quarter	9 - 11	225 - 299	'3' or '3/4 time'
Less Than Half-Time	Less than 6	Less than 150	'5' or '< Half time'

In addition, only one enrollment code ['0' or 'Not Enrolled'] is used to report students who were not enrolled and to report terms that do not apply. (Note: Previously '5' and '9' codes were used to differentiate these two situations.)

Graduate Enrollment Status: Use Institutional Definitions

Graduate Enrollment Status	URR Codes
Not Enrolled	'0' or 'Not enrolled'
Full-Time	'1' or 'Full time'
Half-Time	'2' or 'Half time'
Three-Quarter	'3' or '3/4 time'
Less Than Half-Time	'5' or '< Half time'

GENERAL INSTRUCTIONS

2012-13

UNIT RECORD REPORT

PORTAL SUBMISSION

CHAPTER 1 – GENERAL INSTRUCTIONS

STUDENTS TO BE INCLUDED

1. Need-Based Recipients

One record must be submitted for each student at your institution who received any need-based financial aid. This includes Washington residents and nonresidents. In addition, other aid, including from non-need based aid programs, must be reported for each need-based recipient. All data for need-based recipients will go through a series of edits to help insure accuracy of reported data.

Appendix B identifies the financial programs and aid types Washington Student Achievement Council considers as need-based for the Unit Record Report. They are further differentiated by whether 2012-13 Free Application for Federal Student Aid (FAFSA) data are required to be submitted:

- **Need-Based Recipients (FAFSA required)** - Complete 2012-13 FAFSA data must be reported for all students receiving any aid shown in Appendix B as “Need-Based Recipients (FAFSA required).”
- **Need-Based Recipients** - For students receiving aid from programs shown in Appendix B as “Need-Based Recipients,” most will have 2012-13 FAFSA data, and if available, all FAFSA related fields must be reported.

2. Non-Need Based Federal Loan Recipients

One record must also be submitted for each student at your institution who received “Non-Need Based Federal Loan” assistance (i.e. Federal Direct Unsubsidized Loans, Federal Parent PLUS Loans, and Federal Grad PLUS Loans).

FAFSA data and other non-need based program data does not need to be submitted for non-need based federal loan recipients not receiving need-based financial aid. Unnecessary data will be deleted from student records.

REPORTING PERIOD

Report financial aid disbursed during the 2012-13 academic year. For need-based recipients this will include all academic and summer terms for which 2012-13 FAFSA data was used. Aid reported may include summer 2012 funding and/or summer 2013 funding. Specific information on which summer aid terms should be reported is included in chapter 2.

REPORT CURRENT INFORMATION

Unless specific instructions say otherwise, report the most current information on file. If adjustments were made in the needs analysis, or if a change in the student’s status occurred during the year, report the latest information available from your system.

REPORTING APPLICATION

Data will be collected through the Secure Portal. This program allows each institution to enter and edit data before submitting the final report to the Washington Student Achievement Council. The application is available at <https://fortress.wa.gov/wsac/portal/>. Information on the application requirements is provided in Chapter 3 and edit information is included in Chapter 4.

Entering and editing data are an institutional responsibility. Washington Student Achievement Council staff will provide technical assistance as needed to any school experiencing problems with the application.

Every attempt is made by the Washington Student Achievement Council to ensure the accuracy of Unit Record Report data. Council staff should be notified if an institution anticipates or identifies any errors after the report has been submitted. Data can be corrected if necessary.

GENERAL FILE AND DATA FORMATS

- Data files must be in CSV format. A sample CSV file with required header labels is available by contacting unitrecord@wsac.wa.gov
- All term financial aid fields are numeric. Refer to Chapter 2 and Appendix C for valid inputs for each field.
- Negative numbers are only allowed in the Family Income field **for need-based aid recipients with FAFSA data reported.**

UPLOADING THE CSV FILE

When uploading your CSV file, please know that there can be no spaces in the header row descriptions (e.g. Last Name will need to appear in the header row as **LastName**).

If a CSV file is not correctly formatted and/or does not contain all expected data elements, it will fail the upload. In this case, information will be provided by the system to assist in fixing any errors or omission in the upload process.

Once a file uploads correctly, all records will go through an edit process.

PROFILE REPORTS

Profile reports provide descriptive and summary statistics by sector and by institution for students who received need-based aid. These data are compiled for state financial aid programs and are made available upon request to financial aid administrators.

UNIT RECORD REPORT

PORTAL SUBMISSION

CHAPTER 2 – DATA DEFINITIONS

BEFORE YOU BEGIN...

Please review Appendix C (File Format) in order to minimize errors during the submission process. The order of presentation in this chapter generally follows the order of the File Format. The File Format also indicates those items that are required for all recipients, those required for FAFSA filers and optional reporting items. The box that follows shows the items required for all recipients reported:

Required Reporting Fields for All Recipients

- SSN (social security number)
- Last Name
- Is State Resident
- Year In School
- Enrollment Status (for all five terms)
- Financial Aid Received (for all five terms for all programs reported).

Note: For students who received only non-need based federal loan assistance through Federal Direct Unsubsidized Loans, Federal Parent PLUS Loans, and Federal Grad PLUS Loans, the above fields are the only required **personal and demographic** fields to report.

Additional information, however, is required to be submitted for need-based aid recipients with FAFSA data reported..

STUDENT’S SSN, ID AND NAME

SSN The student’s nine-digit **Social Security Number** must be included. Do not use spaces. Hyphens, however, may be used. Duplicate social security numbers are not allowed. Only one record per student is allowed.

Is State Resident **Public Institutions:** A "Washington resident" is defined as any student classified by the institution as a Washington resident for fee-paying purposes (RCW 28B.15.011-013).

Private Institutions: A "Washington resident" is defined as a student who meets the residency requirements for the purposes of the State Need Grant program. If the determination of residency has not been made for state-funded financial aid programs, the student's permanent mailing address may be used for determining residency on the Unit Record.

Report one of the following codes:

Washington Resident: 'y' or 'true'
Nonresident: 'n' or 'false'

Year In School Report the student's status as of the beginning of the term for which the last financial aid was disbursed for the 2012-13 URR year. This is from the institution's official records and may not match what the student reported on the FAFSA.

Example 1: Student was classified as a sophomore in the fall term and received a disbursement. After the fall term, the student's classification changed to that of a junior. The student was classified as a junior at the final disbursement. This student should be reported as a '3' or 'junior/3rd year'.

Example 2: Student was classified as a freshman at the beginning of the last term for which a 2012-13 disbursement was made. After this term was completed, the student had earned enough credits to enroll as a sophomore for the next term. This student should be reported as a '1' or 'freshman/1st year'.

Report one of the following codes:

'1' or 'Freshman/1st Year' – Matriculated students with 0-44 quarter or 0-29 semester credit hours; or first-year students at vocational-technical or proprietary schools.

'2' or 'Sophomore/2nd Year' – Matriculated students with 45-89 quarter or 30-59 semester credit hours **enrolled in four-year degree programs; or 45 or more quarter hours for students at CTCs enrolled in two-year degree programs;** or second-year students at vocational-technical or proprietary schools.

'6' or 'Graduate' – Students who hold a baccalaureate degree and are enrolled in a program leading to a graduate degree (master's or doctoral).

'7' or 'Professional' – A student enrolled in any of the following degree programs: Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B. or J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), or Veterinary Medicine (D.V.M.).

'8' or 'Other' – Non-degree, non-matriculated, high school completion, or other students who cannot be classified as any of the above.

RACE/ETHNICITY

The race and ethnicity categories in the Unit Record Report reflect the U.S. Census Bureau data format adopted by the state's Office of Financial Management (OFM).

Hispanic origin is the only "ethnic" category to be reported in the Unit Record Report. The "race" categories in Unit Record Report include: American Indian, Asian, Black or African American, Native Hawaiian or Pacific Islander, and White. Any other race information should be reported in the "Other Race" field. Two or more races may be reported.

If race or ethnicity information is unknown these fields may be left blank.

Leave blank if not reported or unknown

FAFSA AND NEED-RELATED FIELDS

The following fields are required of 2012-13 FAFSA filers **who are need-based aid recipients**.

1. **Gender**
2. **Marital Status**
3. **Is Dependent**
4. **Family Size**
5. **Number in College**
6. **Family Income**
7. **Expected Family Contribution (EFC)**
8. **Cost of Attendance (COA)**
9. **Need Duration**
10. **Need Amount**

If the financial aid administrator made any adjustments (e.g. due to verification, updates from the student or professional judgment decisions) the revised information should be reported.

Example 1: The student filed the FAFSA as a dependent student. The financial aid administrator later documented a professional judgment decision that changed the student's dependency status to independent. In this case, the student should be reported as "independent."

Example 2: The student's family income for 2011 reported on the FAFSA was \$82,000. The student and parents petitioned to the financial aid office that the family income would be \$55,000 for 2012 due to a lengthy period of unemployment. The adjusted income was approved and used to determine eligibility. In this case \$55,000 would be reported as the family income.

If FAFSA data are **not** available, the above ten fields **may** be left blank. Do not report zeros '0' for any numerical fields if FAFSA data are not available. **In addition, FAFSA data does not need to be reported for non-need based federal loan recipients who did not receive need-based financial aid. Unnecessary data will be deleted from URR data of non-need based aid recipients.**

Is Dependent

Report one the following codes:

Dependent: 'y' or 'true'
Independent: 'n' or 'false'

Family Size

The number of members in the student's household, including the student, as the Family Size.

For Dependent Student: Include the student, parents, siblings, and other dependents used in the needs analysis calculation. This number must be at least 2.

For Independent Student: Include the student, the student's spouse if applicable, dependent children and any other persons used in the needs analysis calculation. This number must be at least 1.

Number in College

The number of family members, including the student, expected to be enrolled in college at least half-time between July 1, 2012 and June 30, 2013 in programs of study leading to college degrees or certificates. For dependent student filers, this should not include the student's parents unless a professional judgment decision was made. This number must be at least 1.

Family Income

The family income used in computing the student's financial need. For most students, the family income will be for the 2011 calendar year reported on the 2012-13 FAFSA.

Only include integers and do not include dollar (\$) signs. For any negative amounts, include a negative sign (-). For example, a negative family income of -\$9,875 would be reported as: '-9875.'

For Dependent Student: Parent(s)'s taxable and non-taxable income. Do not include the student's income.

For Independent Student: Student's and/or spouse's taxable and non-taxable income.

Information reported in the four fields that follow may be reported based on the information available at the time of the recipient's first financial aid disbursement during the 2012-13 year.

- **Expected Family Contribution**
- **Cost of Attendance**
- **Need Duration**
- **Need Amount**

Many students will receive financial aid throughout the year with no changes made to the school's record for these fields. However, if changes are made in a school's data record, it is important for the data to be as accurate as possible. The following examples may be of assistance.

Example 1 Student is expected to enroll for a nine-month academic year. All four fields should be reported on this basis.

Example 2 Student was originally expected to enroll for a nine-month academic year. The student, however, did not return to school after the fall term. In this case the school may decide either to:

A. Not make any changes to these four fields. However, enrollment status and financial aid disbursement amounts must be reported accurately for all terms

or

B. Adjust all four fields in order to report information about the term the student was actually enrolled.

Example 3 The student originally planned to enroll for winter and spring quarters. The school reports the **Need Duration** as '6', and adjusts the other three fields to reflect this period of enrollment

Expected Family Contribution

This will usually be the Federal Methodology calculation produced by the U.S. Department of Education based on the 2012-13 FAFSA. If a financial aid administrator has made a professional judgment decision to adjust the EFC the adjusted EFC amount should be reported. This should reflect the number of months reported in the **Need Duration**.

For Dependent Students: The expected family contribution is based on the information reported by the student and the student's parent(s) on the FAFSA.

For Independent Students: The expected family contribution is based on the information reported by the student, and the student's spouse, if applicable, on the FAFSA.

Cost of Attendance

The estimated student budget upon which the **Need Amount** was calculated. Include tuition, fees, books and supplies, living, personal and transportation expenses. The **Cost of Attendance** should reflect the number of months reported in the **Need Duration**.

Need Duration

The number of months for which the **Need Amount** was calculated and the **Cost of Attendance** was determined. For example, if a student's need amount and cost of attendance were based on 9 months, the figure '9' would be reported.

The **Need Duration** should be reported as integers from 1-12.

Need Amount

The amount of need used to determine the student's eligibility. This should equal the **Cost of Attendance** minus the **Expected Family Contribution (EFC)**.

The value of **Need Amount** should be in the range of 0-\$99,999 for need-based FAFSA filers.

REPORTING TERM ENROLLMENT AND FINANCIAL AID FOR FIVE TERMS

Enrollment and financial aid received must be reported on a term-by-term basis. When preparing your CSV file, follow the sample file format which replaces the word ‘Term’ with ‘Summer 1’, ‘Fall’, etc. for all fields for all five terms.

Summer 1
Fall
Winter
Spring
Summer 2

Term enrollment and financial aid should be reported for all terms or time periods for which students received aid based upon the 2012-13 FAFSA. For some schools, this may cover the time period of July 2012 – June 2013. For others, it may more closely represent the dates of August 2012 – July 2013. It will not in most cases exceed 12 months. If you are reporting assistance for students who did not submit a FAFSA, use the same time period for these students as you use for FAFSA filers.

Institutions that do not offer financial aid during any above mentioned term(s) should report ‘0’ for each aid field for those terms.

For any aid disbursed based on the 2013-14 FAFSA, that assistance will be reported on the 2013-14 Unit Record Report.

Quarter and Semester Term Schools

Quarter schools will use fall, winter, spring, and appropriate summer terms for the reporting of financial aid recipients.

Semester schools will normally use fall, spring, and appropriate summer terms for the reporting of financial aid recipients. In most cases they will indicate ‘0’ financial aid for the winter term. If there was specific grant, scholarship or loan assistance disbursed to the student for the short period between the fall and spring semester, report as winter, fall, or spring term financial aid based on school reporting preferences.

Each school with a summer enrollment period (typically between May and August) should report summer aid disbursements as a “leader” school or as a “trailer” school based on federal program rules. Schools should report financial aid disbursed under “leader” rules as ‘Summer 1’ assistance. Schools should report financial aid disbursed under “trailer” rules as ‘Summer 2’ assistance. If a school has more than one summer term during the same summer, financial aid and term enrollment status should be combined and reported as a single summer term.

Example 1: A student at a “trailer” school received financial aid for two short summer sessions in 2013, based on the 2012-13 FAFSA. The student received financial aid for 6 credits the first summer session (mid May – late June) and received financial aid for another 6 credits the second summer session (early July – mid August). Report all aid as ‘Summer 2’ with the student’s enrollment status as full-time. ‘Summer 1’ enrollment and all financial aid fields will be ‘0.’

Example 2: A student at a “leader” school received financial aid for the summer 2012 term based on the 2012-13 FAFSA. When this URR was being submitted, the student also received financial aid for the summer 2013 term (based on a 2013-14 FAFSA). Report aid received during the summer of 2012 as ‘Summer 1’. Report ‘Summer 2’ enrollment status and corresponding financial aid fields as ‘0.’ (Note, in this case the 2013 summer enrollment and aid received will be reported on the 2013-14 Unit Record Report.)

Combination of leader and trailer awards: If your school awarded some programs under leader rules and other programs under trailer rules, leader awards should be reported in Summer 1 and trailer awards should be reported in Summer 2.

Continuous Enrollment Credit Hour Schools and Clock-Hour Schools

Some clock-hour schools do not divide their school year into academic terms. These schools should report each student’s enrollment status and financial aid received in each of the five time periods. Each term should represent approximately 10 weeks. The reporting periods should be based on when the majority of enrollment occurred.

The terms and dates reported should be consistent with the information reported in the CSAW portal during the 2012-13 year.

Approximate Term Date Ranges for Clock-Hour Schools

Term	From:	To:
Summer 1	Beginning of July 2012	First Half of September 2012
Fall	First Half of September 2012	Last Half of November 2012
Winter	Last Half of November 2012	First Half of February 2013
Spring	First Half of February 2013	Last Half of April 2013
Summer 2	Last Half of April 2013	End of June 2013

Term Enrollment Status

Enrollment should be reported based upon the student's status or scheduled clock hours at the time financial aid was disbursed or a fixed date such as the tenth day of enrollment.

Undergraduate Enrollment Status: Use the following table for reporting enrollment status by number of undergraduate credits or scheduled clock hours per term.

Undergraduate Enrollment Status	Credits	Scheduled Clock Hours	URR Codes
Not Enrolled			'0' or 'Not enrolled'
Full-Time	12 or more	300 or more	'1' or 'Full time'
Half-Time	6 - 8	150 - 224	'2' or 'Half time'
Three-Quarter	9 - 11	225 - 299	'3' or '3/4 time'
Less Than Half-Time	Less than 6	Less than 150	'5' or '< Half time'

Graduate Student Enrollment Status: Use the following table for reporting enrollment status based on the institution's definition of enrollment status.

Graduate Enrollment Status	URR Codes
Not Enrolled	'0' or 'Not enrolled'
Full-Time	'1' or 'Full time'
Half-Time	'2' or 'Half time'
Three-Quarter	'3' or '3/4 time'
Less Than Half-Time	'5' or '< Half time'

REPORTING OF FINANCIAL AID RECEIVED

Use whole dollar amounts (no decimals and no dollar signs (\$)) when reporting financial aid disbursements or funds received.

Only report each aid type as one aid program. If there are two or more possible programs to report in, choose one aid program or contact unitrecord@wsac.wa.gov for assistance.

For each aid program that follows, five terms are to be reported. Indicate '0' for all terms that a student did not receive specified aid. Do not leave any fields blank.

FEDERAL AID PROGRAMS

Federal Pell Grant

The amount of Pell Grant funds received by the student.

Federal SEOG

The amount of Federal SEOG funds received by the student. Include federal and institutional match.

Federal TEACH Grant

The amount of Federal TEACH Grant funds received by the student.

Federal Nursing Scholarships

Federal grants received by nurses. Nurses Conditional Scholarships should be reported as Conditional Loans.

Federal Work Study

The student's gross Federal Work Study compensation. Include federal, employer, and institutional shares and include all employers, both on and off campus. For schools reporting fall and spring semesters, include any earnings received between the terms with either the fall or spring terms. Do not report this aid type as winter term aid.

Note: Two Options for Reporting Work-Study Earnings

Actual Term Earnings - Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester college may report all earnings from September – December as fall term aid, and earnings from January – May as spring term aid (with '0' reported for winter aid). Quarter colleges may report September – December earnings for fall term, January - March earnings for winter term, and April – June earnings for spring term.

Average Term Earnings - Colleges may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half time or higher. For example, if a student received \$3,261 in earning at a semester college over the course of an academic year, that could be reported as \$1,631 fall earnings and \$1,630 spring term earnings.

Federal Perkins Loan

The amount of Federal Perkins Loan funds received by the student.

Federal Nursing Health Loans

The amount of Federal Nursing Student Loan and Health Professions Student Loan funds received by the student.

Federal Direct Subsidized Loans

The total gross amount borrowed by the student, including fees, from the Federal Direct Subsidized Loan program. Note this amount may not be the amount requested on the application form. This program may also be called the Federal Stafford Subsidized Loan.

Federal Direct Unsubsidized Loans

The total gross amount borrowed by the student, including fees, from the Federal Direct Unsubsidized Loan program. Note this amount may not be the amount requested on the application form. This program may also be called the Federal Stafford Unsubsidized Loan.

Federal Parent PLUS Loans

The total gross amount borrowed by the student's parent(s), including fees, from the Federal Parent PLUS Loan program. Note this amount may not be the amount requested on the application form.

Federal Grad PLUS Loans

The total gross amount borrowed, including fees, from the Federal Grad PLUS Loan program. Note this amount may not be the amount requested on the application form.

STATE AID PROGRAMS

State Need Grant

The amount of State Need Grant funds received by the student. The amount reported should normally be the same amount reported on the Final Interim Report.

College Bound Scholarship

The amount of College Bound Scholarship funds received by the student. The amount reported should normally be the same amount reported on the Final Interim Report.

Passport to College Scholarship

The amount of Passport to College Scholarship funds received by the student.

GET Ready for Math & Science

The amount of GET Ready for Math & Science scholarship funds received by the student.

Opportunity Scholarship

The amount of Opportunity Scholarship funds received by the student. This program may also be called the Washington State Opportunity Scholarship administered by the College Success Foundation.

SBCTC Opportunity Grant

The amount of State Board for Community and Technical College (SBCTC) Opportunity Grant funds received by the student. Note this grant is only available to students attending community, technical, and select private career colleges.

Other State Funded Gift Assistance

The amount of other state scholarships and grants received by the student (e.g. **Early Achievers Opportunity Grants**, GEAR UP, Washington Scholars, WAVE, and/or the American Indian Endowed Scholarship), that are not included in another state aid category.

On-Campus State Work Study

The student's gross on-campus State Work Study compensation. Include state and institutional share.

For schools reporting fall and spring semesters, include any earnings received between the terms with either the fall or spring terms. Do not report this aid type as winter term aid.

Note: Two Options for Reporting Earnings

Actual Term Earnings - Institutions may report actual gross term earnings based upon monthly cutoff dates or institutional payroll dates. For example, a semester college may report all earnings from September – December as fall term aid, and earnings from January – May as spring term aid (with '0' reported for winter aid). Quarter colleges may report September – December earnings for fall term, January – March earnings for winter term, and April – June earnings for spring term.

Average Term Earnings - Colleges may report average gross term earnings over the academic year for all terms for which the student had an Enrollment Status of half time or higher. For example, if a student received \$3,261 in earning at a semester college over the course of an academic year, that could be reported as \$1,631 fall earnings and \$1,630 spring term earnings.

Off-Campus State Work Study

The student's gross off-campus State Work Study compensation. Include state and off campus employer share.

For schools reporting fall and spring semesters include any earnings received between the terms with either the fall or spring terms. Do not report this aid type as winter term aid.

Note: The same two options for reporting earnings (see above section) are available.

If the institution acts as the employer of record and the student works off campus, it is preferable for earnings to be reported as off-campus State Work Study. If accounting constraints do not permit earnings to be recorded as off-campus, the earnings may be reported as on-campus State Work Study.

WorkForce Training Funds

The amount of WorkForce Training Program (Worker Retraining) funds received by the student. Also include Work-Based Learning Tuition Assistance Funds.

INSTITUTIONAL AID PROGRAMS

Need-Based Institutional Gift Aid

Report the total amount of all institutional grants, scholarships and/or waivers awarded solely or partially on the basis of need based on a review of the 2012-13 FAFSA.

Institutional scholarships, grants and waivers awarded only on the basis of merit or other non-need based criteria should be reported as Non-Need Based Institutional Gift Aid.

Non-Need Based Institutional Gift Aid

Report the total amount of institutional scholarships, grants and/or waivers received by the student not based on a review of the 2012-13 FAFSA.

Institutional grants, scholarships and waivers awarded solely or partially on the basis need determined by a review of a 2012-13 FAFSA should be reported as Need-Based Institutional Gift Aid.

Institutional Employment

Report the student's gross non-work study institutional employment earnings (on- or off-campus) if the employment was included as part of the student's financial aid package.

Also include WorkFirst work study and any amounts from the institutional aid fund distributed as institutional employment.

Do not include work study earnings reported as Federal Work Study or State Work Study On-Campus or Off-Campus.

For schools reporting fall and spring semesters include any earnings between the terms with either the fall or spring terms. Do not report this aid as winter term aid.

Institutional Loans

Include all institutional loans disbursed to the students. Do not include "short term" or "emergency" loans generally paid within a few months. Institutional loans could include conditional loan criteria.

OTHER FINANCIAL AID PROGRAMS

Conditional Loans

Scholarships, grants or loans that have the potential for loan repayment and are not reported elsewhere. Include Future Teachers Conditional Scholarships, Health Professional Loan Repayment and Scholarship program and other conditional scholarship/loans.

Private Loans

Include PREP loans, community foundation loans and all other private loans not reported elsewhere.

Other Agency Assistance

Total amount of scholarships and grants received from other agencies or government sources not reported elsewhere.

Include: Department of Labor and Industries, Services for the Blind, Workforce Investment Act, Vocational Rehabilitation, AmeriCorps Education Award, Bureau of Indian Affairs (BIA), and Reserve Officers' Training Corps (ROTC)
