The section and page number within the section we are discussing is circled in red in the left green menu and top green bar.
**Family Size Information**

On *Student's Family Information* answer all questions as they relate to **only the student** and who the student financially supports. “Student’s Household Number of Family Members” should only count dependents the student financially supports by themselves. Same for number in college.

**Example:** If a student is unmarried with no children of their own, and is not financially responsible for anyone else, the student’s household number is 1, and the student’s number in college is 1. Other family members, such as parents and siblings, will be captured in the Parent’s section.

| Student's Household Number in College | 1 | Indicate the number of people in your (and, if applicable, your spouse’s) household who will be college students between July 1, 2019 and June 30, 2020. Always count yourself as a college student. You may include others only if they will attend a college, university, institution, or technical school, at least half-time in 2019-2020, for a program that leads to a college degree or certificate. |
On Residency Information answer all the residency questions carefully and accurately.

In this section you are certifying the answers to: “Washington Residency Certification – (WA High School Graduate)” and “Certification Regarding Permanent Residency Application and Related Responsibilities”. Please read the descriptions carefully.
On Dependency Determination answer all the residency questions carefully and accurately.

This section determines if you are considered a “dependent” student or an “independent” student. Please read the descriptions carefully. Answering “Yes” to any of these questions will mark you as an “independent” student and you will not be asked to enter any parent information or require a parent signature.
On Student Income & Tax Data, answer all questions as they relate to only the student, including additional income and federal benefits. If the family receives food assistance or other assistance, those numbers will be captured in the parent section of the application.
For **Parent Information** answer all questions as they relate to the parent/s and all the people they are responsible for supporting.

**Example:** If a student has 2 siblings also in college, parent has never been married, the parent household number is 4, and the parent number in college is 3.
Parent Information – No Parent SSN

If your parent/s do not have a Social Security Number enter all zeroes.

IMPORTANT:
Parent/s do not need a Social Security Number for their child to apply for financial aid.
For Parent Information answer all questions as they relate to the parent/s. If the family receives federal benefits such as Medicaid, SSI, food assistance, free or reduced price school lunch or any other assistance, those numbers will be captured on this page under the Parents’ 2017 or 2018 Federal Benefits Information.
School Selection

Select the schools you are considering attending, even if you haven’t applied or been accepted. You may choose up to 10 schools. This will allow you to get your financial aid application submitted to assist in meeting any financial aid priority deadlines schools might have in place.

If you don’t know what your housing plan will be, select “On Campus”. If you change your mind later, let the financial aid office know.

Invite your parent to sign your application
Once you complete the electronic signature section, you will be redirected to the WASFA home site. If you are an independent student your application is complete and will be sent to your prospective schools. You will not receive an email confirmation.

If you are a dependent student, you will need to invite your parents to electronically sign your application. To invite a parent click on the 

button in the Actions column that is highlighted to the right.
Once you click on the “invite a parent to sign an application” button in the Actions column, it will bring up your parent choices. Choose only one parent and make sure their email address is correct. If necessary, correct or update the email address, then click on the Save and Continue button.

**IMPORTANT:**

The parent email address cannot be the same email address the student used to create the account, and the parent must use this email address to create their parent account to be able to sign and submit the student’s application.
Once you click on the **Save and Continue** button, it will ask to confirm your parent selection. Check the box confirming your parent selection, make sure the email address is correct, and click on the **Generate Portal Access and E-Signature Email**.
Once you select the Generate Portal Access and E-Signature Email, it will redirect you back to the WASFA home page where it will still say your application is “Incomplete-Parent Signature Pending”.

You now can log out of your account. Your parent will receive an email with a link to create their own account and to electronically sign your application. This link expires in 72 hours. If your link has expired, log back in to your student account and send a new invitation. Once your parent has electronically signed your application, your application will say completed.
The parent you selected will receive an email like the one below. The parent needs to click on the words **Parent Portal** to bring them to the Parent Portal. Here they will create their own account using the same email address the Parent Portal link was sent to. The link is only valid for **72 hours**.

**IMPORTANT:**

If the parent link has expired, or the parent didn’t receive the email, the student needs to log in to the WASFA home page and re-invite their parent. Make sure the correct email address is entered.
Once the parent clicks on the Parent Portal link in the email, it will bring them to this page to create an account. Their email address will already be pre-filled in the box.

Please find a safe place to secure your password and answer to the secret question. Click on Continue once you have filled out all the requested information.
After the parent clicks on **Continue**, the parent will need to enter their birthdate and last 4 digits of Social Security Number, or four zeroes if no SSN, to verify their identity. The parent will then be prompted to enter the student’s birthdate. Click **Register** to continue.
The WASFA application home page will display any applications that are pending the parent’s signature. Click on the “Sign an application” icon to open the application.
